The above was immediately considered by the Council, and after some discussion an Ordinance, prohibiting the running at arge of dogs without being muzzled, was another column, and we advise a careful perusal of it. We are requested to notify our friends in the country hereafter not to allow their dogs to follow them into the city, as they will certainly be shot by the policemen if seen on the streets without a This Ordinance, we think, is a wise one

as the city will get rid of a number of erally, the ones that go mad or become to be common throughout this country. Several dogs, afflicted with this disease, have been killed in Anderson recently There seems to be some difference of opinion as to its being hydrophobla. However, it is a disease that makes the dog uncontrollable, and everything with which he comes in contact seldom escapes without being bitten, and the bite generally proves fatal.

The Council has ordered a lot of muzzles, which will be furnished to the owners of dogs at about 50 cents apiece.
