SPECIAL NOTICES.

THIS VALUABLE FAMILY MEDICINE Has been widely and favorably known in our own and Of 140 acres, four miles from Anderson C. H., on foreign countries, upwards of

### THIRTY YEARS!

It has lost none of its good name by repeated trials, but continues to occupy a prominent position in every family medicine chest.

IT IS AN EXTERNAL AND INTERNAL REMEDY For Summer Complaint, or any other form of bowel

disease in children or adults, it is an almost certain cure, Creek, near White Plains. and has without doubt, been more successful in curing the various kinds of CHOLERA

Than any other known remedy, or the most skillful physician. In India, Africa and China, where this dreadful disease is more or less prevalent, the Pain Killer is considered by the natives, as well as European residents in those climates, A SURE REMEDY; and while it is a most efficient remedy for pain, it is a perfectly safe medicine, ever in unskillful hands. Directions accompany each bottle. Sold by all Druggists.

Price 25 cts., 50 cts., and \$1 per bottle.

### Health's Best Defence.

"The weak cateth herbs," says St. Paul, so that eighteer hundred years ago the value of medicinal plants was appreciated. In the Old Testament botanical remedies are repeatedly recommended, but in no passage of sacred history is man recommended to swallow calomel, or blue pill,

tory is man recommended to swallow calomel, or blue pill, or any other mineral preparation. The sick were directed to eat herbs to strengthen them, to purify them, to heal them, to restore them. In that day the art of making vegetable extracts was unknown. The herbal medicines were mere infusions.

It was reserved for a later age to unite the sanitary essences of tonic, aperient and antibilious roots, barks and plants, with an active stimulant, and thus secure their rapid diffusion through the debilitated or disordered system. The crowning triumph of this effective mode of concentrating and applying the virtues of medicinal vegetables was achieved in the production of HOSTETTER'S STOMACH BITERS. Never before had a perfectly pure alcoholic stimulant been combined with the expressed juices of the finest specifies of the vegetable kingdom. Never yet, though eighteen years have clapsed since its introduction, has this great restorative been equalled. It is taken at all seasons, in all climes, as the most potent safeguard against epidemics, as a protection against all unhealthy exhalations that produce debility or beget discuse; as a remedy for intermittent and other halarious fevers; its an apportizer, as a sovereign cure for dyspepsia; as a general tonic and invigorant; as a gentle, paintess aperient; as a blood deburent; as a nervine; as a cure for billent; central come and invigorant; as a gentle, painless aperi-ent; as a blood depurent; as a nervine; as a cure for bil-ious affections; as a harmless anodyne; and as the MEST DEFENCE OF HEALTH under unfavorable circumstances, such as sedentary pursuits, undue bodily or mental exer-tion, hardship, privation and exposure. onic and invigorant; as a gentle, paint

### Count the Cost.

A day's ride in almost any part of our country will show more than one practical illustration of the parable of the man who commenced to build his eastle without counting the cost. Men often leave out of their calculations such Httle matters as Doors, Blinds, Sashes, Mouldings, &c., and in the end find no comfort in the house which they have built. Remember, therefore, before building, to write to P. P. TOALE, Charleston, S. C., the largest manufacturer of Doors, &c., in the Southern States, for an estimate of the cost of finishing.

### The Human Form Divinc.

What sad havoc Scrofula inflicts on the human system How Rheumatism distorts the frame. What misery the injudicious use of Calomel entails. How sad the effects o Syphilis transmitted from parent to child. Would you avoid these terrible afflictions, fail not to use DR, TUTT's SARSAPARILLA AND QUEEN'S DELIGHT. It pene trates every fibre of the system, even into the bones, and eradicates every trace of disease.

It has been the custom to treat these diseases with Mercury and other Mineral substances, which, though sometimes producing a cure, often prove injurious and entails misery in after life.
The long known injurious properties of these socalled alteratives and purifiers has led the philanthropical man of science to explore the arens of nature, the result of which has been the discovery of vegetable products which possess the power of cradicating these Taints from the Blood.
