In life's journey the sublime and ridic ulous often meet. Neighin, accompanied by his two dogs. Neighbor K— has two dogs also, and when the four get together, it is considered rather risky to try to pass unless some one is detailed as guard. While they (the people not the dogs) were engaged in devotional exercises, another neighbor, the first letter of whose name is "Jim," made his appearance and was duly set upon by the dogs, which somewhat disturbed Mr K— in his devotions. He hated to get up and leave while prayer was going on, and he in his devotions. He hated to get up and leave while prayer was going on, and he also was very anxions to go to "Jim's" rescue. This young preacher, with commendable zeal, proposed to have prayers before he left, and as his time was short he was not long in getting to praying, but this good sister had left the kitchen to welcome the preacher, and had left things there in such shape as to require her to be back in a short-time. So when they got down to praying and the preacher's back was turned she quietly slipped away to the kitchen and arranged matters somewhat and then slipped back and regained a devo-tional attitude. But the preacher took in the situation and did not stay much longer.

Nearly every one was looking for a cyclone from Saturday evening until Monday morning, and would hardly give it up until the wind rose and drove the clouds away. Our people know something about such things, for we have had two of them in our immediate neighborhood within the last four or five years, hence their fears. Not-withstanding their dreadfulness, it is the grandest sight our eyes have ever seen; yet we do not care to have the wonderful rision thrown before us again, unless we were sure it would not hurt us, and that would take all the coaxing powers of the whole universe to get us into that notion

MR. EDITOR: Please give us space in your columns to give the true statement in regard to the Church and the organized society, which is better known as the Farmers' Alliance. We will state just here that the so-called Alliance had its first meeting at Holland's Store, where it is said to have been organized with a full set of officers. They got tired of their loca-tion there, and met for some time at Shiloh Church. This was done without leave or license. The majority of the Church, as well as Mr. "Burke," kicked, and the midnight muddy feet fied. Mr. "Member," we would like to ask your honor a few questions. 1st. When you meet at Ruhamah as you stated, do you meet in the Church or in the school house? 2nd. We believe you also stated that the West Savannah Alliance was in a flourishing condition. We find as to the facts in the case be ween Lieut. J. M. Patrick and Mr. B. B Breazeale, Jr.: That Mr. B. B. Breazeale was excused from drill, being sick, by Lieutenant Patrick, and that he fell into ranks as ordered, with the file closers, near Lieut. Sharpe, and answered to his name further, that he left ranks on account o sickness, understanding Lieut. Sharpe to say to him that he need not remain in ranks if he had been excused; further that he refused to return to ranks when ordered by Lieut. Patrick to do so. Now upon these facts, we recommend the dis laimer on the part of Lieut. Patrick of any intention to impeach the veracity of character of Mr. B. B. Breazeale, Jr., either in any expressions to Capt. Patrick or to Mr. Claude Breazeale, and the withdrawal of any words leading to that conclusion. At the same time, the withdrawal of any threats or offensive communications on the part of Mr. B. B.
