PENDLETON'S GALA WEEK. The Joint Meeting of the State Grange and State Agricultural and Mechanical Scclety-The Stock Show-The Fruit Exhibit-Large Crowds Present, etc.

Old Pendleton has added another long page to her already long history, and the general verdict of the thousands of visitors who were within her gates last week attending the joint meeting of the State Grange and State Agricultural and Mechanical Society, and witnessing the stock exhibit and fruit show, which was held under the supervision of the Pendleton Farmers' Society, is that the occasion was one of the most successful and most inter esting ever held within the borders of South Carolina. The clever people of the town had thrown open their hospitable homes, and the delegates to the meeting were met upon their arrival and assigned homes, and every attention possible was paid them during their stay.

W. K. Thompson. All of these addresses were both eloquent and interesting.

The first essay was read by Dr. T. J McKee, of Edgefield, on "The preservation of land by terracing vs. hillside ditching." HOME SCHOOL

Aug 8, 1889

This institute is located at Asheville, N. C., and occupies the new and beautiful building lately known as the Oakland Inn. The house has accommodations for 150 boarders, and is complete in all its appointments. It is heated by steam, lighted by electricity and has hot and cold water upon each floor. The rooms are carpeted and supplied with substantial and appropriate furniture. The building stands upon a commanding eminence overlooking the city and affording extensive views of the surrounding mountain ranges. The grounds contain fifteen acres.

The object of the school is to provide a thorough Christian education for young women. The course

A Reminiscence. Rev. John T. McBride preached in the Presbyterian Church in Greenwood last Sabbath, much to the edification and pleasure of an appreciative congregation. Dr. McBride is now in Texas but is well known to the survivors of Orr's Rifles in this county. He was our comrade and carried the flag at the bloody angle at Spottsylvania. We well remember how we went into that angle of death. The rain was coming down in torrents. Our lines had been broken and our brigade was called upon to retake the lost works and hold the position. We reached the position we were to occupy amid a perfect tempest of shot and shell and advanced rapidly and steadily until we struck the first line of breastworks, where through some misunderstanding the regiment halfed and fell down behind the works. Almost immediately the order was given to move forward, but amid the thunder
