Post Oak School Closes.

The Post Oak school in Bethel town-ship, completed its summer term last Friday. During the month it has been in operation, the school has been under the instruction of Mr. John S. Wallace of R. F. D. No. 2. Mr. Wallace is making preparations to resume his studies at Wofford college, Spartan-

Body of Motz Recovered.

The body of Leon Motz, the young white man who was drowned in the Catawba river recently, was recovered last Saturday morning. It had drifted down the river some distance to a point near Watson's Ferry, where it had lodged against some bushes, had lodged against some bushes, where it was discovered by Mr. C. Warren. One hand was still holding to the fish basket. The interment took place in Rock Hill Saturday afternoon.

Hand-Still.

Miss Lillian Hand and Mr. Wallace Still were married at Ebenezer Sun-day night, Rev. J. T. Dendy, pastor of Ebenezer Presbyterian church of ficiating. The bride is the daughter of Mr. A. S. Hand of R. F. D. No. 2. The groom was formerly employed in a garage in Rock Hill but now holds a position in Statesville, N. C. Immediately after the ceremony, Mr. and Mrs. Still left for their home in

New Band at Hickory Grove.

A new band is being organized Hickory Grove, under direction of Mr. W. B. Wilkerson, and already the required number of members, sixteen, have been secured. Most of the members of the new organization are young boys. The band proposes to get down to work at once and by patient practice hopes to within a short time make a creditable showing, when compared with the band already at lickery Graya.

To Manufacture Molasses.

Messrs. Wilkerson Bros., sons of the late Thomas Wilkerson, have started very considerable cane molasses mill east corner of Bullock's Creek town ship. Their plant, which began opera-tions today, is complete and modern, with all the latest approved devices to make a perfect syrup. If they are able to get all the cane in their immediate neighborhood, the Messrs. Wil-kerson Bros., hope to make about 3,000 gallons of syrup this year. Mr. G. William Wilkerson will have direct charge of the molasses making plant. President Johnson Back.

President D. B. Johnson of Winthrop college, returned to his home in Rock Hill last Saturday night, after an absence of several weeks, at the Panama exposition. President Johnson had quite a pleasant trip, but was glad enough to be home again after such a long journey. When congratulated upon the additional honor that had come to him as president of the National Educational association, he freetional Educational association, he free-ly acknowledged the satisfaction he felt in having helped to bring the distinction back to the south, he being only the third southern educator to be elevated to the position within the

last fifty years. Barite Deposits Disappoints.

The people interested in the extensive developments that have been made around the barite deposits at Kings Creek, just across the line in Cherokee county, have not yet been able to make a commercial success of their property. There is no question of the fact that barite is to be found, there in almost inexhaustible quantity, it seems to come up to practically all of the more desirable requirements; but there is nothing doing in the way of putting the material on the market. There have been rumors that the barite found at this place has too much gri in it; but there is nothing definite in

Death of Miss Jane Pursley.

Miss Jane Pursley died at the home of her nephew Mr. S. L. Pursley on Clover No. 4 Saturday night about 10 o'clock following an illness of several months with a complication of dis-eases. She was 76 years of age having been born on the old Allison place near Hickory Grove May 21, 1839, the daughter of the late William and Elizabeth Pursley. For the past thirty-six years she has lived with the family of Mr. S. L. Pursley. She was for many years a member of Bethany A. R. P. church in which edifice her funeral was preached Sunday morning by her pastor Rev. W. P. Grier. The interment followed in the cemetery at

Received Many Inquiries.

"Listen, here, you got me in a ter-rible scrap when you printed that story about my crop some time ago," remarked Mr. J. J. Jones of R. F. D. No. 1, to the reporter Saturday. "I have gotten quite a number of re-quests from all over the country ask-ing information as to how I prepared my soil, etc., as the result of that ar-ticle, and I guess the only way out of the difficulty is to write a letter to several of the farm journals of wide morning at 11 o'clock and Saturday circulation telling how I dd it. In the evening at 8.15. Communion services letters I have received, the several will be held Sunday morning, follow-uniters stated that they noticed the article re-produced from The York-ville Enquirer."

Everbearing Peaches.

Mr. B. I. Walker of Clover No. 3, left at The Enquirer office last Saturday, a twig from a peach tree that carried peaches from the size of May cherries to the size of a walnut, with other sizes between. He says that the tripened peaches in July, August and September. Ripe peaches have been taken from the tree during July and August this year and Mr. Walker thinks he will get, still other ripe peaches during September and October. Long Drive Of It. During Sunday afternoon a man and a woman in a pretty fair looking bug-gy, drawn by a horse that looked rather tired to say the least of it, pulled up before the residence of the editor on Congress street, and asked: "How far is it to Chesterfield?" "About seventy-five miles," replied the editor, "rather a long drive if you expect to make it in a buggy." "It is not as far as I have come," replied the man; far as I have come," replied the man;
"but I did not think it was as far as
that," he went on. "In fact, I was
told it was in the next county below
here." Well, maybe it is Chester you
want," suggested the editor. "Maybe
it is," replied the traveler, "and how
far is that?" The editor told him that
the town of Chester was twenty-one
miles by the public highway, and then
asked him where he came from. "We asked him where he came from "We left Johnson City, Tennessee, yesterday

Will Remain Statu Quo.

That it will be best for the four schools interested—Post Oak, Glendale, Bethel and Pine Bark in Bethel township, to remain as they are at present, instead of being consolidated at some central point in the township, was the decision of the county board of edu-cation, consisting of Messrs. John E. Carroll, E. W. Hall and T. E. Mc-Mackin, following a hearing in the matter here last Saturday. Represen-tatives from Glendale, Bethel and tatives from Glendale, Bethel and Pine Bark schools attended the hearring the Post Oak school being without representation. Those present at the meeting were Messrs. Arthur S. C. Better buy first-class Trees. the meeting were Messrs. Arthur Quinn, H. G. Stanton, J. P. Adams, H. D. Robinson, E. M. Adams, John Robinson, T. German Progress in Russia.—The nenace of Riga, the Russian Baltic caport, is becoming more serious, acto a German dispatch of yes erday. The Germans still hold the oridgehead at Friedrichstadt, the occupation of which effectively cuts off Riga's railway communication to the south, while German aircraft are active in the gulf, perhaps presaging another naval clash as part of a concerted German land and sea move to com-plete the isolation of the city and force its abandonment by the Rus-

According to an unofficial dispatch, received by way of Copen-hagen, the Germans claim possession of the gulf, the Russians having abandoned Dago, the northernmost the three islands just outside the gulf.

Berlin's official communication yesterday claims no further progress by von Hindenbrg from the Baltic to Grodno, but thence southward the armies of Prince Leopold and Field Marshal von Mackensen are said to be moving forward, while the Austrian official statement, covering the battle
