THE CAMPAIGN MEETING.

The INTELLIGENCER closed its forms at 2 o'clock on Wednesday afternoon. and at that hour the campaign meeting was in progress. Upon the arrival of the Newberry train at 11 o'clock the candidates were carried to the Hotel,

In a short time they were carried to the stand, near the C. & G. depot, Capt. Tillman being in a carriage with a Tillman flag over, and drawn by a number of men. The others were in carriages drawn by horses. As Capt. Tillman entered the stand he was loudly cheered. When Gen. Earle appeared there was a tremindous cheering. The following were the order of the speaking: Bratton, Earle, Tillman, Graydon, Gary, Bonham, Pope, Farley and Mayfield. It was evident that there was going to be a lively meeting. It was estimated that there were between two and three thousand

Parties in New Jersey, who withhold their names, have forwarded \$6,300 to the Lee Monument Association to be used in any way connected with the expenses of the monument deemed proper. This is a most generous gift, and, tendered as it is without ostentation shows that admiration for the great soldier is not confined to the South. The whole country takes pride in the name and fame of Lee.

Up to this date Grover Cleveland and David Hill are the most prominent names mentioned in connection with the next Presidential race on the Democratic side. The Republicans are hungrier for office. President Harrison, McKinley, Allison, Russell B. Alger and Tom Reed are all casting longing eyes in the direction of the White House.

General John B. Gordon, Commanding General of the United Confederate Veteans, announces that the first annual encampment of the veterans will be held at Chattanooga, Tenn., on the 3d, 4th and 5th of July. There will be a business convention to discuss the best method of relieving those who were injured and bereaved by the late war. The address of welcome will be delivered by John A. Hart, mayor, which will be responded to by General John B. Gordon. Special advantages of transportation to the old battle grounds have been provided and everything possible for the entertainment of visitors has been done. The railroad

Briton, S. C., June 16, 1890.

The Democratic Club, of Belton, met last Saturday afternoon for the purpose of reorganization. The meeting was largely attended, and the most enthusiastic that has been held here since the overthrow of Republicanism in the State Government. The rumor that the Tillmanites of the Shady Grove and Toney Creek sections were planning to secure possession of our Club and our representation, caused the opposition to make vigorous efforts to defeat these intentions. A meeting of Tillmanites was held at Calhoun Thursday night. Mr. A. C. Latimer and other local agitators delivered addresses. That their design was to capture the Belfon Club was plainly evidenced by the large number of Toney Creek residents who attended our Club meeting Saturday.

The gathering was called to order at 4 p. m. by the retiring President, Dr. W. H. Todd. 145 names were quickly enrolled upon the Club list. Nominations for President were declared in order. Dr. Todd was put before the meeting by the regular Democrats. The Tillmanites opposed him with Mr. J. N. Sutherland. The vote was taken amidst much excitement. Dr. Todd was declared elected by a vote of 80 to 59. A scene of enthusiasm teddom witnessed followed. When the cheers of the victors had somewhat subsided, spectator Joshna W. Ashley, of Honea Path, sought to revive the drooping spirits of the "reformers" by prompting "three cheers for Tillman." The cheers were given, but they were effectually overwhelmed by the volume of applause which was sent forth to the tune of "anybody to beat Tillman," which was raised by a good "anti" of Belton. Dr. Todd in accepting the office made a brief, but very appropriate address, which was warmly applauded.

The election of other officers was proceeded with. J. N. Sutherland was chosen first and D.

but very appropriate address, which was warmly applauded.

The election of other officers was proceeded with. J. N. Sutherland was chosen first and D. A. Geer second Vice-President. Jas. W. Poore, who has ably served the Club for a number of years as Secretary and Tressurer, was re-elected. John T. Green was re-elected a member of the County Executive Committee. An Executive Committee for the Club was appointed as follows: G. W. McGee, L. D. Harris, F. Clinkscales, A. R. Cox and I. C. Williams.

