LOCAL NEWS.

O. Q. LANGSTON, LOCAL EDITOR.

Cotton—Good middling, 9 cents. There are several cases of measles in the city.

The boys have opened the baseball season. The girls were crowded with valentines on Monday.

There is not much building going on in the city at present. The railroads are doing a heavy freight business at present.

The United States District Court is in session at Green Hills. Chief of Police Pitt is confined to his home with the mumps.

The farmers recently have had some rain weather for sowing oats. We charge nothing for this advice.

A new boarding house has been opened on South Main Street by Mrs. Wallace. The line for making returns to the County Auditor expires next Saturday.

John P. Peoples & Co.'s new advertisement should have the careful attention of our readers. Several new students have recently been added to the roll of the Anderson Female Seminary.

Subscribers failing to get their papers regularly, should notify us, and we will look into the matter. The sacrament of the Lord's Supper will be administered in the Presbyterian Church next Sunday.

Volunteers R. F. McKinnon, who has been quite ill for several weeks with pneumonia, is slowly recovering. The criminal docket at the approaching Court session is to be heavy.

Mrs. Fannie Beavis, accompanied by her mother, Mrs. B. H. Galt, left Anderson last Monday for Columbia, Tennessee. Messrs. Barney and Frank O'Donnell will shortly open a stock of groceries at the old stand of O'Donnell & McKinstry.

Superintendent Starr came to Anderson Tuesday afternoon in a special train and paid off the employees of the S. V. R. R. Several of our citizens who recently invested in a beautiful bird without a name, are now willing to sell out at half price.

Our townsmen, Mr. John Caldwell, has a solution for the malaria war, but as he has no other means, he will not draw a pension. Mr. Harry McKinstry, a native of Anderson, has just returned from Washington Territory, in the city visiting relatives.

An old citizen says that for every dog in February we will have a frost in April. If this be true we will have numerous frosts in April. Martin's nine-year-old son of Mr. and Mrs. W. D. Maroney, of this city, died on Sunday night after an illness of several days from measles.

Messrs. J. W. Todd and J. J. Neville have retired from the editorial control of the Green Bay Free, and are succeeded by Mr. Will Webb. A certain young man in the city says his girl has such a sour disposition, that every time he visits her he presents her with a box of candy.

Messrs. McCully, Catbort & Co.'s new advertisement contains some valuable information for our farmers, every one of whom should read it. Monday was about as disagreeable a day as we generally have in this country. We had a cold, east wind, accompanied by rain, which frosts us to fill.

Messrs. J. O. Whitfield and Rose Fant left Anderson last week for Florida. The former goes on a visit, and the latter will probably make his home there. Gen. W. W. Humphreys and J. E. Breaux, Esq., are attending the annual meeting of the Grand Chapter, Royal Arch Masons, in Charleston this week.

An exchange declares that a man who had read a newspaper two or three years without paying for it, would pasture a goat on his grand-father's grave. An eighteen-year-old youth remarked yesterday that he didn't get any valentines, while his sentimental days were over with. He must have begun early.

The citizens of Hartwell, Ga., are not allowed to walk the streets of their town after 9 o'clock at night, unless they give a satisfactory reason to the Marshal. As you are pitching your crop keep one eye on that empty crib and the fodder house almost empty, and you may be induced to plant corn enough to do you.

The McCormick Advance says it is rumored that a fat mail and express train will soon take the place of one of the combination trains of the Savannah Valley Railroad. In some sections of the County the roads are being worked. The County Commissioners will, as soon as possible, supply each overseer with a copy of the road law.

Miss Addie Harper, a popular young lady of Elbert County, Ga., who has been spending several weeks in the city with her friends, Miss Mamie Wickham, will return home this week. South Carolina is the most accommodating State for young folks proposing matrimony. It requires no license, and sometimes a second-class magistrate will "be the knee" free of charge.

The friends of Col. M. F. Tribble, our Clerk of Court, were disappointed that he is quite sick. His physician fears that he has pneumonia. We hope not, and trust that he will be all right in a few days. Every Methodist in South Carolina should be a reader of the Southern Christian Advocate. We can see how any of them can do without it, as it is one of the best religious papers published in the South.

The Greenville News, of Tuesday, says: "Jasper B. Ashley had his right hand caught in a sign near Hones Path on yesterday when the wire was drawn under the sign and he was injured. It is feared the limb will be amputated."

