Refrigerators

A Good Refrigerator in your home will almost pay for the ice it uses by saving milk, butter and other foods that would go to waste during hot weather, except for the use of a Refrigerator. You haven't a Refrigerator in your home, you ought to have one. Come and see us and let us show you how good our Refrigerators are. Our prices are very modest.

Ice Cream Freezers

Then again, every home ought to have an Ice Cream Freezer and our kind is the kind you ought to have. All sizes—1 to 8 quarts.

NOTICE TO TEACHERS

ALL YORK COUNTY SCHOOL TEACHERS are urged to attend the Summer School of the Winthrop Normal and Industrial College of South Carolina, June 19th to July 18th, 1912. The matriculation fee of \$5.00 will be refunded to all teachers who attend the Summer School and successfully complete at least three studies, provided that they teach next year in this county. All certificates will also be renewed for two years from July 18. We wish at this time to request that teachers do not ask the County Board to renew their certificates except on the successful completion of the work at a Summer School, the holding of a Diploma of an accredited college of this State, or satisfactorily passing the Teachers' Examination. TOP DRESSER

The best authority on farming has this to say of Top Dresser: "The growing plants take up from the soil the manure put in as a first application long before it is ready to fruit. This is true of cotton as well as corn. From the fine results I have obtained I believe that the method of additional fertilizing is the right one. You use this additional fertilizer at a critical time in the life of the plant, the time when the plant needs all the strength it can get in order to fruit, perfectly and hence such additional fertilization is absolutely necessary to get best results." We sell Catawba Fertilizer Co.'s Top Dresser—which has the ammoniates exactly right. Not all Soda but a plant food that feeds the plant when it needs it. This Top Dresser is said to be better than Soda, by those who have used both. It costs much less than Soda. We hope our customers will try a few sacks of Top Dresser. Also have 3-3-3 Guano. Senator Tillman Said

"The establishment of Winthrop College at Rock Hill has enhanced real estate values phenomenally and justified the wisdom of the Rock Hill people in securing the location of the College here"—(Rock Hill).

Extract from Senator Tillman's speech made at Winthrop College last April:

"My memory has been busy also recalling events and incidents of my first visit when as Governor I came with the other trustees to inspect the sites and advantages offered by the four South Carolina cities which were bidding for the Women's College. We stopped at Chester first, after we left Columbia, and looked around there, and then came on to Rock Hill, and went from here to Spartanburg and thence to Anderson. The people of Rock Hill impressed us as being specially in earnest about obtaining the location of the College here, and I recall how earnestly they pressed upon us to take land which we then thought we did not need, but which we have since had to purchase at a high figure. They begged us to accept all the land on this side of the street out to the street car line, but, not realizing what a great institution we were founding and how it would expand and grow, we declined the 16 acres which we have since bought north of the old dormitory. We paid a high price for this land because the establishment of the College at Rock Hill has enhanced real estate values phenomenally and justified the wisdom of the people in securing the location of the College here."

"It is true we could sell the land now, that we bought at such a high price, for twice or three times as much as it cost, but Winthrop College is not in the business of selling real estate."

This gives you an idea of what outsiders think of
