nah Valley Railroad.

Anderson, S. C., May 12, 1886.

To the Stockholders of the Savannah Valle Railroad Company: It was my pleasure at your last annual Convention to congratulate you upon the execution of a contract for the completion of your road. Since that time—namely, in the month of October-the work of track-laying was com-menced at McCormick and has progressed as far as Lowndesville, to which point portions of the city. With a few additional eisterns, which we learn are to be trains are now running under such regula tions and with such facilities for transpor tions, and with such facilities for tran tation of persons and freight as the partial completion and the progress of the work will admit. It is contemplated that the track-laying will be finished to Anderson by the middle or last of July, when the road will be turned over to the Company prop-erly equipped by the contractor, by whom and will in the meantime be operated. Stations have been selected along the line at suitable intervals as to distance and convenience, where houses are now being erected at the depot stations for the business of the road.

The mortgage of the road, its propert and franchises, heretofore authorized b stockholders, has been executed, and the nds to be secured by the mortgage are being printed preparatory to their execu-tion and delivery to Mr. Raoul, contractor, to iron and equip the road. The entire issue will be between \$480,000 and \$500,000, an increase of about \$20,000 over the amount originally offered to finish the road, occa-sioned by advances of the contractor to complete the grading. The Company will then be prepared to settle with the contrac-tor when the road is finished. Since your last annual meeting, James M. Latimer, your former President and afterwards a Director, has died, he having lived to see the grading of the road completed, and the last of the work having

been done at Lowndesville, he testified his pleasure by celebrating the event. The revival of the road under its present charter originated with him, and from the preparation and adoption of the charter to the day of his death he was steadfast, faithful and earnest in his devotion to its interests and advancement. A committee was appointed at your special meeting in December last to prepare and submit to the Convention resolutions commemorative of his services to the road. The vacancy on the Board created by his death has been filled by the election by the Board of Mr. G. F. Tolly, Mayor of Anderson, as a recognition as well of his fitness and of his zeal for the road, as of the large subscription made by the City of which he is the official head.

I regret, also, to announce to you the resignation from the Board of Mr. W. G. Watson, which occurred in April last. He has been an earnest and consistent friend of the enterprise from its inception, and in all its trials and vicissitudes was a faithful and efficient member of the Board and his collegues deeply regret that his

At the last monthly meeting of the Charleston Association John B. Adger, Jr., President, presided. Twenty new nembers were received. Their reading room is now supplied with the leading papers and magazines of the country. The increase in the attendance at the gymnasium has been marked, and a very encouraging report was received. Dr. Brackett then gave an able address, a synopsis of which we take from the News and Cou-

nscious influences arising from bad ooks, companions and amusements. After dwelling upon the nature and power of the law of influence, and showing how a young man becomes like the books he reads, the persons with whom he associates and the pleasures in which he in-dulges, the question was asked: How shall we rescue our young men from these fatal influences? The reply was: It is the design of the Young Men's Christian Association to furnish an answer, and proposes to save our young men from the nfluence of infidel and immoral publications by providing them with a pure and wholesome literature; to save them from evil company by inviting them into a society of Christian young men who hon-or God's day, name and word; to save them from hurtful amusements by offering them innocent and healthful and recreations. Next to the church, there is no organization that more deserves the consecration of our time, talent and

property .- Watchman. The above will furnish food for though for the good people of Anderson. It is time for serious thought and prompt ac-tion. Our young men in their efforts to stem the tide of sin are being one by one swept away by its mighty currents. Surely a community that suffers the privilege of ruining young men to be bartered away for the sum of three thousand dollars, can and will spend at least one-sixth of that amount in an effort to save them. Can't we give them a substitute for the open saloon and billiard ball? Six olegantly furnished palaces of sin, where adornment and attractions innumerable found, are doing a mighty work for the young men of our city. Is it not time that this monopoly was destroyed? Who will stretch out his hand and take the ead in this matter and like Charleston, while we are so engaged in saving money inaugurate a movement that will aid in saving our young men? The object is certainly worthy and the means are prov-ing abundantly successful in all the cities

What "Uncle Sam" Has to Say. That Calisaya Tonic is just what it purtion of real merit, and not a compound of impure and adulterated distilled spirits artfully disguised as Bitters, which poison the blood and lead to the formation of an appetite for strong drink, the following decision of the Commissioner of Internal Revenue will show: TREASURY DEPARTMENT, OFFICE OF INTERNAL REVENUE

Washington, Jan. 25th, 1883.
Messrs. Westmoreland Bros., Greenville, S. C.—Gentlemen: Your formula for making your "Calisaya Tonic," certified to under oath on the 22d instant, has been examined. My decision is that, for purposes of tax-ation under the internal Revenue laws, this Tonic, so made, may be classed as a pro-prietary medicinal tonic, subject to stamp tax, and that sales thereof will be subject to the provisions of Section 3243, U. S. Revised Statutes. Respectfully, GREEN B. RAUM, Com. Sold by Wilhite & Wilhite, Anderson,

Carpenters, builders, laborers, and in fact all kinds of working men who are particularly liable to rheumatism, Neuralgia, Backache, etc., should always have close at hand a Pomeroy's Petroline Plaster. In nearly every case the result is instantacous. There is no remedy equal to them. For over five years they have been in general use and stood the test of public criticism, and are to-day more firmly established than ever in public estimation, and steadily increasing in favor. There are few families who do not regard them as a house-leading and the state of the sta hold necessity. Beware of counterfeits Orr Insist on having the genuine article.