Every nation, every city, every town, every community, is just what the people make it. A live, progressive people will build up a prosperous town or city where the material conditions are even unfavorable, while a careless, indolent population will accomplish little, however great the natural advantages of their locality may be. An intellectual traveler can form a correct opinion of the character of the people of a town by passing through it.

Divine services will be held in Grace Church during Lent, beginning on Ash Wednesday, 23rd inst, on every Wednesday afternoon, at half-past 4 o'clock, and on Friday nights at half-past 7. If any other services are held, special notice will be given.

We acknowledge the receipt of an invitation to attend the anniversary supper of the Independent Hook and Ladder Company, to be held at the Mason House on Friday evening, March 4th. The Company will parade at 5 o'clock in the afternoon of the same day.

Abbeville Press and Banner: "The editor of the Press and Banner went to Anderson last Friday, and along the road he saw very little work being done in the fields. More work was going on within the corporate limits of Anderson than along the whole line between Anderson and Abbeville."

Frequently late trains on the S. V. R. R. have been arriving in the city considerably behind schedule time. The delays are caused by the heavy freight business. The freight and passenger trains should be separated, and the delays would not then inconvenience passengers or keep back the mail.

Mr. Jeff Gray, whose feet and hands were frozen while he was in a drunken stupor one night during Christmas week, died last Thursday. A week prior to his death the physicians amputated on both his feet, and expected to amputate the other as soon as he had recovered sufficiently from the first amputation.

Mrs. Nellie Webb, wife of Mr. Samuel Webb, died at her home in Yarenes Township on Wednesday morning, after a brief illness from measles, aged about 55 years. Mrs. Webb was a most excellent lady, and the news of her death will be heard with sorrow by many friends. Her remains will be interred at Flat Rock Church to-day.

Our young friend, Dr. W. W. Watkins, who has been in New York for several months past pursuing a post-graduate course in medicine, has returned to his home in Anderson, and is better prepared than ever to administer to the sick. He is an excellent young man, and the brethren generally wish him a long and prosperous life.

Lula Hunt, the wonderful Georgia girl, who married the other day Paul Atkinson, who, it will be remembered, was her manager while she was traveling through the country giving exhibitions. We wouldn't like to be in his shoes, for whenever he doesn't do exactly what Lula tells him, she can apply a little of her electricity and make him too weak to walk.

Mr. Moses Reed died at the residence of his son, Mr. W. Reed, in Fork Township, on the 14th inst, after an illness of about eight days. Mr. Reed had reached the ripe old age of 81 years, and had resided in Fork Township nearly all his life. He was an upright, worthy citizen, and had the good will and esteem of an extensive acquaintance. Since his boyhood he had been an exemplary member of the Andersonville Baptist Church. His wife, two sons and a daughter survive him.

We are pleased to recommend the old and reliable house of the Dinges & Company, West Grove, Pa. They are by far the best rose growers in America. Their annual publication, "The New Guide to Rose Culture," is before us, and is an elegantly illustrated book of 88 pages, which besides giving full directions for successful culture of plants, is a complete catalogue describing over 1000 varieties of roses, hardy shrub roses, chrysanthemums, gladiolus, the finest flower seeds, etc. This valuable and handsome work is sent free to all who apply. See advertisement in this paper.

We would call attention to the advertisement of Messrs. Brown Bros., agents for the Generose Fertilizer. These gentlemen are energetic, progressive business men, and are offering their customers goods of the highest standard at the lowest prices. The Generose is certainly worthy of a liberal patronage, and will repay those who use it. There is no humbug about it, and in the analysis made by the State Department last year it was shown to be better than claimed by its makers. It has given excellent satisfaction, and all persons wanting fertilizer will receive their own interests by calling on Brown Bros.

A very successful Tournament was held at Esley last Monday, in which eighteen knights participated. Anderson County was well represented, a majority of the knights being from this County. The first prize was won by Mr. L. R. Tucker, of this County, the second by Mr. W. D. Glenn, of Liberty, the third by Mr. A. T. Newell, and the fourth by Mr. D. J. Tucker, both of this County. A ball was given that night, which Miss May Neal was crowned Queen of Love and Beauty, and Miss Jennie Rosmond, Corine Tucker, and Lila McCann were crowned first, second and third Maids of Honor respectively. The Anderson boys are hard to beat at anything.

