

[PUBLISHED BY REQUEST.]
To the Baptist Churches and Ministers of the Saluda Association.

DEAR BRETHREN: The time for the meeting of your body is drawing near, and we take this early opportunity of laying before you the claims of the State Mission cause, with the earnest hope that we shall thereby enlist your interest in the matter. The Mission Board has four missionaries now in the field, and the work which these men are doing is both important and encouraging, and we are laying plans for new work, which we hope to carry into execution just so soon as we see the way open to do so. What we shall do in the coming months will depend largely upon the way the brethren remember us in sending up funds to their Associations. And as many of your churches are noted for their readiness to contribute to every good work, we earnestly beg that when you are making up your contributions to send to the Association, you will give our Board a place in your liberality. We affectionately urge you, brethren, to remember us; and we also ask each church to send up one dollar for the printing of the Convention minutes, and we promise that you shall receive your share of them when they are printed.

We will be grateful to the ministering brethren who see this appeal if they will bring it to the attention of their churches.

We will be present at the meeting of your Association, to receive the free-will offerings of the churches, and we trust you will so remember us that we shall be permitted to make a good report of you before the brethren of the State. Your fellow-laborer,

A. W. LAMAR, General Agent.

Dr. January and Cancer!

THE celebrity of the JANUARY INFIRMARY, established in Murfreesboro, Tenn., in 1843, associated the above name with the treatment of Cancer until they became synonymous, both passed away with the war. But great discoveries, like truths, live forever. Dr. J. O. JANUARY, inheriting his father's talents, and improving on his experience, has achieved a success in the treatment of Cancer, which has won for him an increased patronage he has permanently located in St. Louis; the numerous letters he is receiving, and large arrival of patients, justify his move to this central point. We would advise all afflicted with Cancer, Scrofula, Fistula, or any other disease, as he possesses perfect control of those diseases, without pain or the knife. Address, JANUARY & MADISON, 715 Chestnut St., St. Louis, Mo.
