! Rev. W. H. Strickland now has an interesting religious meeting progressing in the Baptist Church at this place, which gives promise of great good to our community. We are indebted to Mr. Julius D. Dreher,

of this State, for an invitation to attend the commencement exercises of Roanoke (Va.) College on the 13th of June inst. Rev. Wm. Henry Strickland will preach

in the Baptist Church next Sunday at 10:30 a. m. Subject "Peter, his fall and restoration." At night at 8:30. Subject-"It might have been."

Lebanon Division, Sons of Temperance, had a large and enthusiastic meeting on last Saturday afternoon. Eloquent and thrilling speeches were made by Messrs. G. F. Tolly and E. R. Carswell. Mr. T. W. Russell has been appointed

Trial Justice for Pickens County at Easley Station by Gov. Hampton. Mr. Russell is an intelligent, competent and suitable person for the position, and will no doubt make an acceptable and efficient officer. The Representatives of Anderson County

in the General Assembly, Messrs. W. C. Brown, R. W. Simpson, H. R. Vandiver and Jas. L. Orr, returned to their homes on last Saturday, after the adjournment of the We have had a general rain which puts

our farmers in excellent humor, as it has already started their crops to growing very rapidly. It is not now thought that the hail storm and recent drought combined will materially affect the yield of our crops as a general thing. Mr. W. B. Erskine brought us on Tues-

day a stalk of cotton fully twelve inches high with four squares on it, which he says is a fair sample of about six acres of his crop, which was fertilized with compost prepared at home from ingredients furnished by Messrs. Wilhite & Williams.

Gov. Hampton has appointed Wm. S Hall, Esq., Deputy Surveyor for Anderson County. This is a very excellent appointment, as Mr. Hall has filled the position for a number of years, and is familiar with every portion of Anderson County. He is an accurate, practical surveyor, and our people are pleased with the appointment.

The Ninety Six Guardian is an ably conducted and neat paper, which has just been established at Ninety Six by Mr. M. B. Mc-Sweeny. It is devoted to politics and literature, but more especially at present is giving its attention to the formation of a new county, with Ninety Six as the Court House, to be made out of portions of Abbeville, Newberry, Edgefield and Laurens. We wish the Guardian great success.

We would respectfully ask the attention of our delinquent subscribers to the fact that we must have a little money to run a newspaper on through the summer, and if each of our readers who knows that he is indebted to us for subscription will send us one dollar on his account during this month it will afford us the desired assistance. Do not leave this request to be complied with by your neighbors, but pay in your own dollar also, as newspapers live by an aggregation of small sums.

We had the pleasure of meeting Capt. R. W. Simpson on Wednesday last. He is looking well, despite the labors he has performed during the recent session of the Legislature. Mr. Simpson is one of the leading members of the present House, and has shown himself vigilant over the rights of his constituents. He exercised great influence during the session, and modified in important particulars quite a number of the most beneficial acts proposed. He expresses himself as rejoiced to be set free once more by the adjournment.

The Summer Commencement of William ston Female College will take place on the 20th and 21st of June next. On Wednes day, the 20th, a sermon will be delivered by Rev. A. Coke Smith, of Greenville, and on Thursday, the 21st, Hon. S. Dibble, of Orangeburg, will address the Erosophic Society, (in the morning,) immediately after which the Graduating Exercises will take place. Rev. W. W. Duncan, of Wofford College, Spartanburg, will deliver the Alumnæ Address in the evening. We are indebted to Prof. Lander for an invitation to attend upon this interesting occasion.

Senator Cochran reached home on last Monday evening, and will spend a few days in Anderson before returning to Columbia for the purpose of arranging for the investigations proposed for the Committee under Senator Bowen's resolutions. Senator Cochran informs us that he introduced the last fifteen acts contained in the list we publish to-day. It is estimated that they will effect a saving of about \$225,000 for the State. He also promises to make things warm for the numerous wrong-doers when his Committee begins its investigations.