List of letters remaining in the Post-office for the week ending February 16. Persons calling for these letters will please say they are advertised: Rev. Ben Adams, Editor of the Banner, of this city; Miss Annie Butler, Curley Blasingame, W. S. Bradley, Dick Chanton, John Carter, M. C. Cook, Warren R. Davis (3), John Fleming, George Harris, P. E. Holland, Cator Hunter, William Johnson, Miss Maggie LaBoon, Miss Julia Lewis, Miss Laura McField, Charley Miller, Miss Anna Majors, J. A. McCall, J. C. Miller & Son, Miss Fannie Nixson, T. A. Perkins, A. A. Pickett, Frances Kelly, Louis F. Ruf, Jas. Stark, Mrs. John L. Skollings, A. M. Walker, Mrs. Cora Williams.

It has been suggested that a meeting of the citizens of the city be called at this day for the purpose of organizing a "Cemetery Association." The suggestion is a good one, and should be carried out. We believe that all of our citizens will agree that a Cemetery is a necessity, and if some person would interest himself enough to get up a public meeting, the Cemetery would be a certainty. In a few more years there will be no place in Anderson to bury the dead, as our two graveyards are about filled up. By all means let us have the cemetery, and the sooner we get it the better. What say our citizens? Our columns are open for any suggestions in reference to the matter.

Last Saturday morning Rev. Elijah White, a colored resident of this city, dropped dead at the corner of John and Main streets, near the Keese House. He had left his home in the southwestern limits of the city, to go to the depot to take the cars for Hones Path, where he had an appointment to preach on Sunday. When near Main street the approaching train was heard, and he began running. He ran for several hundred yards, and when he reached the corner of John street he was seen to stagger and fall. Several persons soon went to him and when examined it was discovered that he was dead. His remains were carried home, and Coroner Nance at once impelled a jury and held an inquest. After hearing the statements of Dr. Nardin and several witnesses, the jury rendered a verdict that he was caused to die by heart disease. The deceased was an upright, honest man, and was esteemed by both white and colored. By his industry and frugal habits, he had accumulated a nice property. He was a member of the colored branch of the Southern Methodist Church, and was about 65 years of age.

We have received a circular from Col. E. R. Drayton, Grand Worthy Patriarch of the Sons of Temperance, which informs us that the National Propagation Committee of the Sons of Temperance of North America have employed Mr. Ed. Ward Carwell, of Canada, one of the most eloquent and distinguished lecturers and writers on temperance on this continent, to visit South Carolina about the middle of the present month, in the interest of the Order he represents, and of the cause of temperance in general. During his tour he will be accompanied by Mr. Charles M. Douglas, of Columbia, S. C., a Past Grand Worthy Patriarch of the Order, who has been appointed to aid in the work of organizing new Divisions, and they will be in Anderson on a date of which due public notice will be given. A large audience will greet Mr. Carwell when he comes to Anderson.

Messrs. Lapold Cohen and S. A. Arnsstein have formed a partnership for the conduct of a general Dry Goods business in the City of New York. The firm, which will be known as Cohen & Arnsstein, have leased Bloomingdale's old stand, at the corner of 56th street and Third avenue for a period of twenty-five years, and expect to commence business about the 1st of May. The property which they have under lease includes five large stores six stories high, besides basement and sub-basement, and is admirably adapted to the business of the firm, which will be conducted on the same principle as R. H. Macy & Co., and other large importers and retailers of dry goods in New York.

Mrs. Arnsstein established the New York Cash Store in Anderson about thirteen years ago, and did business here for several years, during which time he made many friends in Anderson. He is a thorough business man, and may be depended on to make his new business a success. His many friends in Anderson will be pleased to note his success. The relations between this house and the New York Cash Store, under the management of Mr. B. Arnsstein, will be a permanent one, giving the latter the advantage of a skilled and careful importing resident buyer in the City of New York.

Grand and Petit Jurors. The following is a list of the Grand Jury drawn by the Commission for the present year; also Petit Jurors for the approaching term of Court, which convenes next Monday week, Judge Fraser presiding: Grand Jurors—Andrew C. Keys, John W. Major, J. A. Wiles, Henry M. Tate, Samuel A. Waitaker, Jefferson B. King, Joseph Winter, E. Hall, Jr., James A. Frank, James B. Browning, Joseph W. Clement, William B. Freeman, James M. Hiett, James B. Pruitt, William W. Holder, John C. Watkins, B. F. Price.

