

Scraps and Facts.

While on a drunken spree in Boston on Sunday night of last week, John Sullivan of No. 2 Lawrence court, wandered about the British street lamp...

The Yorkville Enquirer.

Entered at the Postoffice in Yorkville as Mail Matter of the Second Class.

YORKVILLE, S. C.

TUESDAY, OCTOBER 25, 1910.

Nobody has a definite idea as to the capacities of York county land.

Fertilizer rates over the railroads have been reduced, yet the price of fertilizer is higher to consumers.

There is a growing idea that if Roosevelt ever becomes president again, he will hold on as Diaz held on to Mexico.

Pennsylvania and New York send their grafters and bribers to prison. South Carolina makes them divide the swag and lets them go.

Attorney General Wickham has ordered an investigation of alleged multi-millionaire milk trust. A case of looking for wasted stock.

The president's private secretary has advised the Spartansburg people that the president will be in too big a hurry on his Panama trip to stop in Spartansburg.

Mr. Roosevelt killed wild animals by hundreds in Africa, but it looks like a sure thing that he will fail to bag the Tammany Tiger in New York on November 8.

It does not speak well for the work of the constitutional convention of 1895, that the constitution framed by it should require many amendments in such a short time.

Clarence Poe's globe trotting letters in the Progressive Farmer are coming well up to the high standard set by his previous series under the caption, "A Southerner in Europe."

Most of the newspapers seem to be agreed that Walter Wellman is right smart of a bluffer. Very few believe that there was a reasonable possibility for the success of the trip abroad.

South Carolina is going to make good profits this year out of what she saves in her cotton crop. There is a hereafter will keep for his own use a complete list of the names of the borrowers in his district from which lists will be sent to the treasury department for summarizing.

The Republicans of Ohio are building great hopes on defeating Governor Harmon on November 8, but the Democrats are confident that the Democratic ticket will give the G. O. P. elephant a stinging kick and a "see-haw."

As to whether York county generally is in better shape this fall than last fall, we do not know; but we have little doubt of the fact that the farmers as a whole are in better shape than they have ever been in.

Two weeks more and the question as to whether the new house will be decided. We would like to see the Democrats in control one more time; but we confess that we are not especially sanguine about the matter.

Mayor Osaka of Tokyo, Japan, is visiting the United States and is alleged to be seeking a "model municipality." He can find all kinds of "models" in this country.

Just as we have been expecting, the Portuguese republic is meeting with trouble at the hands of the few remnants of soldiers who made the overthrow of the monarch possible. These soldiers think that because they are the means of setting up the republic they should be the whole thing, and the schemers who used the soldiers for the promotion of their own ends, are now sorry perplexed as to just how to manage. It has always worked thus and thus, no doubt, it will always work thus.

Well, well, the "State Fair" so-called, is due next week and thousands of people will crowd into Columbia to see the merry-go-round, the camel race and the pop corn man. Some men are looking for some place as may be overlooked by the hotels and boarding houses. By way, South Carolina could really have a fair if a little effort were made in that direction; but the institution will have to be pitched along somewhat different lines than have been followed heretofore.

Democratic politicians claim that Mr. Roosevelt is helping them and the Republican politicians claim that the damage that Roosevelt is doing is being offset by the speeches of Mr. Bryan. Mr. Roosevelt is being referred to as the Bryan of the west. We are not inclined to doubt that both Roosevelt and Bryan are great factors in the political situation, both in the east and the west; but to what extent either is positive or negative is difficult to figure out.

Colonel Roosevelt told the people of Massachusetts the other day that if they should fail to re-elect Mr. Lodge to the senate, it would be a calamity to the nation. That has an alarming sound; but we doubt whether anybody is frightened by it. Some men are not so much frightened by other men and no doubt Senator Lodge is a good man in his place; better perhaps than any other man in Massachusetts; but time and time again we have seen the

LOCAL AFFAIRS.

"onliest" turned down in politics and if things have continued to go on very much as before—sometimes a little better. The defeat of Senator Lodge, perhaps; but not to the nation. The world would not feel the loss any more than it did when Roosevelt himself stepped down and out.

English juries do not have any unnecessary foolishness about convicting murderers. The average Englishman recognizes to a greater extent than anybody else on earth, that the true palladium of his liberty is the jury box and he will not trifle with this institution himself nor allow any one else to trifle with it. If there had been a reasonable doubt of Crippen's guilt, he would not have been convicted. If Clara LeNeve is shown to have been an accessory after the fact, no maiden sympathy will interfere with her conviction.