A committee composed of Messrs. W. W Keys, F. T. Wilhite and A. S. Todd, from the Charles Pinckney Society, have published a card inviting all of the literary societies of the State, whether collegiate or otherwise, to consider the propriety of forming a State Society, to be composed of delegates from all of the subordinate societies in the State, and request them to make known their action. The proposition deserves the attention of the various societies, and, if adopted, would be of very great interest and improvement in literary circles.

The Governor has made the following appointments of Trial Justices for Anderson County, and they have been confirmed by the Senate: Anderson C. H., John C. Whitfield; Honea Path and Martin townships. R. N. Wright; Fork, W. F. M. Fant; Pendleton and Garvin, W. H. D. Gaillard; Hopewell and Centreville, S. S. Jones; Varennes, Hall and Corner, J. L. Bryan; Sayannah and Rock Mills, T. H. Anderson; Belton and Broadaway, John N. Suther land. This leaves Williamston and Brushy Creek without a Trial Justice. We do no know the cause of the omission, but suppose it was an accident, which will at once

The citizens of the Fork Township intend having a grand pic nic at Double Springs Grange Hall on Saturday next. We are indebted to Maj. D. L. Cox, W. T. McElroy and W. T. Grubbs, the committee, for an invitation to be present upon this occasion. The Fork Debating Society will discuss the question, "Which deserves the greater honor. Columbus for discovering America, or Washington for defending it?" Messrs. A. R. Broyles, G. N. C. Boleman, W. A. Dickson, L. J. King, G. V. Broyles and other Granges of Anderson County to co- preaching twice a month by Rev. Mr. Messrs. W. T. McElroy, T. J. Compton, D. S. White, J. L. O. King and Willis Grubbs for the Negative. The committee have also invited Mr. E. B. Murray to address the audience upon that occasion on the subject of the proposed fence law. The public genof the proposed fence law. The public gen-

erally and the ladies especially are invited to attend, and the latter are requested not to forget their baskets for the day, which will no doubt be a very pleasant and agree-

The dog-law is being rigidly enforced in the Town of Anderson. There are some of our citizens who are opposed to it, and believe the hydrophobia excitement is all nonsense, and that there is no such disease, except in the imagination of individuals. To them we commend the views of our Honea Path correspondent that hogs and cows have gone mad from the bite of a demented canine. We hardly suppose they can attribute the madness of these animals to imagination. The argument that because people pay tax on their dogs they are at liberty to keep them in the streets is also without force. The menagerie keeper pays tax on his lions and wolves, but that does not entitle him to turn them loose. The Town Council owns our streets, and it is not only its right but also its duty to guard against the danger, or even possibility, of one of our citizens being bitten by a mad dog on the streets, which we are compelled to frequent. The ordinance is a good one, and should be enforced until the danger is passed.

DEATHS. Death has again visited our town and laimed another victim from the business men of Anderson. For several weeks past Mr. John E. Sadler, of the firm of Simpson & Sadler, druggists, had been prostrated by an attack of fever which, in its latter stages, assumed the typhoid form. All that medical skill, aided by tender care and devoted attention, could do failed to bring back health or stay the hand of death, and on last Friday morning Mr. Sadler peacefully and with christian resignation breathed his last. He was a quiet and unassuming gentleman, whose worth, though perceived by all, was not appreciated in its fullest extent, except by the circle of his intimate acquaintances. A generous, conscientious, upright citizen has passed from our midst, and his death is a loss to our community. Only a few months since Mr. Sadler was united in wedlock to Mrs. Mary Sloan, formerly Miss Benson, of this town, who, by this sad bereavement, is left to mourn so soon the loss of an affectionate and devoted

