DE LAVAL .. CREAM .. SEPARATOR
The Cow's Best Friend
The DE LAVAL is the cow's best friend because with a DE LAVAL she gets a square deal. She receives full credit for her day's work if her owner uses a DE LAVAL, otherwise part of her product is wasted.
Three cows and a DE LAVAL will make as much cream or butter in a year as four cows with any poor separator or gravity setting process.
Why don't you buy a DE LAVAL for the price of one of the cows and save the fourth cow's feed and care?
The DE LAVAL is the world's standard cream separator, most simply constructed, skims the cleanest, turns the easiest and wears the longest. Write for catalog.

FIRE!
If your home should be burned, would the loss involve any actual cash?
A man in this vicinity not long since lost \$25.00 by fire. This amount was small; but meant much to the loser; and, without inconvenience or trouble, should have been safely lodged in the vault of this Bank. The fire would have destroyed one of our Check Books instead of the money.
Moral: Deposit your money in THE
First National Bank of Sharon.

THE COST OF STATIONERY AND LETTERS
No. 27
You buy STATIONERY in order to write letters. The completed letter is what you take into consideration, and here is an argument for good Stationery:
It costs you 2 cents to send a letter and you may be an hour or even longer in writing it. You are careful in the words you use, that your writing be neat, but more than half the results of the letter depends upon the Stationery itself.
We keep this point in mind when we buy our stock. If you keep it in mind you will certainly Buy Stationery at The Star Drug Store.
When its cost is so small isn't it common sense to get the best? Our line is complete and will satisfy every taste.

THE BOY AND THE BANK.
ONE DOLLAR WILL START AN ACCOUNT.
The first twenty years of one's life are spent in preparation for the future. The habits and thoughts infused during these years, have the greater influence in following years.
The boy should be taught to deposit his money in the Bank. It is not so hard for a boy to start a Bank Account, when At Our Bank a Dollar Will Open an Account.
A Dollar to the grown-up does not amount to so much; but with the boy it is worth while. It will instill into him the principle of taking care of his money. It will implant in his mind the idea of "Thrift," which will linger with him in the coming years. It will teach him business principles, which will be of great benefit in the following years.
Our Bank Takes Pleasure In These Accounts, Both from the Boys and the Girls.
The Bank Book with its sundry credits, is a good passport. Learn the Banking habit by Opening an Account In Our Bank.
