#### LETTER FROM BLAIRSVILLE

Crop Outlook Good-Activities of the Loggers-Carp and Catfish in Turkey Creek-Death of Mrs. Saye Love.

Blairsville, May 24.—The log men working in this section who have been mentioned in The Enquirer sev-eral times, still have plenty of material to keep them busy for a month or more. They are securing a great deal of good and valuable timber on the lands of John Dowdle, the Messrs. Blair, J. J. McSwain and others. The people of this section have long known that there was a quantity of valuable timber here, but not having the necessary facilities with which to get it out of the bottom lands, little attention had been paid it until the coming or the logging crews.

the logging crews.

Mrs. Saye Love of Great Falls, died at the home of her father-in-law, Mr. W. T. Love, in this section last Saturday. Mrs. Love had been a sufferer with consumption for some time and her death was not unexpected. She was a daughter of Mr. Ervin Blair of this community, and in addition to her parents, she is survived by her husband and a two-year-old child, also a number of brothers and sisters. She was a member of Sharon A. R. P. church and had many friends and ac-quaintances in this community. After funeral services conducted at the home, Mrs. Love's body was interred in Bullock's Creek cemetery Sunday

The cotton and corn crop prospects at this time are very encouraging. Practically every farmer in the community has a good stand and since the heavy rains of late, a good stand of grass has sprung up along with the cotton and corn. Farmers in this section will be busily engaged chopping out the grass for the next few weeks. The outlook is also good for a big fruit crop in this section and it is thought that there will at least be a

large quantity of peaches.

A number of fishing parties have been seen on Turkey Creek of late and from all reports, the fishermer the fishermen use dip nets and large numbers of carp and cat fish have

been taken.

Mr. Luther Blair of the Atlanta
Medical college, has returned to his
home in this section for the summer.

Messrs. R. M. Mitchell, Ray Bank-Messrs, R. M. Mitchell, Ray Bank-head and Tom and Ernest Good who have been attending the Boiling Springs High school have returned to their respective homes in this community.

Miss Eva Mitchell who recently graduated from Linwood college, has returned to her home here.

#### BLAIRSVILLE SCHOOL

Session of Hard, Earnest Work Close With Interesting Exercises.

Blairsville, May 24.—In spite of the heavy rains of Friday and Friday night, the Blairsville school closing entertainment was carried out as previously announced, and a fairly good sized audience enjoyed the interesting and varied programme. The following programme, with the names of the boys and girls taking part, was well presented and showed the character of the instruction the students have had during the past school year:

Song—By school.

Recitation—Maud Sherer.
Dialogue—Iva Sherer, Flossie Burgess, Sarah Russell, Joe Plexico.

The programme was intersperse with excellent music rendered by the Blairsville string band. The last num-ber of the entertainment was a short ber of the entertainment was a short play, "Kentucky Belle," presented by a number of the larger boys and girls. Blairsville school has had a very successful year—sixty or more students being enrolled. The school has been in session for the past six and one-half months and the attendance has been excellent until the last two weeks when a sumbor of the larger boys here. when a number of the larger boys be-gan to drop out, their services being required at home.

The school has been in charge of

Mrs. S. A. Mitchell, assisted by Mrs. J. N. Russell and under the instruc-tion of these two teachers of wide experience, good progress has been made in every grade, the patrons of the school being highly pleased with the work of the teachers. Blairsville has a good school building, well equipped modern conveniences and the course extends through eight

Both teachers and patrons are agreed that this has been a most successful school year and it is the hope for all those interested that the school next year will greatly outstrip the past ses-sion in point of number, average attendance and school work.

- Chas. M. Galloway, formerly news editor of the Columbia State, and for the past four years secretary to Senator Smith, has been selected for ap-pointment as a member of the civi service commission.

#### CARROLL BROS.

#### A Man With a Level Head.

A well known and level headed citizen, with whom I had had a talk citizen, with whom I had had a talk several years ago, and explained some of the special and exclusive benefits incorporated in all Mutual Benefit contracts, as compared with the contracts of all other companies, and who excluded to the companies. who assured me that he expected to apply for insurance later and would certainly see me, called at my office a few days ago and said: "The word got out recently that I was thinking about aking out some insurance and as esult, a number of agents representresult, a number of agents represent to ing different companies, have been to see me. I told each that I wanted insurance all right, but had fully determined that it would be the Mutual Benefit kind. My assertion did not seem to convince them. They tried to show me that 'theirs was just as good,' and one or two claimed his was cheaper—would cost less—but none claimed theirs to be better. was cheaper—would cost less—but none claimed theirs to be better. I have called to make application for a Mutual Benefit Policy." Of course the application was made.

A WORD TO YOU It is probable that you also, are thinking of buying life insurance. If you are not, the best interests of your family, yourself or your estate, demands that you should be, and your best interests demand that you should "look before you leap," as the above referred to citizen did. He got the BEST there is in life insurance, and why should you not do so? You are offered, and the past record of his company, that he offers you more for your money than you can get elsewhere. You are the individual that will pay the freight.
