LOCAL NEWS.

THURSDAY, SEPTEMBER 13.

Eggs are scarce and in demand in the city. Corn field beans and cabbages are plentiful in the city.

Several communications are crowded out of the paper this week. Nearly all of our merchants have returned from the Northern markets.

The possum hunters are now tramping the woods at night in search of game. Messrs. A. W. Adams and J. L. Snipes, of Seneca, were in the city last Monday.

Some eyes and whooping cough are still prevailing in some sections of the County. Gov. Richardson has appointed James R. Vandiver, Esq., of this city, a Notary Public.

A large crowd from the city will attend the Camp Meeting at Sandy Springs next Sunday. The city churches did not have large congregations last Sunday morning. Too much rain.

The store of Lessor & Co. will be closed next Saturday in observance of the Day of Atonement. The majority of the weather prophets say that we are to have an early fall and a severe winter.

The paint brush has improved the appearance of several business and dwelling houses in the city. The girl who could keep her hands properly kniked during the recent spell of weather is to be envied.

Mr. J. B. McGee is now clerking for Mr. A. G. Means. He will be pleased to have his friends call and see him. An effort is being made to establish a steam laundry in Anderson. A good idea, and we hope it will succeed.

Several of Anderson's modest bachelors are growing more despondent every day. Leap Year will soon be at a close. Senator Butler has our thanks for a copy of the annual report of the Department of Agriculture for the year 1887.

The attention of contractors is directed to the advertisement of the Building Committee of the Anderson Hotel Company. The Court House officials seem to be having a very quiet time these days. Not much business is being transacted with them.

Rev. Hugh McLessee will preach at Flat Rock Church next Saturday morning at 11 o'clock, and at night at early candle light. Messrs. McGee & Ligon are having erected in the rear of their store a large wooden building in which to store heavy groceries, etc.

Our young friend, Ralph W. Brown, leaves today for New York, where he will spend the winter pursuing his studies in medicine. Bring your cotton to Anderson, get a good price for it, and if you need goods call on our merchants, and we guarantee you will be satisfied.

Cotton pickers will be in demand in a few days. Fifty cents per hundred pounds is about the average price paid for picking the staple. The Camp Meeting at Sandy Springs begins to-day and will continue until next Tuesday. As usual, a large crowd will be in attendance.

There will be no services in the Methodist Church next Sunday, as the pastor will be absent from the city, in attendance upon the Camp Meeting. The Anderson merchants are determined to pay the top of the market for cotton this fall, and at the same time will sell goods at their own prices.

After two or three weeks of much needed rest, Capt. Billy Smith, the popular Conductor on the Rine Ridge Railroad, is again at his post of duty. Our young friend, Ernest Cochran, of Wallaha, is spending a few days in the city. He is thinking of locating in California or Nebraska to practice law.

Prof. W. E. Brazzale, who has been spending his vacation with his parents in this County has returned to Trenton, S. C., and resumed charge of his school. Married, on Sunday, September 9th, 1888, by S. T. Richardson, Notary Public, Mr. S. G. Bryant, of Anderson County, and Miss Mary Sizemore, of Piedmont.

Miss Nellie Catlett and Miss Emma Daniels left the city last Monday for Williamson, where they will attend that most excellent institution, the Williamson Female College. Married, on Sunday morning, September 9, 1888, at the residence of the bride's father, Mr. B. F. Pruitt, by Rev. B. Hays, Mr. R. B. Ashley and Miss M. C. Pruitt, all of Anderson County.

The delegates from the sub-Alliances of the County are requested to meet in this city next Saturday, 26th inst., at 10 o'clock a. m., for the purpose of organizing a County Farmers' Alliance. Mr. S. J. Hester will be at Mountain Creek Church next Friday evening at 8 o'clock, to organize a Farmers' Alliance. All of the farmers of that section are requested to attend the meeting.

Mrs. F. M. Avery, nee Miss Lydia Earle, formerly of Greenville, died in Chicago on the 6th inst. Prior to her marriage, Mrs. Avery was a frequent visitor to Anderson, and her friends here will regret to hear of her death. Now is the time for the merchants to plant their fall advertisements. The people are anxious to know where to go to get the best bargains, and there is no better way to inform them than through the columns of the Intelligencer.

Mrs. Cora Ligon and Miss Virginia Evans left last Tuesday morning for Boston, Mass., where they will spend several months in the Conservatory of Music. The Baptist Church here will expect some good music from them when they return. We had a pleasant call from J. H. Newton, Esq., of Pickens C. H., last Tuesday morning. Mr. Newton, a number of years ago, was a resident of Anderson, and his friends here will be glad to greet him on his return. He is now practicing law at Pickens.

Miss Ida Perdual, of Baltimore, who has accepted the position as milliner for Crayton, Jones & Seybt, arrived in the city last Monday. Miss Perdual is a most charming young lady, and we hope her residence in our city will be pleasant and profitable.

