The weather on last Sunday was cold, cloudy and disagreeable, and was followed nt night by a freezing rain, the trees and shrubbery being heavily laden with ice on Monday morning.

There have been several hundred shade trees planted in Anderson recently, and if they live the streets of the town will be rendered very beautiful by their foliage and shade in a few years.

will be preaching at New Prospect Church on Saturday, the first day of March, at 11 o'clock a. m., after which there will be a meeting of the members of that Church to transact important business. There will also be preaching on Sunday, the next day.

Some of up-country exchanges are disposed to speak lightly of the small type in which the matter of the Abbeville Press and Banner is set. We return thanks to Messrs. F. W. The many friends of Mrs. Sallie E. Hunnicut will regret to learn that she died near Seneca City on the morning of the 14th finstant, after an illness of two weeks. She was the only living daughter of J. E. Bellotte, Esq. Not quite two years have passed since death took from them a beloved daughter, and now the only one that remained has also been taken. Surely, "the ways of Providence are mysterious and past finding out." Mrs. Hunnicut had been married a little more than a year, and leaves a devoted husband to mourn her loss. We sympathize deeply with the bereaved parents and husband. They do not mourn, however, as those without hope, for she lived a Christian life and died a Christian death, having been a consistent the buggy upon the occupants, who fortunately escaped with only slight bruises and nately escaped with only slight bruises and member of the Pendleton Presbyterian Church. The February term of the Court of General Sessions for Anderson County cono'clock, Judge T. B. Frazer, of the Third Circuit, presiding, and Solicitor Cothran epresenting the State.

The Judge appointed Mr. W. G. Watson Foreman of the Grand Jury, and delivered his charge to them in a brief and concise manner, informing them of their duty, and charging them of the importance of carefully and impartially performing that duty.

The first case tried on Monday was that of the State vs. Isaac Purdurvis, indicted for burglary, in breaking and entering the house of Mr. H. O. Herrick. The Judge appointed E. B. Murray, Esq., to defend the prisoner, and after the State's testimony was closed the defence rested solely upon the failure of the State to prove that the prisoner was the party from whom Mr. Herrick recovered a portion of the stolen goods. After argument, the Jury returned verdict of "Not Guilty."

The State vs. Isaac Purdurvis, indictmen for burglary, for breaking into Mr. Wm. M. Archer's house. H. G. Scudday, Esq., was appointed to defend the prisoner, and made an able and efficient defense, resting his case upon the failure of the State to prove that the door through which the burglar entered was closed on the night the offense was committed. Not Guilty.

The case of the term, however, has been that of the State vs. Wm. P. Cook, indict ment for murder. The accused was represented by Messrs. McGowan, Moore and Allen, who made a very able and ingenious defense, showing first that Mr. Cook only shot to frighten the woman, Katie Burriss, and that he shot in such position as not to strike any person, and, next, that the wound supposed to be a pistol shot on the shoulder of Chloe Burriss, who died, came from a puncture with the spindle of a spinning wheel, and that her death was not oc-Messrs. J. W. B. Skelton and G. F. Tolly sioned by a gunshot or pistol wound The character of the State's principal witless for veracity was completely demolished. Messrs. Allen, Moore and McGowan each made eloquent and exhaustive arguments for the defense, and Solicitor Cothran followed in a clear and exhaustive speech for the prosecution. The charge of the Judge was impartial and perfectly fair, after which the jury retired to their room returning in a short time with a verdict of 'not guilty." The case was entered upon Tuesday morning and concluded at about 2 o'clock on Wednesday.

The Court of Sessions will probably oc cupy the greater portion of this week, and the civil business will take the remainder of this and the whole of next week.

Judge Fraser has made a very excellent impression upon the members of our bar, and the citizens of Anderson generally, by his dignified and courteous bearing, his marked impartiality and the accuracy of his legal judgment. The sessions of the Court so far have attracted a large crowd of

The Temperance Entertainment.

The entertainment in Temperance Hall on last Friday evening, under the auspices of Anderson Division, Sons of Temperance was indeed a pleasant affair. It was attended by two hundred or more of our citizens a great many of whom will long remember it as one of the most brilliant successes that has ever crowned the efforts of the members of this Division in affording social pleasures or our people. Their efforts are always well directed, and are pushed with energy and perseverance, nothing being left undone to render whatever they undertake successful, and as a consequence their picnics, excursions, celebrations, pound-parties, etc., are always well attended and very pleasant.

Among the principal features of the entertainment on Friday evening last, was an election for the most beautiful and most popular young ladies in town, the Valen tine postoffice, auction sale of unexamined packages, combined with a pound party and the social enjoyments of such an occasion. The election was probably the most absorbing feature of the evening, and the determination and energy with which some of the young men worked for their favorites made it quite exciting. The voting lasted for about an hour and a half, and 1203 ballots were deposited, 1033 of them being placed in the box for beauty and 170 in the box for popularity. After the count had been made and the result ascertained. it was announced that Miss Lou Fant had been elected for beauty, and Miss Julia Webb for popularity-the former receiving

414 votes and the latter 137. While the voting was going on a splendid supper, made up from the various articles brought by different persons, was spread, and much enjoyed by all present, after which the auction sale of unexamined packages commenced, which furnished considerable amusement for the crowd for some time, many of the articles being pre pared with a view of creating mirth and laughter at the expense of the purchaser

Apropos to the election for the most beau tiful and most popular young ladies it was announced that an election would he held for the ugliest man in town. In this election each person present was enti tled to one vote only, and at once the work of canvassing for the different candidates commenced. When the count was made it was announced that the result was in favor of Maj. A. S. Todd, who, in response to calls from the audience, appeared on the rostrum and delivered a pertinent and appropriate speech.

The Evans Cornet Band was present by special invitation, and greatly increased the pleasures of the occasion by discoursing sweet music.

The net proceeds of the evening aggrega ted \$90.30, which will be used by the Division in increasing the comforts and improv

SANFORD'S ANALYTICAL ARITHMETICS,

By S. P. SANFORD, A. M., LLD., Mercer University, Macon, Ga. Of these Arithmetics, based on the only true test—use in the school-room—one of our most skillful Teachers, Hon. Hugh S. Thompson, State Superintendent, (at the time of writing, as now, Principal of Columbia Malo Academy,) says: "Sanford's Arithmetics are superior to any that I have seen in the fullness of the examples, the clearness and simplicity of the analyses, and the accuracy of the rules and definitions. This opinion is based upon a full and thorough test, in the school-room. To those Teachers who may examine these Arithmetics with reference to introduction, I would especially commend the treatment of Percentage and Profit and Loss. No text books that I have ever used are so satisfactory to teachers and pupils."
