- Vera Cruz, Mexico, October 27: Gen. Felix Diaz, leader of the recent revolt here and Major Zerate, Col. Antonio Migioni and Lieut. Lima, officers under Diaz in his attempt to overthrow the government were today condemned to death by court martial. The court martial, which was presided over by Gen. Davila, sat in secret session from 2 o'clock Tuesday morning until 4.15 o'clock Sunday morning. The sentence caused a sensation, A great crowd, including relatives and many friends of the accused men, gathered outside the building where the court sat and waited for hours for the findings, notwithstanding a heavy rainstorm. Gen. Beltram extended the execution leaving the prisoner temporarily at the disposition of the district court. It is thought probable that Col. Migioni and Lieut. Lima will be shot without much ado. The proceedings of the military court have been criticised generally as being very deficient. Public opinion has been strongly against a military trial for Gen. Diaz. It is openly asserted that the prisoners had an adequate defense and no investigations have been made so far as to why the federal troops entered the city with white flags flying and the greeting "long live Diaz." Col. Diaz Ordaz and Capt. Cuesta were among the leaders of the rebellion who escaped. It is thought that they will join the Oaxaca rebels. Gen. Diaz had more than 1,000 men under his banner, 300 of whom were prisoners. Col. Jiminez Castro of the federal forces, who was shot in the leg in the skirmish prior to the taking of Vera Cruz, has been sent to Mexico City for treat-ment of his wounds.

- Chas. Becker, the convicted New York police lieutenant, gave out the story Sunday that he claimed he want-ed to tell on the stand. He said that he had never possessed more than \$29,-000 at one time, and he claimed that most of this had been inherited by most or this had been inherited by himself and wife from different relatives and friends. A part of the money, \$7,500, represented savings of his wife and himself. He denied that "Bald Jack" Rose had ever acted as his graft collector; but claimed that he had used Bose as a steel pigeon to get had used Rose as a stool pigeon to get information about gamblers. He denied that he had ever been in partner-ship with Rosenthal; but claimed that Rosenthal had long had a reputation for getting policemen in trouble and that he was too wise to have anything that he was too wise to have anything to do with him even if he had been inclined to take graft. He said he did not expect sympathy and did not ask it; but he wanted the public to know that he was not as black as he had been painted. The information is that all the members of the jury who constituted Peakers have been threatened. victed Becker have been threatened with death; that Judge Goff, who is to ronounce sentence tomorrow is under guard as is also District Attorney Whitmen, and that Mr. McIntyre, Becker's counsel is going about armed because of threats against his life.