character command for her the sincere sympathy of the community of which he was a His remains were interred in the Presbyerian cemetery at this place after the perormance of solemn though beautiful and mpressive funeral services, by Revs. W. Col. Oliver Hewitt died at his residence in he town of Grahams, Barnwell County, on Thursday last, at 8 o'clock a. m., after a erious illness of several weeks. Col. Hewtt was a genial companion, an energetic business man, a useful citizen and a horough gentleman, who was the recipient of friendship from many of our citizens on account of his own worth, as well as the relation he sustained to our community as the brother of the late Mrs. F. C. v Borstel, who was a general favorite of our people, and more recently on account of his marriage with Miss Clara, daughter of Mr. A. R. Broyles, a prominent and respected gentleman of our County. He was a leading member of the temperance order, and was favorably known and much beloved by all five weeks, when on last Saturday evening and zealous manner in which he discharged the important duties of the office of Grand Scribe of the Grand Division of South Carolina. He will be sadly missed in this sphere of usefulness, and it will be difficult to find successor who can supply the place of Col. Hewitt in the temperance work. His untimely death is not only lamented by the circle of his relatives and friends, but also by numbers who have never known him other than through the reputation he had made as one of the Grand Officers of the temperance order of the State.

As a general rule very few people enter into an argument in order to discover the truth of the matter to be discussed. In nine cases out of ten they want to hold their home. own and rout their enemy. Hence follows an occasional loss of temper and sometimes the severance of long and valued friendships.

The Internal Revenue Commissioner replies to an inquiry from St. Louis that any person selling distilled spirits or wines for any purpose whatever, on medical prescription or not, is liable to pay special tax; but that sales of mixtures containing such wines or spirits which cannot be used as a beverage, or of articles containing them put up as medicines, in bottles or other inclosures. duly stamped with United States proprietary stamps, according to the provisions of Schedule C, do not involve such liability.

There are many and continual complaints of hard times throughout the whole South. out we assure our people that this deplorable depression in every branch of our industries, is not confined to one section alone, for the distress is both wide-spread and universal. The constant strikes of the miners of Pennsylvania, and the cry of half-starved citizens of the West for the bread with which to keep soul and body together, shows that the people all over the Union, are in the most distressed and impoverished circumstances. Even in the extreme West, the condition of affairs seems to be no better.

HONEA PATH.

Everybody was made glad by the rain on Saturday and Sunday last. The crops are now looking fresh and promise well. Wheat is being harvested, and if no accident happens to it, the yield will be large. Steam threshers are getting ready for the work, and will soon be on the "go." ..... One or two hogs, one cow and a half dozen-dogs were killed last week, being a continuation of the damage done by the Phillips "maddog.".....This place now boasts of two saw mills, one run by steam—the other by a small fifteenth amendment.....Robert Kay's smoke-house was broken open several nights since, and as he does not keep his meat in that house, they were doubtless disappointed. Smoke-house breakers ought to remember that this is not the pardoning yearnor next, either-and go to work for an honest living ..... A petition in reference to the fence law has been forwarded to the County Commissioners, signed by over fifty tax-payers of the township.

There have been three dogs on the mad order in our midst during the past week. Two of these belonged to freedmen on the place of Mr. Jeptha Harper, and one was at five forks. The symptoms of the disease were well developed in these brutes, and they were killed. They had fits, and their eves were very green. I wish that threefourths of the dogs in our country could be killed, and then we would be able to raise sheep profitably.....We again have an opportunity of adopting the law requiring every one to fence up his stock, and I believe that our people will avail themselves of it, for it is assuredly to the interest of both land owners and laborers to adopt its provisions. One-third of our present stock properly housed and cared for would pay nuch better than what we now have. The compost which we could save and the improvement of our stock would of itself repay for the trouble of keeping them up.....A few days ago a colored man named Perry Young was arrested on a warrant issued by S. S. Jones, Trial Justice, for breaking into the house of Mr. A. E. King and stealing some bacon and meal. He confessed his guilt to the constable, Mr. A. K. Mann, but succeeded in making his escape. A brother of this negro, named Berry Benson or Berry Jones, was excluded from his church for a heinous offense, and would also have been prosecuted had he not left this section of

