He left this city when a boy about thir-teen years of age, and attended several sessions of Furman University in Greenville. Subsequently he graduated as a physician, but after a successful practice of many years, his health compelled him to retire from the profession.

Dr. Divver is a practical master machinist and engineer, and has been employed by various railroads throughout the country, North and South, being at one time in charge of the shops of the Greenville & Columbia road. He was at one time also the traveling agent of an extensive Southern manufacturing company. During the war he did his part for the lost cause as a Confederate soldier in Kershaw's brigade. For the past twenty years he has resided at Anderson, where

he owns a large machine and finishing Dr. Divver became a Mason some time during the year 1863, entering Recovery Lodge, No. 31, and has since that time filled many of the important offices in this State within the gift of the Order, until he has finally attained the most ex. alted Masonic official position in the State, and filled it so well the first time

that he is called upon a second.

The Grand Master, in a pleasant conversation with a representative of the World yesterday, said that there were three things of which he was extremely proud outside of the honors conferred by his Masonic brethren. The first was that he had been born In Charleston, second that he was of Quaker origin, and third that he was a "Hard Shell Baptist."

COUNTY CORRESPONDENCE.

Dots From Hamilton D. T. Ford, of Liberty, died suddenly on Tuesday evening, 3rd inst., of congestion of the bowels, after an illness of three days. Mr. Ford leaves a young widow with three small children, by a former marriage, to train for Heaven. Mr. Ford was highly esteemed in the community as a citizen and christian gentleman. The funeral services were conducted by the Rev. Dr. Riley, at Ruhamah Church, before a large and sympathizing assemblage, and then the body was laid to rest by the side of his former wife, by the Liberty Farmers' Alliance, of which he was an honored member. Mr. Ford has for many years been a consistent member of the Presbyterian Church, having joined ried, may make application to the nearest at old Carmel Church, where his parents United States Commissioner, under oath, before him had held membership. It is believed by those best acquainted with him that he never three sisters. How well he performed these responsible duties is known to his most intimate friends and acquaintances. Mr. Ford was stricken down by death in the zenith of his manhood, when, to human ken, his life seemed a necessity to his family, the Church and the commu-

nity. But God doeth all things well. But as we record the death of one so young and so promising, so, too, must we record the sudden death of an aged veteran of the cross, Mr. Levi Taylor, of the Ruhamah neighborhood. He had been connected with that Church for many years, and the latter years of his life were pent in the full and perfect enjoyment of his religion. He had arrived at that point in a growth of grace in his heart when he could say that his peace was as a river flowing from the throne of God, with scarcely a ripple upon its surface. Thus death is no respector of persons, but eaps down the aged and the young alike. Mr. Taylor was nearly eighty-three years of age, and for the last seven years of his life has lived happily with a second wife, who is left with children and friends to mourn the sad death of Mr. Taylor, who vas stricken with paralysis and could never speak after he was taken. He lived four days in this helpless and deplorable ondition. But Mr. Taylor was not taken mawares, for he told many of his friends ong before he was stricken down that he was waiting the summons, and ready to

Holland's Store Items. The Concert and festival held at Starr on the 13th inst. was a big success. The former was managed by Prof. Willis, and onsisted of songs, dialogues, recitations, &c. Mr. J. B. Leverett, at the commencement, made a few appropriate remarks, and introduced each succeeding act. Every piece was well rendered and reflects credit, not only on the performers, but the teacher as well. Among the pieces that we think deserve special mention was the song entitled "Homeless to every conceivable matter of interest to night"-sung by the Misses Gray and their brother: also, the song, "We are The re-election of our townsman, Dr. little travellers," beautifully sung by a The master piece was well acted by all, and especially the character that our young friend, Paul Crowther, represented. The festival was managed by the good ladies of the surrounding country, and vas as well gotten up as any affair of the kind we ever attended. We would say nore, but we know that our friend, "Omega," will tell all about it. We feel that we are trespassing, anyway. The et proceeds were, we learn, about one hundred and thirty-five dollars-Mr. T. J. Holland is now keeping the

ost office in his new building. He is dso receiving his new goods. Rev. Mr. Ford visited this community last week, straightening up his business

before taking charge of his new field. His friends were glad to see him. Rev. E. R. Carswell preached several very fine sermons during his visit the past

week.

