Why Is Ill Health?

Many Causes for a Run-Down Condition

One of the Most Common is Anemia (General Bloodlessness.)

"Ill health" is a relative term. Some individuals are terribly and seriously ill, and need the services of the best doctor obtainable.

Others are not so seriously affected. If your ill health is a result of weak, watery blood (an exceedingly common condition) you can recognize it by the following signs or symptoms:

- 1—Poor color or real paleness.
- 2—"Tired-ness" or general weakness.
- 3—Frequent headaches.
- 4—Loss of appetite.
- 5—Lack of spirits and ambition.
- 6—Loss of bodily strength.

The best remedy is one that will overcome the cause—Anemia or Bloodlessness. "Gude's" Pepto-Mangan is the one peculiarly valuable medicine for this purpose. It supplies the weak, watery blood with the very elements it needs to put new life into the vital fluid (the blood) which carries the good one gets from one's food to all parts of the run-down body. It repairs, re-creates, revitalizes and rebuilds the exhausted blood, the foundation and foundation of health and life.

Try Pepto-Mangan if you are "run-down." It cannot harm you—it will certainly help you unless you have some deep-seated chronic disease requiring the physician's care. Be sure the name "Gude's" is on the package. Without "Gude's" it is not Pepto-Mangan. For sale at all drug-gists.

ALL KINDS OF GOOD INSURANCE

I AM PLEASED to be able to inform my friends, clients and the public generally, that my son, S. EARLE GRIST, is now and has been since August 1, soon after his return from France, associated with me in business. Since coming into the office he has been striving to equip himself for handling the business, and while he does not pretend to be an expert, still he is now in position to give our leading lines—LIFE, FIRE and LIABILITY INSURANCE—such attention as the interests of our clients demand, and I am hoping in future that all who have insurance wants will tell one or the other of us about it. Heretofore, owing to the fact that I was necessarily obliged to be out of my office quite frequently, those who called often found that there was "nobody at home," but from now on one or the other of us will more than likely be found in.

The Most Welcome Tire That Ever Came to Market

Men Who Appreciate Superlative Values Prefer The Brunswick

In every great tire factory, the chief question is: "How much can we give for the money?" And the product depends on the policy adopted.

Every man who has become acquainted with Brunswick Tires knows that Brunswick standards are again evident. This famous concern—noted as a leader in every line it entered since 1845—has once more proved that its policy is right.

A perfect tire is simply a matter of knowledge and standards and skill. No secrets nor patents prevent making an ideal tire.

But standards come first. For in tire making there is vast room for skimping, for subtle economies, for hidden shortcomings. Makers without the highest standards don't build high-grade tires.

The Brunswick organization of tire makers includes a brilliant staff of technical experts. Not a man

among them has spent less than 20 years in handling rubber.

Each is a master of his craft. And the new ideas they bring to the attention of Brunswick directors receive sincere consideration.

Every proved betterment is adopted unanimously.

The Brunswick Tire is a combination of acknowledged features—plus Brunswick standards of manufacture.

The result is a super-tire, the like of which you have never known before. The kind of a tire you will gladly join in welcoming.

Yet Brunswicks cost no more than like-type tires.

Try ONE Brunswick. We promise a surprise. And we feel certain that you will want ALL Brunswicks.

Then good tires will have a new meaning to you.

SEE THE New Model Chevrolet

WE HAVE THEM--READY FOR DELIVERY.

The New Model Chevrolet Cars are very decidedly improved over former Models. The Chevrolet is now easily the leading car value in its price class.

Among other improvements and refinements in the New Models are included a New and Efficient Ignition System, New and More Effective Radiator, Never Leak Top and Side Curtains, Heavier and more gracefully shaped Fenders, Convenient Tool Box, Self Starter and Electric Lights.

The CHEVROLET is not only the best of all hill-climbers in its class, but it is also the most economical in the matter of gasoline consumption—in other words it "Gives more miles per gallon."

The demand for CHEVROLET CARS is increasing and we suggest that if you want one, Come while you can get it. Don't delay.

We have a car load of Wide-Track Studebaker Wagons on the road.