#### FORK.

Rev. J. B. Adger, of Pendleton, will oreach in the Baptist Church at Townville next Sunday, the 17th ..... All the schools in this township, save one, are closed tempo-

rarily, enjoying a season of recreation... There are a few cases of measles near Townville. This contagion has prevailed in this community more or less generally for the ast two years..... We are requested to state that a public entertainment will be given at Double Springs Grange hall next Saturday, 16th, consisting of a debate at 9 a. m., a basket dinner at 12 m., and a dance in the afternoon.....Mr. James A. Gantt, a most exemplary farmer, furnished his harvesters with luncheon and hot coffee at intervals through the day. This is a decided improvement on the old-time whiskey custom, and is certainly more substantially stimulative.....The drouth had lasted precisely bers, on account of the faithful most portions of the Fork were visited with light but refreshing showers, followed that night and the gre er part of Sunday by a slow, steady rain, hich altogether make a very good season. This morning (Monday) everything presents a cheerful aspect, and the people are quite busy transplanting.... Harvesting is fairly begun, and the wheat crop in particular gives promise of a more abundant yield than has been had in this section for several years. Messrs. H. W. McCarley & Co., Gantt & Co., and G. W Burns, threshermen, are hastily preparing for a vigorous competitive campaign.....At the close of the season we will ascertain and report a correct aggregate of the amount of wheat, oats, &c., produced in this township.

### SANDY SPRINGS.

The thing so long prayed for and so much needed was thankfully received a few days ago. Since the shower everything has an invigorating and lively appearance. The farmers are beginning to smile and look somewhat cheerful since their crops have commenced to grow. Corn and cotton, although small, is looking very well. With good seasons from this on, and a late Fall, fleeing to the different watering places to there will be very near, if not quite, as much made as last year ..... Wheat that the hail-storm did not strike is very fine; but that which the hail did pass over and injure has sprouted from the old stubble and will no doubt make half a crop. Mr. T. L. Reid's wheat was the worst abused of any in the neighborhood, and with good seasons he will make a tolerably good crop.....The than they can be bought ELSEWHERE fence law is being agitated to a considerable extent by our land-holders. Some are for and some against it. We are under the impression, though, that the majority are in favor of no fence.....The members of Sandy Springs Church have taken steps towards re-covering the Arbor. We hope they may succeed, especially if they conclude to have camp-meeting next Fall; because it would not be advisable to have a meeting under the arbor in its present dangerous condition ..... Mrs. Nettie Gilkerson, formerly McElroy, came up a week or ten days ago from her home in Laurens to pay her relatives and friends a visit. ### STOREVILLE.

We write you again from another standoint. We need not tell you where Storeville is situated, it being an old place; you no doubt have a complete knowledge of it, but for the information of some of the readers of the Intelligencer, we will mention that Storeville is situated twelve miles southeast of Anderson C. H., and fourteen miles south of Belton, on what is known as the Brown's Road, on Rocky River, and is in a very pleasant and fertile portion of the County ..... Storeville Mills are propelled by waters of Rocky River, and owned by Mrs. A. C. Jackson, who is also post mistress at this point. The mills are undergoing a thorough repair and will be in fine running order soon. Mrs. Jackson has also just completed a very neat and commodious dwelling ..... We have good schools, and churches of different denominations conveniently located in our community. Varennes Church (Presbyterian) is one mile from Storeville, and has preaching on the first Sunday of each month by Rev. Mr. Lindsay. First Creek Church (Baptist) is located three miles from Storeville, and has preaching twice a month-on the second Sabbath by Rev. A. Rice, and on the fourth Sabbath, and the Saturday before, by Rev. W. E. Walters. It has also a flourishing Sabbath School, superintended by H: L. Town Creek Granges have organized a Clinkscales. A Baptist Church has recently been dedicated at the Carswell Insti- tion, and carry off all the impurities with

condition. The preceptors, E. R. Carswell and W. E. Walters, are both energetic men, and will doubtless build up a capital seminary of learning, and a famous name for themselves. We had the pleasure a few weeks ago of attending an entertainment of the school, a debate between the young men and young ladies, upon the subject, "Should the female be as highly educated as the male?" The decision was in favor of the affirmative. The young men presented some very strong arguments for the negative, and all elicited much credit to themelves and their teachers. We hope to enjoy another such occasion.....One among the oldest and best country schools in the County is the Ebenezer School, supervised by Mr. C. C. Reid, who has had charge of this school for a number of years, and receives a liberal patronage as is deserved by the ability of the teacher ..... A full attendance of the members of Ebenezer Division, Sons of Temperance, is requested at the next regular meeting, which is on Saturday, 16th inst., as business of importance will be before the Division.

