

SPECIAL NOTICES.

THE PAIN KILLER. May justly be styled the great medicine of the world, for there is no region of the globe into which it has not found its way, and been largely used and highly prized.

Another significant fact is, that nowhere has the Pain Killer been in higher repute, or been more generally used, by families and individuals, than it has been here at home, where it was first discovered and introduced.

When disease has undermined the health, and the physical system has become prostrated, a stimulant that will not only strengthen, but remove the cause, should be immediately resorted to.

THE FUTURE PROSPERITY OF THE SOUTH.—There can be no doubt that it would contribute greatly to the future prosperity of this section of the Union if many amongst us would turn their energies and capital in new channels of enterprise and business.

IF YOU have a bad taste in your mouth, salivaceous or yellow color of skin, feel despondent, stupid and drowsy, appetite unsteady, frequent headache or dizziness, your "bilious" and nothing will arouse your liver to set on and strengthen up your system, equal to Dr. Pierce's "A. H. Ext. or Golden Medical Discovery."

THE TOPIC JUST NOW! IF YOU WANT A PRETTY DRESS, A BEAUTIFUL HAT OR BONNET, A DRESS made up in the best style, in short, if you want anything in DRY GOODS, MILLINERY or DRESS MAKING, or should you want samples of Dry Goods, send to

JAMES W. FOWLER, Proprietor "Emporium of Fashion," ABBEVILLE, S. C. His stock was never so attractive, especially in Dress Goods and Millinery. Oh, the HATS are beautiful, and so becoming. Mrs. GAIN certainly has exquisite taste.

PROBABLY some persons may wonder how it is that so small a town as Abbeville can do and support such an establishment as the "Emporium of Fashion." How it is that the patrons of the "Emporium of Fashion" always look so stylish, I answer, because I employ the best talent in the Millinery and Dress Making Departments; because I have every facility for doing work in the best style; and being Agent for E. Butterick & Co's celebrated Patterns, as well as being a branch of Madame Demore's, of New York, receiving her Trimmed Patterns every six days.

A Providential Remedy. The Mongoose, bitten by a poisonous serpent, seeks a certain plant, eats of it and recovers. In like manner thousands of European dyspeptics, and victims of liver complaint, disorders of the bowels, debility, droopy, rheumatism, &c., flock to the Seltzer Spring in Germany and are cured by its salutiferous waters. We have this spring, in all its salutiferous perfection, multiplied and refined, in this country, in the form of

IT is under the management of men of well known integrity and ability. It is a PURELY MUTUAL COMPANY, managed entirely in the interests of its Policy Holders. It is a strictly CASH COMPANY, avoiding the CREDIT system which is at best expensive, complicated, and often deceptive, and is being abandoned by the best Companies in the North. In the three most important points of management, to-wit: Per centage of "realized" assets, prudence in selection of risks, and economy, the Policy Holders' has no equal among the Companies doing business in South Carolina, not excepting two of the leading New York Companies.
