

AN APPEAL FOR AID

Masonic Fair.

The friends of Masonry in Anderson county are doubtless aware that Hiram Lodge, No. 68, is largely indebted, and is now laboring under a heavy mortgage over the Masonic Hall.

The authorized committees are announced herewith. For further information, apply to the undersigned.

R. S. HILL, Chairman Committee on Donations.

COMMITTEE ON DONATIONS.

R. S. Hill, C. K. Williford, Jesse P. McGee, F. M. Morgan, A. M. Holland, Thomas M. White, H. B. Major, John C. Whitefield, Mike McGee, Jas. S. Beatty, John T. Green, B. B. Brazzale, Wm. Hamilton, C. B. Gilmer, G. W. Hammond, J. M. Kidd, C. S. Mattison, James Webb, J. C. Keys, John H. Clark, A. C. Dobbins, D. L. Whitaker, Jas. B. Moore, J. L. Jolly and James Wilson.

COMMITTEE OF LADIES.

The following ladies are respectfully requested to co-operate with the Committee on Donations, and procure contributions in aid of the Masonic Fair.

SPECIAL NOTICES.

CHOLERA!

At the commencement of the Diarrhea, which always precedes an attack of the Cholera, take a teaspoonful of the Pain Killer in sugar and water, (hot, if convenient), and then bathe freely the stomach and bowels with the Pain Killer.

Directions accompany each bottle. The Pain Killer is sold by all dealers in Medicines. Price, 25 cents and \$1 per bottle.

Sinking Slowly.

Diseases that progress rapidly to a crisis are not the only ones to be dreaded. Canker or dry rot does not blast a tree as suddenly as a stroke of lightning, but unless arrested, it destroys it as certainly; and in like manner chronic debility, although it does not kill with the swiftness of yellow fever, is as sure to sap the springs of life eventually as any acute disease, if not checked by invigorating medication.

Our Manufacturing Interests.

The manufacturers of the North have asked for and obtained the assistance of the National Government until they have become a burden to the people at large, and the tax paid by the United States for the support of these manufacturers is equal to all the other taxes put together.

ANNOUNCEMENTS.

The many friends of WM. H. HAYNIS, Esq., respectfully announce him as a candidate for re-election to the office of School Commissioner for Anderson County at the ensuing election.

The friends of F. M. WELBORN respectfully announce him as a candidate for the office of School Commissioner for Anderson County at the ensuing election.

The numerous friends of Maj. JOHN B. MOORE, formerly Representative from Anderson County, would suggest him as a fit and suitable person to represent this county in the next State Senate, and present his name for that position.

The name of the Hon. JOHN WILSON is presented as a candidate for the Senate, irrespective of party nominations. Occupying a conservative position, by a long legislative experience, he is best fitted to wield a commanding influence. The people have and will trust him.

The many friends of Col. WARREN D. WILKES, without regard to party names or party nominations, offer his name to the people of Anderson County as a candidate for the House of Representatives. Sound, reliable and conservative, no man would exert a more salutary influence in that body.

"BAD BLOOD."

"The Life is the Blood." FROM it we derive our strength, beauty and mental capabilities. It is the centre of our being, around which revolves all that makes existence happy. When this source is corrupted the painful effects are visible in many shapes, prominent among which is SCROFULA. This is a taint or infection of the human organism, and probably no one is wholly free from it exhibiting itself in various shapes—as Ulcers, Anorexia, Decayed Bones, Diseased Scalp, Sore Eyes, Weak and Diseased Joints, St. Vitus' Dance, Foul Discharges from the Nostrils, Eruptions, Glandular Swellings, Throat Affections, Rheumatism, Heart Affections, Nervous Disorders, Barrenness, Disorders of the Womb, Dropsy, Syphilis Affections, Liver Complaint, Salt Rheum, Dyspepsia, Neuralgia, Loss of Manhood and General Debility. It has been the custom to treat these diseases with Mercury and other violent medicines, which, though sometimes producing a cure, often prove injurious and entails misery in after life. The long known injurious properties of these so called alteratives and purifiers has led the philanthropic man of science to explore the arena of nature, the result of which has been the discovery of vegetable products which possess the power of eradicating these Taints from the Blood.
