Unanswerable Arguments.

Established facts are silent arguments which neither pen nor tongue can shake, and it is upon established facts that the reputation of Hostetter's Stomach Bitters, as a health-preserving elixir, and a wholesome and powerful remedy, is based. When witnesses come forward in crowds, year after year, and reiterate the same statements in relation to the beneficial effects of a medicine upon themselves, disbelievers in its efficacy are literally impossible. The credentials of this unequalled tonic and alterative, extending over a period of nearly twenty years, include individuals of every class, and residents of every clime, and refer to the most prevalent ailments of the complaints which afflict and harass the human family. Either a multitude of people, strangers to each other, have annually been seized with an insidious and untimely desire to deceive the public, or Hostetter's Bitters, for no less than a fifth of a century, have been affording such relief to sufferers from indigestion, fever and ague, biliousness, general debility, and nervous disorders, as no other preparation has ever imparted. Today, while the eyes of the reader are upon these lines, tens of thousands of persons of both sexes are relying upon the Bitters as a sure defence against the ailments which the present season engenders, and their confidence is not misplaced. The local physicians which interested dealers sometimes endeavor to foist upon the sick in its stead, are everywhere meeting the fate that is due to fraud and imposture, while the demand for the great vegetable-specific is constantly increasing.

Successful Southern Enterprise.

Of many new Southern enterprises which have been undertaken since the war, none have met with greater or more deserved success than the door, sash and blind manufactory of Mr. P. P. Toole, in Charleston, S. C. By hard work, indomitable energy and liberal advertising, Mr. Toole has in three years outstripped all competition and established a business which would do credit to any city in the United States.

No Humbug.

We do not wish to inform you, reader, that Dr. Wonderful, or any other man, has discovered a remedy that cures all diseases of mind, body or estate, and is designed to make our sublunary sphere a blissful Paradise, to which Heaven itself shall be but a side show, but we do wish to inform you that Dr. Sage's Catarrh Remedy has cured thousands of cases of Catarrh in its worst forms and stages, and the proprietor will pay \$50 for a case of this loathsome disease which he cannot cure. It may be procured of druggists or by mail for sixty cents, from R. V. Pierce, M. D., Buffalo, N. Y. A pamphlet sent free.

ETIWAN GUANOS, SOLUBLE MANURES,

SULPHURIC ACID,

AND ETIWAN WORKS, CHARLESTON, S. C. BY THE SULPHURIC ACID AND SUPERPHOSPHATE COMPANY.

THE now well-known ETIWAN GUANO is manufactured from the Native Bone Phosphates of South Carolina. These Phosphates in their natural state are Insoluble, and require to be ground to powder, and made Soluble by Sulphuric Acid. This Company have now in operation the largest Sulphuric Acid Chambers at the South, and are, therefore, able to manufacture at the lowest rates, the highest grade of Fertilizer; it being clear that the greater the proportion of Soluble Phosphate which any Fertilizer contains, the less the quantity required per acre. In order to make the Fertilizer complete, Ammonia and Potash in sufficient quantities are added. With these views the Company manufacture and offer for sale

ETIWAN GUANOS

Warranted to contain from 15 to 20 PER CENT. OF DISSOLVED BONE PHOSPHATE OF LIME, and from 2 to 2 1/2 per cent. of AMMONIA, with a sufficient addition of PERUVIAN GUANO and POTASH, to adapt it to all crops. Price \$63 per ton, cash; on time, \$70 per ton, and interest 7 per cent. per annum.

DISSOLVED BONE,

Of high grade, suitable for Manufacturers or for Planters, being in itself an excellent Fertilizer, and specially adapted for compost. As large quantities of Sulphuric Acid are used to dissolve the Phosphate, this will be found a cheap and convenient way to transport that material. The grade furnished will be from 18 to 20 per cent. Dissolved Bone Phosphate. Price \$40 per ton cash. On time, \$45, with interest at 7 per cent. per annum. Still higher grades will be furnished to order at an additional price per centage.

COMPOUND ACID PHOSPHATE,

Specially prepared for composting with cotton seed and other plantation manures. Price \$35 per ton, cash; on time, \$40, with interest at 7 per cent. per annum.

GROUND BONE,

At much lower rates, consisting simply of the Native Bone Phosphates ground to powder. Price \$20 per ton cash. On time, \$22 and interest at 7 per cent. per annum.

WM. C. BEE & CO.,

AGENTS, No. 14 Adger's Wharf, CHARLESTON, S. C. N.