Petit Jurors—John J. Kelly, A. B. Bowden, W. C. Armstrong, James M. Ervatt, John W. Thompson, Allen T. Hembree, William S. Murphy, W. J. Gentry, J. W. Dacus, William H. Brown, E. M. Duckworth, Berry T. Martin, Thomas McGeehan, James P. Johnson, Rufus Yeargin, J. C. Klemm, David A. Skolton, James A. Jolly, George P. Browner, R. A. Sullivan, D. W. Blasingame, Robert A. Gray, D. D. Gentry, F. M. Bonds, Austin W. Clement, A. S. Sadler, Thomas L. Clinckscale, Sr., O. P. Eynum, Mathias B. Richardson, Welborn Martin, D. F. Garvin, J. S. Ragland, Glenn H. Gentry, G. W. Long, C. M. Walburne, R. J. Pool.

Prohibition Mass Meeting. At a meeting of the Hones Path Division Sons of Temperance, held on the twelfth day of February inst, the following preamble and resolutions were adopted: WHEREAS, the sale and importation of spirituous liquors is acknowledged by all to be a great evil in our land; and whereas, our people now have the opportunity of prohibiting the sale thereof in Anderson County. Therefore, be it

Resolved, By the Hones Path Division Sons of Temperance: First, That a mass meeting of the people of Anderson County be called for a liberal patronage, and will repay those who use it. There is no humbug about it, and in the analysis made by the State Department last year it was shown to be better than claimed by its makers. It has given excellent satisfaction, and all persons wanting fertilizer will receive their own interests by calling on Brown Bros.

Second, That this meeting be requested to appoint committees in each Township to circulate petitions among the real estate owners, praying the County Commissioners to order an election to be held in August, according to the provisions of the Prohibition Bill passed by the last General Assembly of South Carolina.

Third, That the advocates of Temperance in the City of Anderson be requested to make all the necessary arrangements for the above mentioned meeting, and that the friends of Temperance throughout the County be invited to present such business to the meeting as they may deem proper.

Fourth, That copies of these resolutions be sent to the Anderson INTELLIGENCER, the Anderson Journal, and the Hones Path Advocate for publication, and that the editors be requested to use their influence for the furtherance of the movement here inaugurated.

J. B. WATKINS, R. L. DUGAN, H. H. WATKINS, M. B. DUGAN, Committee.

Flat Rock Items. Rev. H. M. Allen preached one of his well prepared sermons last Sabbath, and it was listened to with much interest. The Church has discontinued its Saturday meetings, and hereafter they will be held on the second and fourth Sundays.

We were glad to see Rev. W. H. King in our midst. His calls are always appreciated. Mr. W. A. McFarland has been very ill for some time, but is improving now very fast.

Capt. Estees, the section boss on the S. V. R. R. has moved into our midst. We extend him a cordial welcome. The school at this place is under the management of Mr. W. F. Todd, who is proving himself a faithful and competent teacher.

Mr. Walter Masters met with a very serious accident last Sabbath. His horse became frightened and he was thrown from the buggy, causing his ankle to be dislocated.

Mr. E. B. Hall is tending his land. He is one of our most energetic farmers. The farm of Mr. S. C. Hall is now under the management of Mr. T. P. McClelland, who seems to understand his business.

With the exception of measles, the health of the community is very good. PLAT.

Eureka Items. The public schools in Broadway Township are in good working order at this time. We have six, all of which are under the management of female teachers. Miss Tallie Koon is at Pine Grove, Miss Alice K. Major at Glory, Miss Nannie Harkness at Neal's Creek, Miss Lizzie Anderson at High Shoals, Miss Lula A. Todd at Colodona, and Miss Zella Campbell at Eureka. All of these ladies have first grade certificates. They are doing great and good work, a work that will effect civilization and religion in the distant future. Doubtless some of those who are being trained mentally will fill places of sacred trust and honor in the world. From the present indications it is not a settled fact that the school law of our country is placed in the

hands of women, and who can, who dare, stand such a power for mental development. They will not be praised too much or paid too low for their services. And this cloud, Monday morning, are they and the children in comfortable houses? As far as our knowledge extends, there is not a comfortable school house in the entire Township. This ought not to be so.