Miss Christine Borsell leaves the city to-day for Staunton, Va., where she will spend the next nine months in attendance upon Mrs. Gen. J. E. Stewart's Seminary for young ladies. Her friends wish her a pleasant sojourn there and a safe return home.

At a regular meeting of the City Council on Wednesday afternoon of last week, the following officers were elected: Clerk and Treasurer, J. D. Maxwell; Chief of Police, W. H. B. McGruder; Assistant Chief, R. F. McKinney; Street Overseer, J. Pink Reed.

A Farmer's Alliance was organized at Hunters' Spring last Monday with twenty-one members. The farmers are taking hold of this organization in every section of our County, and ere long the Alliance will be more numerous than the Granges were at one time.

Divine services will be held at Grace Church on Wednesday afternoon at 8 o'clock and Thursday night at 8 o'clock. Rev. Mr. Logan, of Spartanburg, will assist Rev. Mr. Gadsden. Services will also be held at Pendleton on Friday night at 8 o'clock and Saturday at 11 o'clock a. m.

The Cotton Plant which only strictly agricultural paper printed in South Carolina, has been adopted as the official organ of the Farmers' Alliance of this State. It is printed in Greenville, by Hoyt & Keys, and is an excellent paper, well deserving the liberal support of the farmers of the State.

President Cleveland's letter of acceptance was given to the Associated Press in Washington on last Sunday night, and our sprightly little neighbor, the Greenville News, issued an extra edition Monday morning containing the letter in full. This was quite enterprising on the part of our neighbor and was highly appreciated by its readers throughout the Piedmont section.

We have neglected heretofore to mention the election of the new officers of the Anderson Fire Department. The Companies held an election several weeks ago, and resulted as follows: Chief, Thos. F. Hill; Assistant Chief, C. F. Jones; Secretary and Treasurer, C. S. Sullivan. The City Council has confirmed the election of these gentlemen, and the Department is now in their hands.

Note carefully the new advertisement of Mr. John M. Hubbard & Bro. The senior member of this firm has just returned from the North, where he has purchased the largest stock of jewelry, watches, clocks, silverware, china ware, etc., that has ever been brought to Anderson. These goods are arriving daily, and it is a treat to visit their store and see them. Few cities in the South can boast of such an establishment as these gentlemen own.

There was a case of robbery in the city last Tuesday afternoon, near the Savannah Valley depot. Two negro boys by force took from Mr. T. D. Sloan's little boy, aged about 12 years, a satchel containing \$10.00. They were soon captured by Policemen McGruder and the money recovered. The case was settled Tuesday by a colored parson of the city taking the boys from the calaboose and giving them about forty licks. This was probably the best settlement that could have been made of the case.

We invite your attention to the advertisement of Messrs. Cunningham Bros., which appears elsewhere. These gentlemen are daily receiving their stock of fall and winter dry goods, boots, shoes, hats, groceries, etc., which they are determined to sell, and they will make it to the interest of every one of our readers to call and inspect these goods. This is one of our most reliable firms, and persons trading with them may rest assured of always getting the full value of their money.

Yesterday Frank Chester was tried before Trial Justice Wardlaw for rescuing a calf that had been impounded while trespassing. The judgment was guilty and a fine of five dollars, the least fine allowable, imposed. It would be well for this to be remembered, that it is a misdemeanor to take stock from the possession of one who has captured them while trespassing on his property. The law directs the course of procedure, and it should be followed out. The calf in this case was not worth more than a dollar or two. The law must be respected.

Taylor, James Banister, B. P. Mitchell and Monroe Banister. Fortunately no one was seriously injured. Monroe Banister received a slight cut on the head, and James A. Banister was considerably bruised by some of the party falling on him.

Great deal of excitement prevails. We will have another dry goods store opening up in a short while. The first to be under the name and style of B. W. Duckworth. Denver Items. We have had a long wet spell, which has done considerable damage to the crops. Cotton is injured by the bolts that were open sprouting and those just cracked rotting. A large amount of fruit has also been spoiled. We have not had so much rain. Corn in low bottoms is almost wholly destroyed, and a large amount of wheat has been lost. There has been some damage to bridges and mill-dams, viz: The bridge over Three and Twenty, near the Erie place, bridge over Six and Twenty, near J. W. Majors, partly gone. The bridge over Hamble creek, near J. Belton Watson's, was also broken on bridge on sand creek near Walter Hembree's, about gone. The abutment of Mr. T. R. Simpson's mill dam was washed away.

Mr. J. A. Daniels has had about eight hundred gallons of grape vinegar put up this year, and Mr. B. Douthett has put up about two hundred and fifty gallons of apple vinegar, so this neighborhood will be prepared to make things pretty good.

The latest use to which we have heard of a seerucker being put, is that of a crutch. The seeruckers used up in it, one wishing to try the experiment, are advised to be very particular about stumps. Caesar Hammond, an aged and respected colored man living on Mrs. Martha Watson's place, died last inst. from paralysis. This one by one the old time darkeys are passing away.

The members and community of Smith's Church are now erecting a new house of worship. Rev. B. Hays has the best average price for corn we have seen.