In Alken the other day, Judge Meminger remarked that the jury box is the poorest place imaginable to get a verdict of friendship; by which he meant that it is the duty of the juror to do justice rather than reach conclusions intended to favor friends. His honor's remark suggests that he appreciates a deplorable tendency that no lawyer for a long time. The juror who allows himself to be influenced by the evidence is a poor excuse for a man; and he is going to deny that there are any such.

CRIPPEN MUST HANG.

English Judge and Jury Make Short Shift of American Doctor Murderer. London, Oct. 22.—Dr. Hawley Crippen, after a thirty minutes deliberation by the jury was today found guilty of the murder of his wife, Dr. George Franklyn Grieve. Lord Chief Justice Alverstone, who presided at the trial, sentenced Crippen to be hanged on November 12.

It is funny the amount of "knocking" the local creamery has been getting, ever since it was first started. It is not so much that it is a new thing, but among the stockholders are a number of men who are in the detail and every-thing in the enterprise and who say that the creamery will be "what we make it."

ABOUT PEOPLE.

Mr. A. F. Hammond of Columbia, spent the week in Yorkville, and was Mr. and Mrs. C. E. Spencer of Yorkville spent Sunday at Glen Springs. Dr. W. H. Poston of Florence, spent several days in Yorkville this week.

Mr. and Mrs. J. M. Stroup and Mrs. M. J. Stroup, of Yorkville, spent Monday in Charlotte. Miss Wilmoth Jackson of Newport, has taken charge of the school at Elton in Edgefield county.

WITHIN THE TOWN.

There is more cotton being stored up in Yorkville than in any other market. This was the opinion expressed by the cotton man last week. The opera house was filled again last night on account of St. Elmo, and the play with the play as presented. The next attraction to be offered by Manager Johnson will be a first-class minstrel show.

Rev. E. H. Wardlaw, missionary to Cuba, occupied the pulpit of the First Presbyterian church last Sunday morning at a large and interesting service. The Rev. Mr. Wardlaw, who is devoting himself more especially to the priest-ridden condition of the people, is to be married to a young lady, a native of the Roman Catholic faith.

Three of the four handsome business houses of the town are being built. Loan and Savings bank, one by the Yorkville Hardware company and the other by the present Yorkville Bank. The Yorkville Hardware company is expecting to open business in the store now occupied by Mr. Wray. There are rumors about town that a building will be vacated by the Loan and Savings bank; but there is nothing definite to be announced as to this at present.

The flower growers of Yorkville and country surrounding are looking forward with pleasant anticipation to the eighth annual flower show to be held in the court house by the Floral Society of the Presbyterian church next Friday. In connection with the show, there will be a church bazaar and a social. The show will be served and in the evening there will be a delightful farce comedy. This occasion has never before been so well attended as it is now. There is no reason to look for an exception next Friday. On the contrary, the public may be sure of a pleasant and profitable time.

The Piedmont telephone company is moving against dead-end users of the line. In many cases, private residence phones are used by the neighbors than by the person who they are intended for. The movement against dead-end users of the phones was started in Yorkville by the telephone company. The article in the Record of the 12th inst. column gives the result of a visit that Manager Babinston made to Gaffney last week to adjust matters.

HOME MADE FERTILIZERS.

Now that the farmers of York county have gone a long way toward leveling the drain to which they have long subjected themselves in going to the store to buy fertilizer, it is time that they should produce their own fertilizer at home. The next big saving to which they should turn their attention is in the matter of fertilizer.

It does not remember the figures as to the amount of commercial fertilizers used in this county, but it is an interesting fact that the amount of fertilizer used is increasing. I have farmed too long to be such a fool as that; but what I mean to say is that all this output for fertilizer is being sent to the store to buy. The farmer should produce his own fertilizer at home. The next big saving to which they should turn their attention is in the matter of fertilizer.

News and Courier, Friday: Judge Wray yesterday afternoon called the court for the day, took occasion to remind all members of the Charleston bar, who have been tried at the new court, that their cases would be non-suited if they failed to have everything in readiness when they came to trial at the next day's session. His last exception to this rule, Judge Wray stated, and hereafter attorneys must suffer their cases to be non-suited if they do not comply with the rules of the court.

LOCAL AFFAIRS.

NEW ADVERTISEMENTS. Miss Rosa Lindsay—Wants a few dollars. Amuse-U Theatre—Prints its programme for this evening. Denton Land Co., Denton, Ga.—Invites you to visit the farm in DeKalb county, as a desirable place to locate.

