BUT NOT KICKING VERY HIGH.

IT does not matter with the dear people whether I am making money or doing business just for the fun of the thing, so long as they can buy Goods from me cheaper than from those who are doing a legitimate business. Folks who buy on credit have to stand "legitimate profits"; but those who can pay cash are free to

buy where the best bargains are offered, even when done by small potatoes like mc. I will stand to all I advertise as long as the Goods last. I do not guarantee the prices for six months, nor that I can keep the Goods even a month. My past experience has been that the wide-awake people generally took my offerings during the first and second weeks after advertised. Be assured if you come AT ONCE you will get them. No humbuggery in this.

Notwithstanding the number sold, I still have The Best Goose-Necked Hoes at 35 Cents, And when I say this I do not mean the cheap, light Hoes usually put off as substi-
