RELIEF FOR THE NEAR EAST. Western York County Is Asked for \$2,000.00.

BECAUSE of the illness of Rev. J. L. Oates, it has devolved upon me to take the Chairmanship of the campaign for raising Western York County's share of South Carolina's \$200,000 for the Relief of the starving Armenians, Greeks, Syrians, Jews and others of the Near East, which share amounts to \$2,000.

The time is exceedingly short, and proper organization is impossible; but nevertheless it is a solemn duty on the part of our people to raise this money. I have called upon every Pastor, Sunday School Teacher and Public School Teacher to assist in this work and I am satisfied that you are here what they can in the limited time at their disposal.

This is to advise every individual who desires to help in this work and who has not been or may not be directly solicited, to go at once to his or her Pastor, Sunday School Teacher, or Public School Teacher, and make as liberal contribution as possible. All contributions that will be sent to JAMES A. BARRITT, Clover, will be added to the fund.

I most urgently solicit the help of everybody who is able to do anything that this help be extended at once. W. T. BEAMGUARD, Chairman Near East Relief Fund for Western York County.

Special Notice To Automobile Owners. For fifteen years we have operated a Public Garage—Seven of the fifteen being in York. We have offered our service to owners of all makes of cars in repairing, adjusting, fitting, etc. A careful study of the business has convinced us that in the big car service, introducing ourselves as Ford and Hupp Specialists, at the same Old Stand, but with a New Idea.

We wish to thank our many friends for past patronage and to assure you that should you ever become the owner of a Ford or Hupp automobile our service in any capacity will fully satisfy you. Yours to please,

To The People of York And Vicinity

The name of the New Banking Institution to be established in York will be the PEOPLES BANK AND TRUST COMPANY

The purpose of this notice is to let the public know that it will be in the truest sense of the word the "Peoples" Bank. It is the desire of the organizers to widely distribute the stock of the new institution among the people of York and vicinity, and especially among the farmers.

The shares will be in the denomination of \$100.00.

It will be almost a physical impossibility to personally give everybody an opportunity to subscribe to the stock in this new enterprise, and for this reason this method is used to extend an invitation to the public at large to take part in this undertaking.

Don't feel that just because you are not personally approached to subscribe for a few shares, that your subscription is not desired.

The success of the Bank depends largely upon the support of its stockholders, because it is natural to presume that the stockholders will patronize their own institution and urge their friends to transact business with their Bank.

The policy of the Peoples Bank & Trust Company will be to conduct a progressive, yet conservative, business, and to render to the public the best kind of service that is possible to render. It will always be the aim of the Peoples Bank & Trust Company to join in every movement for the welfare and advancement of the community which it serves, especially along Agricultural lines, realizing that no town or city can grow greater than the country surrounding.

The new institution will receive deposits subject to check, and will conduct an up-to-date Savings Department in which department 4 per cent interest compounded quarterly will be paid; will issue 4 per cent Certificates of Deposit, and will lend money at attractive rates of interest to manufacturers, merchants, farmers and individuals, in large as well as small amounts.

One of the mottoes of the Peoples Bank & Trust Company will be "Safety and Service all the time—where all are treated alike."

If you are in a position to do so, and feel inclined to subscribe for one or more shares of stock, communicate with the undersigned. Your subscription will be cheerfully received. Certainly your patronage will be greatly appreciated.

YES, judged by all prevailing Waist standards these Waists are WORTH MORE—Worth more than the modest price at which we're selling them. They are really worth more than any other Waists obtainable at the same price. Figure it out for yourself, with cotton materials costing anywhere from two to three times what they used to cost, and labor costs away up in the air, just think what an achievement it really is to be able to buy a

REALLY GOOD, WORTH-WHILE AND SERVICE-ABLE WAIST FOR THIS SMALL SUM. Our very intimate co-operation with the Makers, which cuts out every possible avoidable expense, is one reason for our Low Price. EVERY WAIST here illustrated bears the WIRTHMOR label—the maker's assurance as well as our own of the very ultimate in value giving and of style correctness.

These Waists are made and sold under the Economy-Effecting WIRTHMOR Plan—a plan of merchandising which, regardless of other conditions insured the GREAT POSSIBLE VALUES in popular priced Waists.
