REFORM OF THE PRIMARY.

Senator Tillman Says the Legislatur Should Take the Matter Up. Washington, January 7:-"We must either reform the primary system by law or see it die," warns Senator Benjamin Ryan Tillman, in an open letter to the South Carolina general assembly, soon to meet, in which it is urged that legislation be enacted to safeguard the primary system of election in this state. "If we enacted to safeguard the primary sys enacted to safeguard the safeguard tem," writes Senator Tillman, "and make it above suspicion, good governake it above state is doomed." The ernment in the state is doomed." The senior senator again warns the people against the negro being used in politics under white leadership; if the black population be thus mobilized, he thinks, offices of trust and pow-er will become mere "pawns in the game of politics, to be bought by the

Following is the statement: No Attempt to Dictate. "I dislike to have the appearance even of assuming the right to dictate to the general assembly, and such is not my purpose now. But for rea-sons unnecessary to enumerate, I feel that I have a duty to perform in the

White Supremacy Endangered. "The angry passions aroused last summer in the state campaign governor have in a measure subsided, and the people have cooled off. To my mind there was great danger to white supremacy and Democratic unity which has now happily passed But unless every possible safeguard is thrown around the primary system law, rules and regulations made so plain and of such a just and reasonable nature as to compel honesty and fair play in the primary—the system is doomed and the people of the state will settle their political differences at the polls in November

northern states. Two White Parties Impossible. "There are many people in South Carolina who would be glad to see two white parties in the state. Were conditions different, I myself, would like to have two white parties, but as things are now it would mean the mobilization of the parties and his account of the parties and his account of the parties and his account of the parties are now it would mean the mobilization of the negro and his active and aggressive return to state politics under white leadership.

just as they do now in all border and

A Dire Calamity. "I know of no calamity greater than this that could overtake our people. I speak advisedly, for I went through the reconstruction period and know the degredation to which our people sank, the rottenness and cor-ruption that were in our politics, and made our government a by-word and a hissing, and I know how hard it was to get the white men to line-up shoulder to shoulder and throw off the From 1868 to 1876 we had the vilest and most corrupt government in South Carolina that has ever existed in any state of the Union, except

Offices as Pawns. "The negroes outnumber us South Carolina by more than hundred and fifty thousand and a large number of them are either regstruggle for mastery and control, then we can never save the state from a repetition of even greater corruntion istered or eligible for registration, it we can never save the state from a care and attention bestowed upon Rose repetition of even greater corruption than we have already endured. The is due to the two ladies who form a latent work of the credit is due to the two ladies who form a latent work. than we have already endured. The state corporations and Standard Oil, to say nothing of the railroads, would use money lavishly, and the governorship and the United States senatorship, to say nothing of the congres-

sional delegation, would become pawns in the game of politics to be bought by the highest bidders. Remedy by Legislation. Carolina, when it meets again in convention, will no doubt deal with this question, but the legislature ought to deal with it now, at this coming sestion. The Democratic party of South sion, while the memory is fresh and gifts. knowledge of intensity of feeling has printensity not faded away.

General Outline. "I cannot and will not indicate just what sort of a law the legislature ought to pass. The details must be worked out in committee, but I can and will outline the general policy which should govern us in this crisis:
"First: The primary ought to be honest and fair and above all suspicion.

"Second: No man ought to ject to whatever expense and trouble are necessary to secure such registration and preparation of the Democratic club rolls as will insure honesty and fair play. It must not be left to hazard and guess work. "Third: Stringent rules and regulations are required. No man should participate in the primary to nominate, that is not willing and able to stand the test of registration to participate in the general election.

The rules should be few, plain and simple, but they must be enacted in-to law in order to compel compliance with them. Rigid punishment ought to be provided for any man who neglects to comply with all conditions and rules or he ought to lose his vote. An honest and fairly conducted primary can and will command the endorsement and support of all right-thinking white people; a dishonest one will command the support of nobody. Reform or Death.

'We must either reform the pri mary system by law or see it die. No decent man will object or resist the rule of the majority fairly expressed. Let us see to it that none but duly alified citizens vote at the Democratic primary, and danger of trouble will disappear. If we do not safe guard the primary system and make it above suspicion, good government in the state is doomed. We want no man in the Democratic primary who votes the Republican or other national ticket in the general election. 'I write the above believing that will never ask the people to vote for me in another primary, because I believe I will be dead before another senator to succeed me is elected. Therefore, no charge of selfish or personal motive can be justly made against me taking the position I do. It is solely because I know the danger, having passed through the crisis once that I make bold to write this way.

BETTER GAME LAWS WANTED

Editor Yorkville Enquirer Allow me a few lines of your val-uable space to discuss the greatest problem that confronts the sportsmen not only York county, but of South Carolina and that is the scarcity of I can remember a half dozen years back, when you could in one afternoon find at least eight to ten covey of birds. covey of birds. Now you will do well if you find half so many in a

I think it is the duty of not only the press, but every true sportsman of the state to petition the legislature to frame a law prohibiting the hunt-ing and killing of any game for two years. Then open the season with just the months of December and January to hunt in. The legislature should not only pass such a law, but there should be provisions made to enforce it. (There is no enforcement of the game law today.) There should be a chief game warden in every Congress Streets. Will rent seption county, who should appoint others in each township. If we don't do something for the protection of our game, we will not have any in a few years to protect. Now, I think it is the duty of every sportsman to prevail upon the lawmakers to see that a bill is passed for the protection of game. John L. Ratterree. Fort Mill, S. C., Jan 8, 1913.

- Gaffney special of January 9 to the Columbia State: At yesterday's ses-sion of the Cherokee county commissioners, it was decided to recommend a one-half mill tax levy for the purpose of paying interest on a proposed bond measure of \$50,000 for Cherokee county. The county is about this amount in debt and it is proposed to vote bonds, if this is permitted by the legislature, which convenes in Columbia tions. next week, and the half mill tax levy

recommended yesterday is for the purpose of paying the interest on the bonds, when approved by the South Carolina general assembly. The regular tax levies for the different purposes in the county was recommended yes-terday, this being four mills for the ordinary county, six mills for the chaingang and bridges and a minor levy or so for bridges and ferries. Cherokee's board of county commissioners is composed of J. D. Wilson, W. G. Fowler, W. H. Crocker, A. Harris, Cherokee's board of county T. G. McCraw and John D. Jefferies.

Quality Hardware

Readers of our advertisements will member the fact that we have con stantly and persistently talked Quality for our Hardware. We talk it because we believe in the high Quality of our goods—The Best is none too good for our customers. And our Quality Hardware was given a pretty severe test last Monday afternoon, when a frantic horse pulling a buggy, dashed through the store from the front to the back at top speed, over great piles of vari-ous kinds of Hardware, and after it was all over and the excitement was gone, we found that the breakage of Hardware was but nominal. Lots of it was put to a severe test by the jolting that it got. But our Quality Hardware stood the test. Come and see us if you want QUALITY HARDWARE at the RIGHT PRICES. We sell everything in this line—Farm Tools, Shelf Hardware, Builders' Supplies, Wire Fencing and practically everything else. See us when you have a Hardware need. Yorkville Hardware Company.