Rev. B. Hays is doing a good business at Deana. He has added another room, and is steadily growing, building, which gives him a large and convenient store room. Our handsome young friend, Mr. Samuel Whittaker, was quite sick for some days, but we are glad to know he is better.

Capt. Edges, who has been sick for some time is now convalescing. He makes a trip to the Indian Depot once a week. We heard a dejected candidate say a few days ago that he had just as good friends as any man, but the trouble was he did not have enough of them.

Mr. D. H. is now improving his dwelling house, which adds much to its appearance as well as to its convenience. The death of Miss Caroline Cannon, which occurred on Wednesday 5th inst., after a long and painful illness, is a great loss. She was about fifty years of age. Her remains were laid to rest in the Flat Rock graveyard.

You may say what you please about babies, but I can't see how any one can keep house without one. However, I think a gentleman who has been without one at his house for nearly nineteen long years, and he has not murmured. He no doubt is in possession of the wisdom of Job's patience, and consoled himself with the thought, "blessed is he that endureth the snare more profit he may have, and he must have with no lamps to light at the midnight hour, no tea to warm, no hot water to bathe in, no fire to burn. But, alas, things have changed at this gentleman's house. He has been blessed with a child, and he is now a father by night but remaineth till the sun has risen in the east." This gentleman realizes now the truth of the old saying, "As long as there is life there is hope." He is happy and serene.

Lebanon Reading Club. Mr. Ennos: Deeming it worthy I will give you an abbreviated report of the entertainment given at Lebanon, on the night of the 7th, by the Lebanon Reading Club. Although the weather was threatening, the Club was greeted with a fair breeze, and the exercises were opened with a piece of vocal music by all the members of the Club—"All to Christ I owe." The first piece on the program was "Christ's Story," by Mr. J. W. Rothrock, which was read in a clear and distinct manner, exciting our spirits by the reception of things yet to come. Next, "Peter Sargam in love," recited by Willie Weldon. Much on harps. Next on the program was a chorale—"There is no rose without a thorn," by Miss Lala Bowen, B. J. Smith, Miss Minnie Burris and C. B. Stribling, which was rendered in such style as would have given credit to more experienced amateurs. Vocal music—Next came "Old Sugar's Music," recited by Dr. J. G. Duckworth, and Frank Mullikin, and organ by Miss Mattie Qualis. Tabernacle music—"The musical darkey," by S. A. Bowen and Willie Lee, which could not have been surpassed by anything short of professional music. Music on harps, violins and organ. The President announced the last piece—"Darkest concert," which was rendered in such a natural style that had we known no better would have thought them sure enough "darkest." The exercises closed with a song from the school, which gave us a whole lot of fun. We think you miss a treat every time you miss the entertainment given by this club. The price raised by this club are given to finish the school house at Lebanon, which renders it more worthy of patronage. We offer you a sample of our free. Remember, this Remedy is sold on a positive guarantee. For sale by Hill Bros., Anderson, and A. B. Carpenter, Pelzer.

C. O. BRUNNIS, Clerk. Mr. Ennos: Pleasant news in your intelligence for a few words. I came to this place August 31, in search of colored Episcopalians but found only one here, Mr. W. H. A. Moore, who is from New York. He greeted me as an Episcopalian at heart, and shows a brotherly love to me. Since I was in the place I preached for the Rev. Mr. Beard's congregation twice, and found the Pastor and people very warm in the Christian's love. In my judgment I believe the people of Anderson are very social, both white and colored. I visited the Book House of Messrs. Fant & Watson, and had great pleasure in following me to examine their stock. I am glad to see the sociability of the people. Bro. Moore and myself had a good conversation, and he said that "these are very kind and gentle people." What else do we want? Follow peace and holiness with all men. Election which no man shall see the Lord Jesus. P. H. MARTIN, Pastor of Reformed Episcopal Church.

A Sound Legal Opinion. E. Bairbridge Munday, Esq., County Atty., Clay Co. Tex. says: "Have used Electric Bitters with most happy results. My brother also was very low with Malaria Fever and Jaundice, but was cured by timely use of this medicine. An satisfied Electric Bitters saved his life." Mr. D. H. is now improving his dwelling house, which adds much to its appearance as well as to its convenience.

The death of Miss Caroline Cannon, which occurred on Wednesday 5th inst., after a long and painful illness, is a great loss. She was about fifty years of age. Her remains were laid to rest in the Flat Rock graveyard. You may say what you please about babies, but I can't see how any one can keep house without one. However, I think a gentleman who has been without one at his house for nearly nineteen long years, and he has not murmured. He no doubt is in possession of the wisdom of Job's patience, and consoled himself with the thought, "blessed is he that endureth the snare more profit he may have, and he must have with no lamps to light at the midnight hour, no tea to warm, no hot water to bathe in, no fire to burn. But, alas, things have changed at this gentleman's house. He has been blessed with a child, and he is now a father by night but remaineth till the sun has risen in the east." This gentleman realizes now the truth of the old saying, "As long as there is life there is hope." He is happy and serene.
