South Carolina Bureau of Immigration, CHARLESTON, FEB. 21, 1867.

THE undersigned having been appointed Commissioner, has been instructed by his Excellency, Governor One, to organize the Bureau at the earliest possible moment. In a few days agents will be appointed by the Governor to proceed to Europe. whose duty it will be to induce immigration to our State, to disseminate such information as may be furnished them of lands for sale or lease; and to engage such laborers, mechanics, servants and other help as may be desired by the inhabitants of the State. An agent for the same object will, perhaps, be sent to New Vork. It would be desirable that our people furnish this Bureau, without delay, with information how they desire to be served, indicating the kind of help they require and the wages which they are willing to pay, or a description of the lands they have for sale or lease; and their terms and conditions: If combinations can He formed in the several Districts of the State for joint action, it would, perhaps, facilitate mutual operations; and where arrangements can be made to advance part of the passage money of the laboring immigrants by accepted orders to that effect on any of the factors or merchants of Charleston, it would no doubt greatly advance the result. If the people that favor this measure would meet at their respective Court Houses to consult, and indicate their wants, this Bureau would take great pleasure in serving their interest to the best of its ability. A pamphlet will be printed in several European languages for distribution, describing the capacities and advantages of our soil, climate, productions, &c., in which many particulars, that are promptly furnished, may be advertised. The means at the disposal of this Bureau being strictly limited the kind assistance of the conductors of our public journals is respectfully requested. JOHN A. WAGENER, Commissioner of Immigration.
