

Anderson Intelligencer.

Mr. E. F. Gary, late principal clerk in the Treasurer's office, has been appointed State Auditor ad interim, to take effect October 1st, in place of Maj. E. L. Deane, resigned. Maj. Deane has left for the West. It is said that the business of the State Auditor's office is in a muddle, and that Mr. Gary is a suitable person to bring order out of chaos.

A Washington dispatch says: Advice from Ohio indicate that the Republicans will elect their State ticket in October by a very decided majority, but owing to the differences in the party in Hamilton county, the indications are very favorable for a Legislature in the interest of the Conservatives, who, in such an event, will secure a United States Senator in place of Mr. Sherman.

The Legislature of Illinois, it is reported, will be placed in an embarrassing situation by the action of the presiding officers of the two bodies of which it is composed. The Speaker of the House of Representatives, it is asserted, intends to summon that body to meet in special session in Chicago, on November 15th, and Lieutenant Governor Dougherty intends to summon the Senate to meet at Springfield, the State capital, on the same day.

It would appear from recent reports that the English Government is about sending a full Minister to San Domingo, in order to counteract what are called "the designs" of the United States in that region. The new diplomatic representative is Spencer St. John, who is represented to be an able, ardent and active man, with great experience of the people with whom he has to deal.

The opening of the Mont Cenis tunnel, which is announced by cable, is one of the greatest, perhaps the greatest engineering feats of the age, unless the Suez canal may dispute the palm with it in this respect. Trains are now running from Italy into France, by this tunnel, over and through the Alps. Its construction was a work of great difficulty, being about eight miles in length.

The Tax-Payers' Convention is in session at Austin, Texas. Governor E. M. Pease is President, and ninety-five counties are represented. A resolution has been passed that a committee be appointed to wait on the Governor and ask his co-operation with the convention, for the purpose of reducing taxation. Another resolution was passed that no candidate be supported at any election who will not pledge himself to retrenchment and reform.

The New York Sun, in speaking of the frequent reports of the outrages committed by the Lowry gang in North Carolina, states that this gang do not belong to the Ku Klux, and charges upon the Washington administration that they are negroes, who are permitted to continue their depredations unmolested, while a large body of soldiers are for political effect mustered at the capital of the State, where they are not the remotest possibility of their services being required.

James Neely, living near Ripley, Fairfield county, Ohio, died recently, leaving a fortune in money, supposed to amount to \$15,000, but as no one knows where the old gentleman kept the treasure, the heirs are left the task of hunting it up. They have gone to work vigorously with pick and shovel, and have pretty well dug the farm on which Neely lived from centre to circumference. On his death-bed Neely refused to give his children information as to where he had secreted the money he was known to possess.

THE undersigned are now receiving a fine and well selected stock of Goods in their line, such as—

NOTICE.

OFFICE OF THE SOUTH CAROLINA LAND AND IMMIGRATION ASSOCIATION, ACADEMY OF MUSIC BUILDING, Charleston, S. C., September, 1871.

THE South Carolina Land and Immigration Association beg to inform their subscribers that from apprehension that the prevailing fever in Charleston may produce interruption to their business, which has progressed very satisfactorily up to this time, and the impossibility of having the drawing during the existence of the Yellow Fever in this city, would respectfully announce to their patrons, that the drawing will be postponed until the 8th of January, 1872.

The postponement so far from being any detriment to our large list of Ticket-holders, is an absolute guarantee that it will positively take place at the time named, and affords an opportunity to thousands of our friends throughout the South who were anxious to secure tickets, but were unable to do so, until they had realized from the sale of their crops.

Respectfully, &c.,
