**What About It?**  
EVERY intelligent property owner understands that a building that would cost \$1,000 to erect in 1914 would cost from \$2,000 to \$2,500 in 1919. With a mighty slim chance of getting it erected even at the higher figures, owing to the scarcity of material and labor. It is a fact that many dwellings in this town and all over the country are insured for practically the same amount today as in 1914, and if one of them should be burned the owner would realize when he undertook to rebuild, that his insurance as compared to the cost of rebuilding amounted to practically nothing. The same condition applies to practically all other classes of property. What about you, Mister? Are you adequately insured? If you are NOT, don't you think that good business sense would tell you that you should increase your protection? You are in position to furnish you with Gilt Edge Protection and would be pleased to consult with all desiring that kind.

**A REALLY HELPFUL BANK—**  
A Bank to be helpful to a community must at all times be ready and able to take care of every reasonable call for banking accommodations. It can only lend money when the other fellow wants it and needs money. The man with a big balance doesn't need to borrow. This bank is here, ready to furnish money to the man who has need for it and in every case it is our pleasure to meet such legitimate calls for funds. Then too, we can serve the man who has money and who does not need to borrow. We can and will do take care of his surplus funds—rendering a strict and accurate account of every transaction at the end of each month. We also protect him against accidental loss, and in the event of a fire, then too, by a Checking Account—paying by Check—is the safe way to do business. Let us have your account.

**OUR FIRST ANNIVERSARY SALE**

AUGUST 1ST, 1918, THE YORK FURNITURE AND HARDWARE COMPANY opened its doors for business, and during its first year it has enjoyed a splendid and growing patronage. Customers have come to us from all parts of the county and almost every month has totaled up an increased business over the previous month, until today we are enjoying the biggest business of the year. We appreciate this business more than we can express in words. Our business like all other businesses of this unusual time is not as satisfactory as it might be, because we are continually doing business under unsettled conditions. Prices of today may be advanced tomorrow—the goods bought today may come in a week or ten days—they may come in three months—they may not come at all. Some goods cannot be had at all and so it goes and it all makes for very unsatisfactory business conditions. But we have been very fortunate as a whole and our business has been quite satisfactory and it is growing—new customers are coming here day after day. People are realizing that we are in business on a live and let live basis and are giving us their business.

In celebration of our First Anniversary, beginning on Friday, August 1st, We will offer Our Entire Stock of Furniture

**AT A DISCOUNT OF TEN PER CENT FOR CASH**

This 10 per cent discount applies to everything in our stock except Paints and Oils, Automobile Tires and Tubes, Columbia Graphonolas, and Records, Majestic Ranges and Heating Stoves, and with what we know and believe in regard to continually rising prices, We want to assure you that this is a most unusual opportunity to get Supreme values in everything needed and wanted in the way of Home Furnishings.

Remember: This Special Anniversary Sale begins Friday of this week; it continues for ten days, and All goods are offered at a discount of 10 Per Cent for Cash during the ten days.

We thank you for past patronage and assure you of fair and liberal dealings in the future.
