The business of Anderson is steadily growing, and our city is entering, we be-lieve, upon a wider trade and more pros-perous business era than it has ever known. To-day our merchants and cotton buyers are paying more for cotton than any market in the State. Our trade is extending over surrounding Counties, be-cause the enterprise of our business men have any doubts as to the advantages of Anderson as a market, come and examine for yourselves, and you will be convinced. Anderson is one of the youngest cities in the State, but it is destined to lead in the Commerce of the up-country. Low prices for goods and supplies, combined with high prices for cotton and other country produce, make Anderson an admirable market, and it is being talked of in many sections of the State. A Baptist Church to be Organized at Eureka. MESSES EDITORS: The good Book tells

as that the righteous is like a tree planted by the rivers of water that bringeth forth his fruit in his season; his leaf also shall not wither, and whatsoever he does shall prosper. The truth of this divine expression is verified in the Sunday School and prayer meeting work at this place. It is now clear and conclusive to minds that have been trying to think and act piously in our community, that the organization of a Baptist Church at this place has become a necessity. The circumstances by which we are environed as a community clearly justifies the enterprise. The matter has been seriously and prayerfully considered, and a number sufficient to enter into the compact to make it a success under the Divine blessing has entered into the covenant, and has appointed statement.
