BRIEF MENTION.

We are requested to announce that the Hopewell Democratic Club will meet at Ball's Mill on the first Saturday in February next, at two o'clack p. m. All the members of the Club are earnestly requested to attend this meeting.

Mr. William B. Watson has purchased the Silcox place, situated about a mile and a quarter north of the Court House. He has removed to his new residence, and is fitting up and repairing the premises. He will have a very handsome and commodious

We understand that the town of Pendleton offers to furnish Anderson with a few car loads of excellent mud-warranted to have superior miring qualities. We appreciate the offer, but as we have an abundant supply of this commodity already on hand, we must respectfully decline any increase by importation.

The collection of taxes has been going on steadily since our last issue, and a large number of persons from the country have rode through the mud and disagreeable weather to respond at once to Hampton's call. Up to this writing there has been collected \$1,514.25, which has been paid in by 372 tax-payers, white and colored.

We would call attention to the advertisement of the Carswell Institute, which appears in another column. The principals have had considerable experience, and are thoroughly competent as instructors. Persons contemplating patronizing the Institute will do well to confer with the principals, and to clip the advertisement from this issue for future reference.

At the last regular meeting of Broadaway Division, No. 77, Sons of Temperance, the following officers were installed: J. B. Carpenter, W. P.; J. A. Shirley, W. A.; A. A. Carpenter, R. S.; A. J. Keown, A. R. S.; E. M. Holland, F. S.; W. P. Kay, T.; A. Langston, Chap.; S. E. Gentry, C.; M. A. Kay, A. C.; James Martin, I. S.; D. D. Gentry, O. S.

For nearly five weeks now the earth has either been covored by snow or drenched with rain, so that the pursuit of the agriculturist has been completely suspended. This long continued wet weather has thrown our farmers very much behind with their arrangements for the planting season. In fact, little or nothing towards the prepararation of land has been done, and the long continued rains have partially destroyed the benefits arising from the freezes and snow which preceded. The roads are in a horrible condition, and there is very little of travel through the County in consequence. The return of sunshine is welcomed by all.

SAN DOMINGO.

There has been considerable interest manifested by the colored people of this community upon the subject of emigrating to San Domingo by colonies. Frequent meetings have been held, and we are informed that a resolution in favor of the project was adopted at a meeting at the Greeley Institute one night last week. It was also decided to hold a mass meeting of the County at this place on next Saturday, to which all the colored people of the County are invited. There are the most exaggerated rumors afloat as to the reception which awaits them, if they go. Land, agricultural implements, &c., have been promised, and these wild schemes and plans have as strong believers now as the famous "forty acres of land and a mule" had just after emancipation. The message of President Grant is no doubt the origin of these deluding agitations, but their object is, we believe, a political one. A laborer on the place of Mr. C. C. Armstrong was summoned to be here next Saturday to testify on oath why he voted the Democratic ticket. The summons was left by an unknown colored man, and has no authority whatever, but it shows that the meeting for next Saturday is intended to accomplish some rascality. Our farmers should warn their hands not to testify or sign papers before any one unless regularly summoned by an officer of the law, for these rascals who pick up affidavits do not hesitate to make a man say a thing when he intends something entirely different.

what the deponents desire to say. In conclusion, we would say to the colored people that there is nothing in this movement. The United States has no land in San Domingo, and cannot give any to colored people or to any one else. The whole scheme is a hoax, and is intended to accomplish some political end. We advise the colored people to cut loose from these tricksters, either white or colored, who get up these measures for their own ends There is no chance for them to get any person off to San Domingo, and they know It but then they can make the excitement pay them in another way, and so they are trying to fool the masses of the colored people.

- The iron for the Spartanburg and Asheville Railroad is now being received in large quantities, and the work of tracklaying will begin very soon. It is cheering to note such encouraging signs of material progress in these dull times.

LOVE AND JEALOUSY.

A Young Lady Stabbed by her Lover-

Arrest of the Demented Man.

The quiet community of Williamston was

startled on last Wednesday night with one

of the most shocking occurrences it has ever

been our fortune to record. In a jealous

rage at the refusal of a young lady to re-

ceive his attentions and accept his proposals

of marriage, a young man attempted to take

the life of a young lady, and has thrown a

gloom over respectable households by his

rashness and desperation. The particulars

are stated as follows: Between the hours

of eight and nine o'clock on Wednesday

evening, a young man named Lawrence

Smith, of Greenville County, who was visit-

ing the house of E. J. Pinson, Esq., induced

the daughter of his host, Miss Pinson, to

accompany him a short distance from her

father's house, and without provocation in-

flicted eleven or twelve wounds upon her

person with a knife. He had been a suitor

for the young lady's hand for the last six or

eight months, and it is supposed that her

and at one time her condition was consider

ed critical, but the latest information gives

promise of a speedy recovery from her

Lawrence Smith, after committing this

errible act, is said to have wandered about

the vicinity of Williamston, but he was

found the next day at his mother's resi-

dence, near Grove Station, on the Greenville

and Columbia Railroad. His uncle, Mr.

Trowbridge, upon hearing the facts relative

to the tragic occurrence, immediately went

to the house of Smith's mother, and carried

him to Greenville, where he was placed in

the custody of the Sheriff. He belongs to

a respectable family, and is a young man of

intelligence. He stated upon his arrest that

he had always entertained the highest re-

spect for the young lady, and declared that

there was no premeditation in the act,

though he exhibited no unusual remorse,

friends claim that he is demented. The

Tribute of Respect.

The following preamble and resolutions

vere adopted at the last regular conference

of the Anderson Baptist Church, held on

the second Sabbath of the present month:

dispensation of infinite wisdom, has removed

by the hand of death from our midst our

beloved brother, F. C. v. BORSTEL, who

was for more than twenty years, a faithful,

energetic member of this Church, and for a

number of years one of its most active, de-

voted and working Deacons, whose exem-

rememberance, and whose untiring and self-

sacrificing labors of love as Superintendent

of the Sabbath School endeared him to all

interested in the spiritual welfare of the

young. The death of such a Christian is a loss to the Church and the community, yet we recognize in this bereavement the hand of our Heavenly Father, whose judgments and ways are altogether right, and while we humbly and confidingly submit to this afficiency rejection.

THE Exercises of the Second Term of this Institute will be resumed on MONDAY, JANUARY 15, 1877.

This School, established with a view to the co-education of the sexes, has now been in successful operation for four years, and has, up to the present time, given its founders no reason to regret the experiment; but, on the contrary, on account of its beneficial influence upon both sexes, it has overcome whatever prejudice may have existed in the minds of any of its patrons against it in the beginning, and is now ac-knowledged to be a system of education to which there can be urged as little objection as to any other.

Especial attention is called to the terms below. The cash rates are considerably