Our teachers are wondering what has become of the School Commission, which has been a general Dry Goods business in the City of New York. The firm, which has now spread all over the State, and other States are following in the great economic enterprise, and she has led off in other new enterprises. She has innovated old fogies, and her people are ever ready to step up and out in untried fields of good.

And, Mr. Editor, let me say one word to the legislature on prohibition. It is all in a nutshell. In my opinion, if the government does not kill the whiskey, the whiskey will kill the government and kill the people. PHILOMAN.

An Interprising, Reliable House. Hill Bros. can always be relied upon not only to carry in stock the best of everything but to secure the Agency for dry goods here. They are well known and are popular with the people, thereby sustaining the reputation of being always reliable. Having secured the Agency for the celebrated Dr. King's New Discovery for Consumption, will surely cure any and every affliction of Throat, Lungs, and Chest, and to show our cordiality, we invite you to call and get a Trial Bottle Free.

An Answer Wanted. Can any one bring us a case of Kidney or Liver Complaint that Electric Bitters will not speedily cure? We say they can not, as thousands of cases already permanently cured, who are daily recommending Electric Bitters, will prove. Bright's Disease, Diabetes, Weak Back, or any urinary complaint, Electric Bitters will surely cure any and every affliction of Throat, Lungs, and Chest, and to show our cordiality, we invite you to call and get a Trial Bottle Free.

Just What They All Say. Hon. D. W. Haynie of Salem, Ill., says he uses Dr. Bosanick's Cough and Lung Syrup in his family with the most satisfactory results, in all cases of Coughs, Colds and Croup, Whooping Cough, Sore Throat, and all other ailments of the Throat, Lungs, and Chest. Sample bottle free at Orr & Sloan's.

MAN, Woman or Child attacked with Bright's Disease, Diabetes, Gravel or Urinary Complaints should use the best medicine—Dr. Williams' Pink Pills for Pale People. Liver and Bladder Cure. It goes right to the spot. Price 25c. \$1.00. Write for free literature.

Fire—Insure Yourselves. It is an established fact that the finest fire department in the world is that of New York City. Their champion fire engine company can harness up and get out of the engine house inside of two and one-half seconds. This is a very important fact, the vengeance of the gods compared to the time made by "Common's Petroleum Pumps and Hose" in coming to the scene of a fire. Insure yourselves at once by purchasing a planter, have in the house, and "Damp cold, and storm. From night till morning. For sale by Wilhite & Wilhite, Anderson, S. C.

Cure for Piles. Piles are frequently preceded by a sense of weight in the back, loins and lower part of the abdomen, causing the patient to suppose he has some affection of the back or neighboring organs. At times, symptoms of indigestion are present, flatulency, uneasiness of the stomach, etc. A moisture like perspiration, producing a very disagreeable itching, after getting warm, is a common attendant. Blind, Bleeding and itching Piles yield at once to the application of Dr. Bosanick's Pile Remedy, which acts directly upon the parts affected, absorbing the tumor, allaying the inflammation, and effecting a permanent cure. Price 50 cents. Address The Dr. Bosanick Medicine Co., 100 S. D. St., New York, N. Y.

Physicians use Shirner's Indian Vermifuge in their practice and pronounce it a first-class article. A trial will convince the most skeptical of its intrinsic merit.

murderers and thieves, and all law-breakers. Why punish them? It is to deter them from cutting the throats of that man who has no property, as well as other persons. Yes, he receives a great benefit from the force of law. Well, if he cannot help sustain his country in the shape of taxes because he has no property, he should not refuse to give to it what he has—a few days work for the benefit he is daily receiving from a civil government, which has in it the means of all the treasure to establish. The property-holder has to work on the roads, in addition to paying a heavy tax to keep up good government.

And, again, I as a property-holder have produce to haul to market. Well, if the roads are not worked by somebody I could not turn my produce into money to pay for my labor; consequently he could not be employed on the farm at all. But if the roads were in good traveling condition, so I would not have a loss to sustain by bad roads, I could pay the laborer more wages for his labor. So you see good roads are a money benefit to the non-property holder as well as to the property holder, and every citizen is benefited by them. We are so linked together in society that when one class suffers all suffer together. No man, saith the Scriptures, liveth unto himself.

And, Mr. Editor, let me say one word to the legislature on prohibition. It is all in a nutshell. In my opinion, if the government does not kill the whiskey, the whiskey will kill the government and kill the people. PHILOMAN.