#### "Canker in the Bud."

You watch its development with expectant solicitude-the choice, exquisitelymoulded bud which promises to unfold with the perfect flower. You perhaps think how it will adorn the drawing-room and vase, and anticipate the pleasure of showing it to your flower-loving friends. But some morning you find its head drooping, its fragrance fled, and an ugly purple spot on one of the delicately-tinted petals. It is the poet's "canker in the bud." How often the loathsome canker blights the cherished "infant blossoms" in our household gardensthose human buds which give earnest of a brilliant future. The noisome canker, so long concealed-scrofula-at length reveals its dreaded presence and to our bright hopes succeeds the most agonizing fear, for we know the fatal sequel it portends—pulmonary consumption. It is estimated by eminent medical authorities that at least onefifth of mankind are afflicted with this insidious malady. But its ravages are so se-cret, that even its victims are unaware of its presence until it suddenly discloses itself in some of its myriad and ofttimes fatal forms. A slight cutaneous eruption is often the only indicator of its presence. The on-ly means of exterminating this disease from the system is by a thorough course of con-citational treatment. This treatment must stitutional treatment. This treatment must fulfill three indications, namely, promote nutrition, alter or purify the blood, and arformation of tubercles. No more efficient alterative can be employed for these purpo-ses than Dr. Pierce's Golden Medical Discovery. While imparting strength and tone to the digestive organs it cleanses the blood and heals the diseased tissues. Test its vir-tues ere the deadly canker has blighted the life you prize.

Liver Complaints, or Biliousness.

THE liver is the largest gland of the body. It is situated on the right side, just beneath the ribs, and weighs about four pounds. It secretes a thick, dark, greenish-yellow fluid, called bile. As fast as the bile yellow hild, canted one. As list as the one is elaborated it is deposited in the gall-bladder, and passes by a small duct into the intestines. When from any cause this duct becomes clogged, or the liver becomes deranged, the bile does not pass into the intestines, but is absorbed by the blood and is diffused throughout every part of the sys-tem. When the action of the intestines becomes perverted, or when the liver secretes oo much bile, then the bile is diverted from its natural course and passes into the stom-ach. It is taken up by the absorbents and blood-vessels of the stomach, and becomes ncorporated into the blood, producing nausea, headache, giddiness, vomiting, and other symptoms of poisoning. Such affections are called biliary affections, or biliousness.

all necessary papers.

JAS. H. McCONNELL,

IT is well for all people to understand each other, and then there is rarely cause for troulabe or difficulty; but our object is not to make a flowery speech, but to come down to
real facts. We give this timely notice to all who owe us money, whether the debt was
contracted during the present or former years, and no matter for what contracted—meal,
bread, general merchandise, or as agents for Guano—that every cent due us must be paid
out of the first cotton gathered next fall. We have heretofore been too indulgent with
our friends; and our experience has taught us the longer we wait for our money, the
harder it is for people to pay. We will take Cotton, Corn, Wheat, Money, or anything
else that we can readily turn into money, for all debts due us. But we must be paid somehow, or sue our friends, whether they ever pay us anything or not. The time to settle up
is near at hand, we want our money, and desire to see our people out of debt. We still
keep a large stock of Goods on hand, which we would be pleased to sell for cash or to good
and prompt paying people on time. If you want to buy Sugar Cane Mills and Evaporators, see us before you buy. We sell them at manufacturer's prices.
