Automobile Insurance

While I have never put in any time soliciting AUTOMOBILE INSURANCE and have only issued such as I was asked to write, still it is a FACT that no Agency in the United States is better equipped than mine for handling this class of business, and few, if any, are as well equipped, unless they also represent the LIVERPOOL AND LONDON AND GLOBE INSURANCE COMPANY, in which I place all business offered. The L. & L. & G. has been doing business in Yorkville for about thirty-five years, and has a record as white as the driven snow. It is to the Fire Insurance business in the world what the Mutual Benefit Life Insurance Company is to the life insurance business in the United States.
Don't YOU think, provided you are a thinker, that you would be better satisfied with your car insured in a company with such financial strength as the L. & L. & G., and a world-wide reputation for Square Dealing, than in one about which you know nothing?
If your car is never destroyed, or damaged, insurance in any company, or none at all, is all right. The L. & L. & G. has paid out over \$5,000 for automobile losses in York county during the past year, but I am glad to say that none of it was in my agency.
