TIMMONSVILLE, May 9.—A deliberate murder was committed last night, in the vicinity of Lamar, in this county, about ten miles West of this place. Joseph James, an old, well known, well-to-do citizen, was shot down at his home, without a moment's warning, as he had risen from a late supper and was passing out at the door. A load of buckshot and slugs entered his right side, passing nearly through his body, just below the liver, and killing him almost instantly. It is entirely unknown who the assassin was, but there are grave suspicions that he was employed to perpetrate the crime by some one pecuniarily interested in James' death. No one was present at the scene of the murder but his son, Joseph. Muf-fled tracks, as of a person rapidly retreating, were discovered to-day leading from the door steps where the tragedy occured into and across a near by field. An examination of the body of the unfortunate man by Dr. J. M. Josey soon after the shooting last night, disclosed a buckskin belt around his body, which was found to contain \$3,000, in bank notes. The inquest over the remains was held this morning by Trial Justice Cole of this place. No clue to the murderer was developed and the verdict left the affair practically clouded in mystery.