She soon heard the pitiful cries of her daughter, and rushing into the room, a ghastly sight met her eyes. The little girl was lying in the middle of the room, and her clothng and long, golden hair were in flames. Half fainting, the mother made frantic efforts to save the child, but of no avail. Mrs. Christianberg's clothing also took fire, and if it had not been for the timely appearance of a neighbor, she too, would ave been burned to death. JEFFERSON DAVIS. The Great Leader of the Lost Cause Laid

NEW ORLEANS, Dec. 11 .- The day, notwithstanding the threatening and oppressive character of the weather during the past several days, could not have been more propitious or beautiful. The portentions, pregnant looking clouds of the night previous and the great banks of heavy fog that prevailed during the early part of this morning had wholly disappeared by 7 o'clock, as the sun burst forth and the beautiful Scuthern summer day dawned for the obsequies of the Southern The city is crowded with thousands of

people, representing the prominence, wealth and chivalry of the Southern States. Six or seven Governors are here, attended by their staffs, and bringing with them great delegations of people. The military parade was a marked one. A dozen companies, from Georgia, Texas, Mississippi and Alabama are here, and the Louisiana State National Guard and the volunteer militia of New Orleans, participated. The crush on the streets equaled anything that has ever been witnessed here on the occasion of the cur-

The floral decorations were added to this morning. They came from every State and city in the South, and are superb in their design and beauty. The town is draped from one end to the other with most elaborate showings of black. Business fronts and residences that were barren of mourning emblems yesterday were covered this morning, and every bit of bunting that there is in the city flies on staffs at half mast. As soon as the doors of the city hall

were opened a stream of citizens began to pour inco the death chamber to take a farewell view of the remains of the famous Confederate leader. The crowd of visitors was even greater than that of yesterday, there being hundreds of people from abroad whose visit to this city had been delayed until to-day.

It was not until 11:30 o'clock that the

lid of the casket closed down forever upon the features of the dead. The remains were then conveyed to the front portico of the city hall building, where the simple, but impressive rites of the Episcopal Church were performed. Lafayette square, in front of the city hall, the parquettes and streets were densely packed with people, and balconies and every available space from which the pageant could be viewed was crowded, in the ex-

Obedient to universal request, Mr. Davis was given a funeral in full accord with his superior rank as a military officer, in addition to which numerous civic and other organizations combined to render the cortege to day in all respects most imposing, not only with reference to numbers, but in pomp and circumstance

of its elaborate ceremonial. There participated in the obsequies of the Father of the Confederacy to day, besides veterans of the Lost Cause, who have once again been called upon to close up their decimated ranks, many gallant oldiers, whose unflinching valor displayed on numerous hotly contested fields, resulted, not infrequently, in both glory and victory to "the stars and stripes." The following gentlemen acted as pallpearers: General George W. Jones, of lowa, Honorable Charles E. Fenner, of Louisiana, Sawyer Hayward of Mississippi, Honorable Thomas H. Watts, of Alabams, a member of President Davis's Cabinet. Honorary pallbearers: Governor Francis T. Nicholls, of Louisians, Governor Robert Lowry of Mississippi, Governor S. B. Buckner of Kentucky, Gover nor John B. Gordon of Georgia, Governor J. P. Richardson of South Carolina, Governor D. G. Fowle of North Carolina, Governor F. P. Fleming of Florida, Governor James P. Eagle of Arkansas.

About 12:10 the casket was conveyed catafalque in the centre of the front portico where the massive pillars were en wined with a profusion of crape. the casket was thrown the soft folds of a silken flag of the Lost Cause, as also the glittering sabre with which the dead solijer had carved fame and honor for him self and glory and victory for his country on the crimson fields of Chapultepec and Monterey. Immediately surrounding the coffin were the clergy and armed sentries, they being the only persons admitted to a place on the portico during the service. The relatives of the deceased were as signed to seats in the Mayor's parlor, from

the windows of which they were enabled to witness the ceremonies. The obsequies, which were according to the ritual of the Episcopal Church, were conducted by Bishop Galleher, assisted by ive officiating clergymen of various de nominations, as follows: Father Hubert, Rev. Mr. Thompson, Mr. Davis's rector at Biloxi, Mississippi, Rev. Dr. Markham, Rev. Mr. Bakewell and Rev. Mr. Martin.

There were altogether fully twenty sur-pliced ministers, besides the attendance of numerous clergy of different denominations from various Southern States. A suppliced choir of thirty-six voices, ccompanied by an organ, sang the an "Through the valley of the shadow

of death," after which Bishop Galleer made an address. Following Bishop Galleher, Rev. Dr. Markham read the lesson, while Rev. Mr. Martin repeated the psalm, Rev. Mr

Bakewell the vericles and Rev. Mr Thompson the creed; and thus ended the services at the city hall, which, although simple and brief, were wonderfully im During this period the immense throng, representing every conceivable variety of eligious and social predeliction, profes-

sion and nationality, stood in reverential silence, with heads uncovered. At the conclusion of the religious ser vices the casket was borne by a detach ment of soldiers to a handsomely decorated caisson, which had been especially pre pared for its reception and on which it

was to be conveyed to the cemetery. From the caisson arises a catafalque, consisting of a unique and beautifully designed canopy measuring eight feet in length and four in width, and supported by six bronze cannon, braced with muskets. The dome of the canopy is ornamented in bronze with furled United States flags draped upon either side. The sides of the catafalque are superbly draped in black cloth with bullion fringes and gimp. The casket rested on a slight elevation and the caisson was drawn by six black horses, two abreast, caparisoned in artillery harness and plumes, and each animal led

by a soldier in uniform.
With marvelous military precision, the various battalions wheeled into line, preceded by a detachment of city police, and followed in turn by the clergy, pallbearers proceeded up St. Charles street to Callepe and from Callepe into Camp, thence to Charteres, to St. Louis, to Royal and Canal, in a direct route to the cemetery. It

was an hour and ten minutes passing a As the grand funeral cortege traversed the streets, from the turrets of every echoed along the interminable lines, while soul subduing dirges blended with the solemn booming of minute guns. Parts of the city not directly located on the line of march, or in anywise remote from the scene of the pageant, were liter-

