

Humorous Department

Willing to Quit.—Senator John W. Smith, of Maryland, recalled the following story to illustrate the "great drought of some legal arguments."

Looked Suspicious.—Gr-r-r! The train drew up with a mighty crash and shock between stations.

That Was Different.—A noted physician, particularly expeditious in examining and prescribing for his patients, was sought out by an army man whom he "polished off" in almost less than no time.

Beginning Early.—"Father," inquired the little brain-twister of the family, "when will our little baby brother be able to talk?"

Rhine Whines.—A propos of the whines for mercy that keep coming out of Germany—Rhine whines, as they are called—Dr. Nicholas Murry Butler, of Columbia, said the other day:

Why Waste Time?—"Why do you consider women to be superior to men in intelligence?"

Two Strings to Her Beau.—"If you could have two wishes come true, what would you wish for?"

Thrifty Idea.—"She is a proud beauty. Last night we parted in anger."

Preliminaries.—"The bookkeeper complains of pains in his stomach."

But How was He Cured?—"I'm troubled with a buzzing noise in my ears all the time."

Hospitality As it is Handed Out.—"Are you going to have the Blondes to dinner this season?"

The Iron Ration.—The iron age gallery of the British Museum is now reopened. Some specimens of war-bread would render it complete.

DO YOU KNOW WHY?

DO YOU KNOW WHY the life insurance contracts provided by the U. S. Government for its fighting men, except endorsement, provide that the proceeds of the policy shall only be paid in 240 monthly installments, instead of one lump sum, as in most of the life insurance required in private companies?
