Seized with the Distillery and fixtures, (supposed to have belonged to Robert Todd, of Anderson county, S. C.) for violation of said Internal Revenue Laws. E. W. EVERSON, Special Deputy Collector. Jan 6, 1870 28

NOTICE!

THE TRUSTEES OF THE Pendleton Male Academy

TAKE pleasure in announcing to the public that they have succeeded in inducing that widely known and very popular Teacher, the Rev. J. L. KENNEDY, to take charge of the Academy for the next year. Mr. Kennedy at one time filled most acceptably a Professor's chair in the University of Georgia, and from his long and eminently successful career as a classical and mathematical instructor of the highest reputation, the Trustees are fully warranted in recommending the institution to the patrons of education generally, as one of the very best Preparatory Schools in the Southern country. The community of Pendleton has been long known as one of the best in the State for its flourishing Academies. Good boarding can be had with pleasant families in the village and vicinity at \$12 per month.

The School will open with favorable prospects on MONDAY, the 17th January, 1870.

Chairman Board of Trustees, J. W. PICKENS. Jan 6, 1870 28

NOTICE

BY THE MERCHANTS AT ANDERSON C. H.

NOTICE is hereby given to the public that we do not propose to do a credit business for the year 1870, but those to whom credit may be given, are notified that all sales are considered due after thirty days; and if not paid, interest will be charged in every instance—whether on note or account—at the rate of one per cent. a month, unless by special contract otherwise.

SECURE YOUR FERTILIZERS FOR THE CROP OF 1870.

COME ONE! COME ALL!!

AND secure the Fertilizers which have been used in many of the States for several years with fine success, and which are now established as among the best Fertilizers, especially for Cotton, Corn, Wheat, Vegetables, &c.

BY JOHN B. SARDY,

Importer and Manufacturer, New York. No. 1 Peruvian Guano, per ton of 2000 lbs. — No. 1 Peruvian Guano and Ground Bones, one-half each, \$77.50 cash, in Charleston. Sardy's "Soluble Phospho-Peruvian," \$67.50 cash, in Charleston. No. 1 Sardy's "Ammoniated Soluble Pacific," \$62.50 cash, in Charleston. Baker's Island Guano, ex ship Eldorado, \$57.60 cash, in Charleston. California (very similar to Peruvian,) Natural Guano, \$77.50 cash, in Charleston. Pure Ground Carolina Bone Phosphate, in blbls. (61 per cent. Bone Phosphate,) \$37.50 cash, in Charleston. Pure ground Land Plaster, in blbls., per bbl., \$2.50 cash, in Charleston. The above are the cash prices, drayage to Charleston depot to be added, and also the freights, which amount to \$5.50 per ton. These Fertilizers will be sold strictly for cash except to reliable parties; and even then one-half must be paid in cash, and a lien upon the crop and upon unnumbered real estate, with one or more sureties to secure the payment of the remaining half; and in every instance an additional price of \$7.50 per ton will be added on time sales, with interest from date at seven per cent. per annum, payable on the 1st November, 1870.

BY B. M. RHODES & CO.,

Baltimore, Md. Rhodes' Superphosphate, one of the oldest Fertilizers in use, and sold under a legal, binding guarantee to be pure and free from adulteration, and what it is represented. Price, \$62.50 per ton, cash, in Charleston.

Orchilla Guano, \$37.50 per ton in Charleston. The two last named will be sold strictly for cash. We will also receive orders and forward for the "Carolina Fertilizer," which costs \$60.00 per ton of 2000 lbs. in Charleston, and will order Peruvian Guano, at market price, for any of our friends who may want it.

In order to save drayage from this depot, storage at this place, &c., we propose to order these Fertilizers to be sent direct to the parties, and let them take them from the depot on arrival. Those desiring to purchase would do well to leave their orders with us at once, and thus secure their Fertilizers in good time—say by the 1st of February or March.

ETIWAN GUANOS, Soluble Manures, AND SULPHURIC ACID,

MANUFACTURED at Charleston, under the direction of Dr. N. A. PRATT, Chemist for the Sulphuric Acid and Super-Phosphate Company. Soluble Phosphoric Acid, in the form of Soluble Phosphate of Lime, or Dissolved Bone Phosphate, is the basis of all good Fertilizers, and these are valuable in the ratio of Soluble Phosphoric Acid which is in them.

The immense deposits of Phosphatic Guanos which were discovered in 1867 in South Carolina, by Dr. Pratt, consists mainly of Insoluble Phosphate of Lime, which is made available as a Fertilizer by being ground to powder, and reduced by Sulphuric Acid to such a condition as to make its insoluble phosphate soluble in water, and thus made capable of being taken up by growing plants. The insoluble Phosphate found in any commercial Fertilizer is of no more value to the plant than the original Phosphate rock. The greater the proportion of this Soluble Phosphate which any Fertilizer contains, the less the quantity required per acre, and consequently the cheapest Fertilizer is that containing the highest per centage of Soluble Phosphate.

Impressed with these truths, the Sulphuric Acid and Super-Phosphate Company have created at Charleston the first extensive Acid Chambers South of Baltimore, and are able to offer to planters the highest per centage of Soluble Phosphate of Lime known in any market.

Their Fertilizers are offered under two forms: 1. ETIWAN, NO. 1.—Pure Soluble Phosphate, guaranteed to contain 24 per cent. of Dissolved Bone Phosphate of Lime, \$60 per ton, 10 per cent. discount on cash.

2. ETIWAN, NO. 2.—Peruvian Superphosphate, guaranteed to contain 20 per cent. of Dissolved Bone Phosphate, and 14 to 18 per cent. of Ammonia, with a sufficient addition of Peruvian Guano to adapt it to all crops, \$70 per ton, 10 per cent. discount on cash.

We also offer Dissolved Bone, of high grade, for planters or manufacturers, who may desire to mix into any other compost, and we suggest that this is the best and cheapest method for manufacturers to transport the Sulphuric Acid contained in the mixture. Will be sold at a fixed rate for each per centage.

ANDERSON MALE ACADEMY.

THE Exercises of this Academy will be resumed on MONDAY, 10th of JANUARY. The scholastic year will be divided into three terms of fourteen weeks each, as follows: The first extending from January, 10th to April 15th; the second from April 18th to July 23rd, and the third from August 22nd to November 26th. The prices of tuition are the same as heretofore:

Higher English studies, with Mathematics, or Latin and Greek with Mathematics, \$13.33 per term. Primary English studies with Arithmetic, 10.00 per term.

A discount of ten per cent. made to those paying in advance, by the term. No deduction will be made for lost time, except in cases of protracted illness. The student will be charged from the time he enters to the end of the term.

In order that the teacher may be able to give satisfaction, it is requested that the pupil be started at the beginning of the term, and allowed to lose as little time as possible. Board can be had in respectable families at \$12 per month.

W. J. LIGON, Principal. Dec 23, 1869 26 4

BAUGH'S RAW BONE SUPERPHOSPHATE OF LIME.

I AM now receiving my supplies of this Manure, and Planters can rely upon getting an article fully up to standard as per analysis. All bought from myself, or authorized agents, I will guarantee, as every cargo so sold is analyzed on arrival here, and the high character of the Manure fully kept up.

J. N. ROBINSON, Sole Agent for South Carolina, Nos. 1 and 2 Atlantic Wharf, Charleston, S. C.

W. S. SHARPE, Agent for Anderson County. Prof. Shepard says of analysis made October 16, 1869: "A valuable Manure, and decidedly superior to the article of last year."
