

A Washington letter says: "No decision has yet been announced by the Supreme Court in the Sepaugh case from South Carolina, involving the constitutionality of the Ku Klux law. It is understood, that so far, the members of the court have held no formal deliberations on the subject. The question now is scarcely considered of any consequence, and it is now in contemplation by the department of justice to order the United States attorney for South Carolina to withdraw the case against Sepaugh. Should this be done, which is very probable, it makes an end of the whole matter."

The board of engineers, appointed to examine the James River and Kanawha Canal project, report that it is entirely practicable to connect the waters of the James and Ohio Rivers by a water navigation seven feet deep. A tunnel as long as that at Mount Ceniz would be required. The proposed water line can be completed in six years, at a cost of \$50,000,000 to \$60,000,000. In the opinion of the board this route presents extraordinary claims as a means of relief to the population of the Western States, in furnishing them, for their bulky productions, cheap transportation to a market, and for fostering the commerce of the United States by developing immense mineral resources now neglected.

SPECIAL NOTICES.

TIME IS MONEY.—The old fashioned manner of building houses, and waiting for months for the sashes, doors and blinds to season, is obsolete. A live enterprising man who reads the newspapers, and keeps posted about matters of business, will make an estimate of what is required in the house he is about to erect, send to Charleston S. C. to the builders' Emporium, and have all his Doors, Sashes and Blinds, ready to go in its place when the weather-boardings are put on. Messrs. L. H. Hall & Co., the Proprietors, have the most extensive stock of Building Materials and Ornamental House Work, including White Pine, and Fancy Lumber, Marble Marbled Slate Mantels, Asbestos Roofing Felt, &c. Send for price lists and circulars.

Peruvian Syrup.—This valuable medicine has been silently making its way into public favor by the numerous remarkable cures it has performed. Its singular efficacy is owing to the presence of iron which in this preparation remains unchanged, and is the only form in which this vital element of healthy blood can be supplied.

GO TO TEXAS VIA THE LONE STAR ROUTE!

Passengers going to Texas via Memphis and Little Rock, or via Shreveport, strike this line at Longview, the Best Route to Palestine, Hearne, Waco, Austin, Huntsville, Houston, Galveston and all points in Western, Central, Eastern and Southern Texas. Passengers via New Orleans will find it the Best Route to Tyler, Mineola, Dallas, Overton, Crockett, Longview and all points in Eastern and Northeastern Texas. This line is well built, thoroughly equipped with every modern improvement, including New and Elegant Day Coaches, Pullman Palace Sleeping Cars, Westinghouse Air Brakes, Miller's Patent Safety Platforms and Couplers, and nowhere else can the passenger so completely depend on a speedy, safe and comfortable journey. The LONE STAR ROUTE has admirably answered the query: "How to go to Texas?" by the publication of an interesting and truthful document, containing a valuable and correct map, which can be obtained, free of charge, by addressing the GENERAL TICKET AGENT, International and Great-Northern Railroad, Houston, Texas. EYE, EAR AND THROAT.

DR. J. W. GURLEY

HAS OPENED AN OFFICE IN THIS PLACE, WHERE THOSE SUFFERING WITH ANY DISEASE OF THE

EYE, EAR OR THROAT,

CAN receive immediate attention and permanent relief. With the Oscope for examining the Ear, the Ophthalmoscope for examining the Eye, the Laryngoscope for the Throat, he is able to detect, and treat successfully, troubles that have heretofore been considered incurable. As to his success in the treatment of Eye diseases, he invites attention to the following certificates:

ANDERSON, S. C., August 1st, 1873.
This is to certify that I have been blind for the last three years, during which time I have spent several hundred dollars in trying to obtain relief, the greater part of which I spent in Atlanta, Ga., under treatment of Dr. Hooton, without obtaining any relief whatever. I had almost despaired of ever being able to see, when Dr. J. W. Gurley informed me that my case was Cataract, and, by an operation, he believed that he could restore my sight. I consented, and on the 17th of February last, he operated upon my eyes. On the seventh day after, I was able to distinguish objects at a distance. My sight has improved ever since, and now (Aug. 1st) feel that, with the aid of my glasses, I can see as well as any person of my age (67), and am able to attend to all my business—which renders me a happy man, being brought from Darkness to Light. I can cheerfully recommend Dr. Gurley to persons suffering with any disease of the Eye.
MATTHEW SNIPE.

ABBEVILLE, C. H., S. C., May 13th 1873.
Dr. J. W. GURLEY—Dear Sir: I have been almost blind for quite three years, caused by Granular Ophthalmia, and general inflammation of the Eyes. I was under treatment of Dr. Voorhees, (Ophthalmic Surgeon,) of Memphis, Tennessee, one year; and at the expiration of that time, found myself very little improved. I had about despaired of ever being able to enjoy perfect vision again, when my attention was called to your advertisement. I made up my mind to try your skill, hoping at least to get rid of the terrible inflammation, which rendered me almost crazy at times. My hopes have been more than realized within the remarkably short time of eight weeks. The inflammation is all gone—granulations very nearly so. The lids have resumed their normal appearance, and my sight is perfectly restored. I can read the smallest print with ease, without the aid of spectacles. I can recommend those suffering with any disease of the Eye to call on you at once.
BENJ. E. BARRSDALE.

Other references can be furnished as to patients already cured under his treatment during the past year. Office over the Store of N. K. SULLIVAN & Co., Granite Row, Anderson, S. C.
