The Hartwell Sun, of last week, says: "Mr. A. F. Brown has purchased the Holland's Ferry plantation on the other side of the Savannah, including the ferry, and removes his family to it this week." We are glad to claim Mr. Brown and his family as residents of our County.
One of the most charming young ladies of the County, accompanied by other relatives, honored our office with a visit on Monday afternoon, and if there is anything wrong about this paper this week it is due to that fact, for the whole force from the Devil up to the Local, was captivated.
One day last week, while Mr. Nelson Rippe was crossing a small bridge over Hayswood Creek, in the upper section of the County, it gave way on one side, throwing his horse down and turning his buggy over. Mr. Rippe escaped without being hurt, but his horse was badly cut and bruised.

Smith, daughter of Capt. Billy Smith. The couple came to Anderson Wednesday morning and will remain in the city until Monday. Mr. Fant is the popular Postal Clerk on the Blue Ridge Road, and his bride is one of Walhalla's most charming and excellent young ladies.

Judge Richard Lewis, of Oconee County, is preparing to take his magnificent horse, "Diamond," to the Atlanta Exposition, where he will compete for the premium against the world's "Diamond," a thoroughbred Hamiltonian horse, bred by Red Chief, with Miss Bedford as his dam. He is a dark red sorrel three years old, and weighs 1200 pounds. If "Diamond" does not take the premium, he will, at least, be sure to attract attention as an unusually fine horse.
Mr. and Mrs. Mathias Richardson have the sympathy of their many friends and neighbors, in the death of their infant son, little Henry, who died at the age of half months, which occurred on last Saturday, after a long sickness from measles followed by teething. We are again called upon to chronicle the death of another estimable young man in the person of Mr. B. Newton Matson, who died at home near Honeska Park on Wednesday morning at 2 o'clock, after an illness of about three weeks with typhoid fever. Mr. Matson has been a resident of this city for the past three years, and at the time of his death was employed as a salesman in the store of Brown Bros. Three weeks ago he was taken ill, and at once went to his home. He was about 27 years of age, and was a young man of many virtues. He has a host of friends in the city, and his death is deeply regretted by them.

At the last session of the Legislature the law for the protection of game birds was amended so that it is illegal to kill partridges, doves, &c., previous to the 1st day of November. For the information of all concerned we print Section 1554 of the Statutes relating to game birds: "It shall not be lawful for any person in this State, between the first day of April and the first day of November, in any year hereafter, to catch, kill or injure, or to pursue with such intent, or to sell or expose for sale, any wild turkey, partridge, dove, woodcock or pheasant, and any person found guilty thereof shall be fined not less than ten dollars, or be imprisoned not less than ten days, which fine, if imposed, shall be in addition to the cost of the prosecution, or the other half to the school fund of the county wherein the offence was committed."

Lesser & Co. appear before our readers this week in a large and interesting advertisement, which every one who contemplates buying dry goods, hats, shoes, millinery goods, etc., should read carefully, as it contains valuable information to them. Their store room is now crowded with one of the largest and prettiest stock of goods they have ever brought to Anderson. Every department is full of goods, which have been marked down at prices that will please the closest buyer. They are making a specialty of ladies' fine dress goods, and we advise our lady friends to inspect them before making their purchases elsewhere. The Messrs. Lesser have the experience and judgment, and when buying their stock know exactly what suits our people. Be sure to give them a call, and see their beautiful goods.

A few days ago we made a trip some distance into the country. Along the roads we traveled we found that the farmers were keeping pretty well up with their cotton, though the fields are still white, showing that the staple is opening very fast. There is a very good late crop of cotton, and it is thought that the yield will be longer, and will be increased considerably. A fine crop of fodder and hay has been gathered, and nearly every farmer we passed seems to have grown a good crop of sorghum. The farmers are so busy with their cotton that not much preparation has yet been made for sowing small grain. In conversation with one of Anderson's most intelligent and successful farmers, he told us that his crop of cotton would not turn out much better than last year, and that his crop of corn on the low bottom lands was a failure, yet his upland corn was fine. He thinks there will be sufficient corn made in the County to do our farmers, and is of the opinion that the farmers generally are in a better condition financially than they have been in several years.

Our business engagements were such as to prevent us from attending the Pendleton Stock Show last Tuesday, but we remain in the city until Monday. Mr. Fant is the popular Postal Clerk on the Blue Ridge Road, and his bride is one of Walhalla's most charming and excellent young ladies.

The Grand Jury submitted the following presentment to the Court:
To the Honorable B. C. Pressley, Presiding Judge:
The Grand Jury beg leave to report that they have passed upon all bills of indictment which were brought to them, and have either discharged them, or have otherwise disposed of them.

We are gratified to be able to state a general improvement in the condition of the public highways, and are satisfied that the new road law is being enforced in most sections of the County, but complaints have been made to us in reference to the roads in some sections. We recommend there is one referring to part of the road leading from Town Creek to J. Belton Watson's; another is the road from Doolley's Ferry to Abbeville, which we are informed is impassable. Complaint has also been made that on the Shawlow Ford Road, near Mr. Martha Watson's, a fence has been built so as to endanger life and property. We are informed that the County Commissioners have been requested to have said fence removed, and that it has not been done, and prominent citizens have, by their memorial, called our attention to the matter. We, therefore, recommend that the County Commissioners see that the law be enforced throughout the County.
We have received a communication from certain citizens in Garvin Township, and near Twenty-Three Mile Creek, calling our attention to the obstructions in said creek from Dickson's to Passmore's Bridge, the overflows caused thereby, and the sickness resulting therefrom. We append the communication to our report, and recommend that it be referred to the County Commissioners to take such steps in the matter as they may see fit.

At the last Term of Court a report was made by the Grand Jury as to the condition of the public offices of the County. Since then the bonds of the various County offices have been examined by a committee of the Grand Jury, and we now report that the bonds as being entirely satisfactory.
The Grand Jury are entirely satisfied with the present management of the Poor House and Farm. The County Jail has been visited by a committee, and the same was found in good condition, and the comfort and welfare of the inmates carefully looked after by the Sheriff.
We would recommend that the Court room be supplied with needed furniture, and the Jury rooms supplied with comfortable seats and tables for the use and convenience of Jurymen.
Quite a number of Trial Justices in the County have brought their dockets for inspection, as required by law, but there are several who have not done so. We would recommend that the necessity of so doing, in some way, be brought to their attention.
In making this, our last, Presentment, we acknowledge our gratitude to the Solicitor and the officers of the Court for their uniform courtesy and kindness to us during the present year, and to his Honor, the Presiding Judge, at this Term of the Court.

J. C. WATKINS, Foreman.
On Tuesday at twelve o'clock the Court of General Sessions adjourned.
The Court of Common Pleas was opened on Wednesday morning, and Judge Pressley is dispatching the business of the term with his accustomed ability and efficiency.
We would recommend that the Court room be supplied with needed furniture, and the Jury rooms supplied with comfortable seats and tables for the use and convenience of Jurymen.
Quite a number of Trial Justices in the County have brought their dockets for inspection, as required by law, but there are several who have not done so. We would recommend that the necessity of so doing, in some way, be brought to their attention.
