-- An entire family of six persons was murdered and the bodies of all but one of the victims were burned with their home at Hurley, Buchanan county, Va., last Wednesday. The motive was evidently robbery as the owner of the house, an aged woman known as "Aunt Betty" Justice, was generally supposed to keep a large sum of money about the place. Mrs. Justice, her son-in-law, George Meadows, his but if it had not been for that little old wife and their three children were the victims. Meadows' mutilated body was found this morning lying in the yard of his destroyed home, the funeral pyre of his loved ones. Two bullet holes through the body and a ghastly wound in the neck, which almost severed the head from his body, gave the discoverers their first evidence of the extent of the tragedy. A search of the ruins of the house disclosed a sickening spectacle. The blackened masses of half burned flesh and charred bones of the two women and the three chil-dren were found beneath the debris, der woman's skull was upturned some distance from the remainder of her half burned body amid the smouldering ruins. His parents were natives of Sweden. His father, Gustav Johnson, and his mother, Caroline Hanson Haden, were both peasant stock. Gustav Johnson was blacksmith and for a number of years near St. Peter. On this farm the fu-ture governor was born. About the time of the Indian troubles in that what it is talking about we have no neighborhood during the civil war the Johnsons moved to the village of St. Peter, where the father re-established his shop, but he failed to prosper in the town and finally died, leaving his family in poverty. John worked in stores and supported his mother and in the meantime formed the reading habit and managed to obtain a good education. Finally, an opportunity opened for him to become editor and part owner of the St. Peter Herald. His paper was popular and he was also in demand as a speaker at public meetings. His first venture in poli-tics resulted in a defeat for state senator in 1894, just after he had married Miss Elinore M. Preston, a teacher. In 1898 he was again nominated by the mocrats for the senate and was elected. Here he enhanced his reputation as a public speaker and a stu-dent of political questions, but made whose life they have a right to resome enemies in his own party when the Philippines and the conduct of the national administration. well.

While engaged in clearing out the seed from under the breast of the gin, his shirt sleeve caught and his arm was drawn on the saws and his arm was drawn on the saws and his arm was drawn on the saws and terribly mangled. Two fingers were torn off, the thumb almost severed, and the arm so lacerated as to require amputation near the shoulder. His condition was very critical that night, as the result of shock, loss of blood and the operation; but he is rallying nicely and is doing as well as could reasonably be expected. This accident was most unfortunate as Mr. Berry had only recently put in another gin, added a shingle saw to his outfit, and was well prepared to work for the public.

The Broad River Township Sunday School convention at the A. R. P. church yesterday, was fairly well attended. While a number of the speakers on the programme were not present