Richard Carroll, Pres.—Publishes the Columbia, Colored State Fair at Columbia, November 7 to 12. J. S. Price, Plaintiff's Attorney—In the case of Minnie Love, a minor, through her guardian against Seefford Love and others.

Louis Roth—Has a lot of new and desirable shoes. Shannon & Hope—Say that comfort is equalled by style in every pair of Ward Over shoes. Farmers' Wholesale Grocery—Prints a letter from F. Armer to Dear Bill relative to rice flour as a hog fattener.

J. L. Williams & Co.—With every counter and shelf loaded want you to call and see their goods and hear their prices.

York Supply Co.—Has shoes for men, women and children that look well and wear well. Building material of all kinds at low prices.

LOCAL AFFAIRS.

THE BOYS' CORN CLUB. All but three or four of the Boys' Corn club have been gathered, and the general result so far is highly satisfactory.

Ray Bankhead, Sharon, 73 bushels and 19 pounds. Ration Arrowood, Hickory Grove, 55 bushels and 10 pounds.

Robert Jones, Yorkville, 50 bushels and 10 pounds. Banks Stephenson, Yorkville, 53 bushels and 28 pounds.

Levi Good, Yorkville, 40 bushels and 19 pounds. Ward Mitchell, Rock Hill, 48 bushels and 10 pounds.

W. A. Wray, Rock Hill, 66 bushels and 11 pounds. Grier McFadden, Rock Hill, 61 bushels and 11 pounds.

"Lester Zinkler, Rock Hill, 46 bushels and 30 lbs. Maldeau Zinkler, Rock Hill, 57 bushels and 50 pounds.

Clayton G. Wood, 53 bushels. Clyde Good, Hickory Grove, 65 bushels and 30 pounds.

As has already been stated, the members of the club will meet at Winthrop college next Saturday, to make report on the cultivation of their respective acres and submit samples of their corn for judgment as to excellence for seed, etc.

THE CREAMERY.

It is a handsome little plant that the Yorkville Creamery association has to begin operations on with November 1st. The building is not very large, only about 2000 square feet.

LOCAL LACONICS.

Off For the Circus. When the northbound C. & N.-W. passenger train passed through Yorkville last Friday, it carried several cars, all of which were packed with people going to the Ringling circus at Gastonia.

Annual Settlement. The annual settlement between Auditor Hunter and Treasurer Gaffney, which was completed last week, is a very satisfactory one.

Close Call For Mr. Babinston. The general manager of the Piedmont Telephone and Telegraph company, had a close call last week as the result of a fire in the telephone exchange.

Surprise Marriage. Miss Daisy Plexico, eldest daughter of Mr. and Mrs. W. L. Plexico, of this city, and Mr. W. F. Farris, of the city, were married at the home of Rev. W. M. Owings, of the North Rock Hill church.

INTERNATIONAL BALLOON RACE.

One Contestant Known to Have Traveled 1,100 Miles. With the American 11, Allan R. Wright, pilot, and August Post, co-pilot, still unaccounted for, the relative positions of the nine other balloons in the international race which was started at St. Louis, Mo., on Saturday morning, were figured by Lieut. Andrew Drew of the Missouri signal corps, hydrographic expert for the Aero Club of St. Louis, Mo.

Lieut. Drew gives the distances traveled by the aeronauts unofficially as follows: "Ray Bankhead, Sharon, 73 bushels and 19 pounds. Ration Arrowood, Hickory Grove, 55 bushels and 10 pounds.

Robert Jones, Yorkville, 50 bushels and 10 pounds. Banks Stephenson, Yorkville, 53 bushels and 28 pounds.

HICKORY GROVE NOTES.

Death of Mrs. C. S. Moorhead—Negro Badly Injured by Freight Train—District No. 38 Considers Consolidation—Personal Mention.

Hickory Grove, October 25.—While a groom was cast over Hickory Grove station, a passenger train was struck by a freight train. The result was the death of Mrs. C. S. Moorhead, and the serious injury of a negro.

The freight train was moving westward at the rate of 15 miles an hour, and was struck by a passenger train moving eastward at the rate of 20 miles an hour.

The passenger train was carrying a full complement of passengers, and the freight train was carrying a full complement of freight.

The result of the collision was the death of Mrs. Moorhead, and the serious injury of a negro. The freight train was moving westward at the rate of 15 miles an hour, and was struck by a passenger train moving eastward at the rate of 20 miles an hour.