Resignation of Congressman Cothran,

WASHINGTON, December 10 .- The members of the South Carolina delegation in the present Congress were given quite a surprise to day when informed that their colleague, James S. Cothran, who represents the 3d Congressional district, has tendered his resignation to Governor Richardson, to take effect shortly.

Judge Cothran, prior to coming

Congress, was a Circuit Judge in South Carolina, and was re-elected to the present Congress without opposition, only sixteen votes being recorded against him. His sudden determination to retire from Congress is due to a flattering offer from the Richmond and Danville Railroad Company to succeed Col. J. C. Haskell as general attorney for the road in the State of South Carolina. Judge Cothran's early training fitted him for a judicial position, and he leaves the House of Representatives with many regrets from his colleagues and associates, but of his own free will. He is regarded as one of the most scholarly men in his native State, and by his quiet and digni fied bearing while in Congress has endear ed himself to all who met him, either officially or socially. In the last Congress he was a member of the commission on foreign relations, and his work on the commission is highly spoken of by

his associates. The proposition from the railroad company only came to him a few days ago, and he has given the subject careful consideration and his course is determined upon. Judge Cothran is interested in several growing industries in the South, and he will be able to give more of his time to his personal affairs at home than he could if he remained in Con-

There was also a rumor circulated in South Carolina circles that Congressman Perry, of the 4th district, contemplated resigning his seat in the present Congress to enter the race for the Governorship of the Palmetto State. When spoken to on the subject to-day Mr. Perry said there was no foundation for such a report, as he is well satisfied with Congressional life at present.

WASHINGTON, December 11.—Judge Cothran may be induced to withhold his resignation from Congress for an indefinite period in deference to the wishes of his party friends. His proposed retirement was generally discussed among the Democrats in the House to-day, and he is advised to hold on until the minority give same indication of their policy during the present session. In view of the fact that there are so many aspirants for his seat another deadlock, similar to the Tillman contest, is feared.

As the Republicans are now in the majority in the House, a representative of that party would certainly compete with whoever may be nominated by the Democrats in the 3d district. These probable complications have caused ludge Cothran to pause in the preparation of his formal resignation.

WASHINGTON, December 12 .- At the earnest solicitation of his Democratic colleagues, Representative Cothran, of South Carolina, has consented to reconeider his determination to resign his seat in Congress. It was represented that his action might injure the party in view of the close political complexion of the House. He will remain in Congress until the work of the House is well advanced and may not resign at all.

- Says a railroad man : "A passenge engine averages sixty pounds of coal to the mile, and travels about 56,000 miles per year, while a freight engine averages ninety pounds of coal to the mile and makes about 43,000 per year, while yardengines burn less. Freight engines travel much slower than passengers, and therefore burn more coal per mile. The largest mileage made in 1888 by a passenger engine was 81,000 miles, and by a freight engine 50,000 miles."

FOR CONGRESS.

In case of the resignation of the Hon. J. S. Cothran, our present Representative in Congress, the many friends of the Hon.

D. K. Norris, of Anderson County, will respectfully present his claims to the voters of the Third Congressional District as Mr. Cothran's successor before the Democratic primary election to be held therefor.

The Hon. J. S. Cothran having made public his intention to resign his seat in Congress, the friends of Hon. E. B. Murray, our present able Senator, beg leave respectfully to announce him as Judge Cothran's ccessor in the National House of Repre-

Tribute of Respect.

At a regular communication of Barnett Lodge, No. 106, A. F. N.B.

Directors of this Store is, and has always been, not to sell a cent's worth of goods on Credit to any one, but to sell only for Spot Cash. In some instances, in order to get around this, and to try and keep from giving offense until the people could learn the workings of the business, I have advanced the money individually, and made the charges on my old books. This, however, complicates matters, giving us extra work to do, and besides these requests are so frequently made, and some are so slow to pay that it works a hardship on me, so will in the future be obliged to turn down any and all orders, coming from any source, not recompanied with the cash. We would suggest to any one who prefers for convenience to run an account, to make a dcposit with us, when we will be pleased to honor any orders for eash or purchases until the balance

P. S.—I hereby give notice to all persons indebted to me in my former business, either by Note or Account, or the old Firm of Hill, Adams & Co., that they must pay up during the month of December, as I have not time new to look after my private business, and will put all these matters in the hands of George E. Prince, Esq., for immediate collection on the 1st day of January next.
