

LOCAL MATTERS.

BRIEF MENTION.

The Ordinance of Baptism was administered to twelve converts by the Rev. J. R. Earle at the Salem Baptist Church on last Sabbath.

Mr. John Harkins, one of the oldest citizens of our County, died near Belton on last Monday evening. He was about 90 years of age.

We direct attention to the advertisement of Col. W. S. Smith, whose store at Belton is now filled with a varied assortment of goods, which he is willing to sell at the most reasonable prices for the money. Give him a call.

We would bespeak for Messrs. Bell, Prevost & Cunningham, whose advertisement appears elsewhere in this issue, a liberal patronage from the public. They are reliable gentlemen, and will be found accommodating to those who may desire to trade with them.

A large and valuable body of land, belonging to the estate of the late Col. D. S. Taylor, and conveniently located to this place, will be sold this fall in due course of administration. Persons desiring land in this vicinity may find a chance for good investment.

There is to be a public installation of the Officers of Broadway Division of Sons of Temperance for the ensuing quarter at Neal's Creek, on Saturday evening, October the 9th. An address from G. F. Tolly, upon the subject of temperance and interests of the order, is expected.

Wm. Lee & Co., of Honea Path, have concluded to try a different method of advertising, and have selected the *Intelligencer* as their medium of communication with all the people. Every one will wait with anxiety to hear what this reliable and enterprising firm will have to say next week.

There will be a temperance picnic at Ebenezer Church, on Saturday, the 9th of October, at which addresses from Revs. W. A. Hodges, D. E. Frierson and others may be expected. Other temperance organizations in the surrounding country are requested to participate, and the public are invited to attend. There will also be a public installation of Officers of the Division at that place, which will serve for the ensuing quarter.

We were shown an open boll of Cheatham cotton, taken from the patch of Mr. C. A. Reed, on Monday last. It had even full opened locks, and its fiber was whiter and finer than ordinary cotton. The cluster of locks measured six inches in diameter, and the yield from such cotton will be many times as great as from the general crop planted by our farmers. It presents a strong argument in favor of improved seed in cotton culture.

The Seventh Annual Meeting of the Anderson County Singing Convention convened with the New Lebanon Baptist Church on last Friday, Saturday and Sunday. In addition to the usual exercises in song on Sunday an excellent essay on music was read by J. L. Tribble and an address delivered by E. B. Murray. The officers of the Convention are, President, J. G. Douthit; Vice-President, L. W. Kay; Secretary and Treasurer, S. L. Eskew.

The Baptism at Cross Roads Baptist Church on last Sabbath morning was a most beautiful and impressive scene, and was witnessed by an immense concourse of people. There were eighty-two candidates to receive the solemn Ordinance, which was administered by the pastor, Rev. E. R. Carwell, to the whole number in thirty-two minutes. After the Baptism the usual morning service in the Church was conducted by the pastor, whose sermon upon the occasion is said to have been a very fine production. The whole of the exercises were appropriate, and commanded the most profound respect and attention from those who were present.

We call the attention of owners of gin houses to the advertisement of Mr. J. A. Brock, who has recently entered upon the insurance business, and who is now prepared to take risks upon gin houses, in addition to other property. His offer to insure gin houses is from the oldest insurance company in the United States—the Insurance Company of North America, which has been in existence for eighty-one years. Mr. Brock also represents the Home Insurance Company of New York and the Franklin Insurance Company of Philadelphia, and the total assets of the three companies amounts to fifteen millions of dollars. These are safe and reliable companies, and it is altogether unnecessary for us to commend Mr. Brock to this community in a business capacity. The fact that he has accepted the agencies of these companies is a sure guarantee that they are sound and reliable.

DEATH FROM APOPLEXY.

We regret to announce the death of Mr. Thomas Kennedy, which occurred in Columbia on Monday last, of apoplexy, with which he was attacked on the day previous. Mr. Kennedy was a member of the firm of Bleckley, Brown & Co., and was favorably known in our community as a gentleman who was assiduous in his application to business. Some time since he was paralyzed so as to lose the use of his lower limbs, and remained in this condition until his death. His remains were brought to Anderson on Tuesday, and carried to Snyrna church yard, near Lowndesville, for interment. On Tuesday, at the hour for the arrival of the corpse, the stores and places of business in town were closed as a mark of respect to the departed.

OUR COUNTY FAIR.

Persons who design becoming exhibitors at the approaching County Fair are requested to examine the rules and regulations adopted by the managers, which will be found in the premium list, and those not having copies of the same are invited to call at this office and get a pamphlet. The books of the Secretary will be opened on the 11th of October, for the purpose of receiving entries, and it will greatly facilitate the business for exhibitors to hand in their entries prior to the Fair. The Secretary's books will be opened at his office on the Fair Grounds on Tuesday, 29th of October, and will be closed at four o'clock that afternoon, except as to live stock, which entries will be received until eleven o'clock a. m. on Wednesday, 27th October, after which time no entry will be received. Remember, that at the exhibition lasts three days—Wednesday, Thursday and Friday.

SUDDEN DEATH.
Mrs. Clemson, the last surviving child of the Hon. John C. Calhoun, and wife of the Hon. Thomas G. Clemson, died at five o'clock p. m., on Wednesday the 22nd inst., near Pendleton at Fort Hill, the former residence of her own family. She was the last link of a distinguished family of the past generation from which Carolina's favorite son figured so extensively in the councils of the Union, and of this, his native State. Her decease will be regretted not only by her own circle of relatives and friends, but also by the people of Carolina, who have so often attested their appreciation of, and love for, the many virtues and acquisitions of her father.

Meeting of Bible Society.
The twenty-seventh anniversary meeting of the Anderson County Auxiliary Bible Society was held in the Presbyterian Church in this place, on Sunday, 20th September, 1875.
Rev. E. A. Bolles, District Superintendent of the American Bible Society, was present, and delivered a very forcible and appropriate sermon, after which the usual collection for the benefit of the society was made, and \$20 75 collected.

The President of the Society, Col. Joseph N. Brown, announced the absence of the Secretary, and on motion J. A. Brock was appointed Secretary pro tem.

On motion, Mr. Wm. Lee, delegate from Honea Path Branch Bible Society, was invited to a seat and to participate in the proceedings.

The Treasurer, Mr. A. B. Towers, read his annual report, showing amount of money received and disbursed, and number of Bibles disposed of. On motion, confirmed and adopted.

A report from the Branch Society at Honea Path was also read, which shows that Society to be doing much good.

Rev. Mr. Bolles gave some very acceptable suggestions and matters of interest relative to the Society.

On motion, the Secretary was instructed to invite Prof. J. H. Carlisle, of Spartanburg, to deliver the anniversary address before this Society at its next meeting, to be held in the Baptist Church, in this place, on the Fourth Sunday in September, 1876.

The following officers were elected to serve for the ensuing year: Col. Joseph N. Brown, President; Revs. J. S. Murray and D. E. Frierson, Vice-Presidents; John W. Daniels, Esq., Secretary; A. B. Towers, Treasurer; Executive Committee, Messrs. James A. Hoyt, J. B. Clark, W. J. Ligon, M. L. Sharpe, T. M. White, W. W. Mood and Wm. Lee. On motion, adjourned.

J. A. BROCK, Secretary pro tem.

HYMENEAL.
MARRIED, at the residence of the bride's father, in Anderson County, on the evening of Sept. 16th, 1875, by the Rev. Hugh McLees, Mr. JOHN M. GUYTON, and Miss EMMA, daughter of Maj. T. H. Russell.

THE COTTON CROP.—The annual report of the cotton crop of 1874-75, as prepared by the editors of the New York *Financial Chronicle*, makes the total crop 3,822,901 bales, against 3,827,845 bales as calculated by the National Cotton Exchange, New Orleans, the difference being only 5,146 bales. The trustworthiness and careful statistics of the *Financial Chronicle* have always caused them to be esteemed of the highest authority in reference to the Southern staple, and these figures may be regarded as nearly correct. The statement of the cotton crop is as follows:

AGUE CONQUEROR;
NO QUININE, NO ARSENIC, NO POISONS.
This is strong language, as physicians and Chemists have for years tried to compound a preparation that would entirely cure FEVER and AGUE without the use of strong medicines such as Quinine, Arsenic and other poisons injurious to the system. There is no case of Fever and Ague, Intermittent or Bilious Fevers, Chills, Malaria, Night Sweats, Liver complaints, &c., that this remedy will not cure at once and permanently. It purifies the Blood, Liver, Spleen, and all secretory organs so effectually that the Chills will not return during the season, even when persons have had them for years.

SULPHURIC ACID AND Superphosphate Com'y.
ETIWAN FERTILIZER. The Etivan will pay on small grain.
ETIWAN DISSOLVED BONE, the best Superphosphate on the market, peculiarly adapted to the growth of small grain, clover and grasses.
We can also supply a preparation called Chemical Crop Food, for composting or using alone, which we recommend for all grain, grass or root crops. The chemicals for composting are put up in barrels of 250 pounds net. Each barrel contains 200 pounds of twenty-nine per cent. Soluble Bone Phosphate of Lime and fifty pounds of Muriate of Potash, yielding forty-five per cent. pure Potash; hence, each barrel would supply of Soluble Phosphoric Acid, 25 pounds; Sulphate of Lime, or Land Plaster, 94 lbs.; pure Potash, 22 1/2 lbs. From the richness of this preparation it is shipped in barrels, and may come in a soft state, mushy. In this case it can be dried at once by putting sufficient dry ashes or dust, and rubbing the same together, which should always be done thoroughly, disintegrate and separate the fertilizer. Two barrels, with one thousand five hundred pounds Stable Manure, will make a ton of home-made home-spun fertilizer. "The working man's friend."