The Club adjourned without transacting any further business. Had the Tillmanites carried the day, however, they would have heaped the Club's endorsement upon the head leader of their cause, and most probably upon A. C. Latimer for State Senator. But the tables were turned, the written resolutions were unoffered, the pent-up agricultural cheers unexpressed, and above all the Tillman movement and its office-seeking advocates, to use a plain slang term, were quite heavily sat upon.

HONRA PATH, S. C., June 13th, 1890.

The Honea Path Democratic Club met at this place to-day and reorganized. The following officers were elected: J. B. Watkins, President; J. N. Shirley, 1st. Vice-President; L. M. Wilson, 2nd. Vice-President; J. J. Trussell, Recording Secretary; M. B. Wright, Corresponding Secretary and Treasurer; R. T. Kirkpatrick, C. M. Kay, T. D. Shirley, B. F. Gasaway and J. B. Cothran, Executive Committee.

A. B. Shirley was elected member of the County Executive Committee.

The following resolutions were adopted:

*Resolved 1st, That we, the Honea Path Democratic Club, hereby endorse and approve the action of the Convention held in Columbia on the 27th of March last.

2. That the platform of principles adopted thereat receives our hearty endorsement.

3. That we pledge our support to B. R. Tillman for Governor.

he success of the farmers, in their efforts to reform the administration of the State government to their ideas of economy and justice to every citizen, it is very gratify-ing to see the unanimity with which they are endorsing the Farmers' Movement, as is shown by the reports of the State cam-paign Meetings held so far. It is a cam-paign of education, and State affairs will be thoroughly ventilated before the campaign is over. The farmer has nothing to lose and everything to gain by the ventilation. The farmer is generally hard to wake up, but when you get his eyes

open he is a hummer.

The election of delegates to the State Democratic Convention by primary is one carry out, unless defeated by the unfair use of party machinery by the opposition, the Greenville News, and other newspapers, to the contrary notwithstanding. One of the greatest causes of complaints manipulation of conventions against their interest, as they believe. And it shows a lack of argument to say that the farmer wants to retain the convention plan, when anybody can see that the primary gives him so much more power. And besides, the primary is right because it gives equal rights to every Democrat, and if a teed to do all that is claimed. The legislative com-mittee of the Alliance told the Ways and Means Committee of the House of Representatives that they would be glad to have them improve any of the provisions of the measure, keeping in view the one object of the bill, to stop the present discrimination against the farmer by which the business of Agriculture is to-day rendered unprofitable and depressed. In view of all this, the members of the order can put but one construction upon long and laborious articles, making complicated objections to the bill on account of detail, and that is that gentlemen are compelled to trump up such objections as an excuse for their opposition to the measure. The McClammy Bill.

House bill, No. 10553, introduced by Major McClammy, provides for the issu ing to the several States \$30 per capita. The fund so issued to the States is to be divided pro rata between the various townships in the different Counties in the State. The money so issued to be loaned by the States to the people at 1 per cent per annum, the interest to be applied to the school fund. This would give North Carolina \$53,000,000 to be loaned on the real property of the State and give the State an annual revenue of \$530,000 No person is to be allowed the loan of this fund over \$2,500. Preference to be given to those already mortgaged.

The amount that would be due to any

county, township, city, town or school district can be easily ascertained by taking the total number of inhabitants and nultiplying it by 30. It is believed that the Sub-Treasury would give all the relief that this bill would, but if they fail to report favorably (as they will) for the Sub-Treasury, then we can say to the politician, We offered you our land, our produce, this was all we had to offer, and you failed to give us relief. If your candidates will not pledge themselves to the support of the Sub Treasury or any other form of relief, we will be forced to ask for candidates that

The Farmers' Alliance in the Southern States is in a position to secure those statistics, and the officials should see to it, that they are prepared and held in read-

When they are published, together with the announcement of the determina tion to hold, the price of cotton will open and continue with very little fluctuatio at the figure which the mills can afford to pay, and, with proper management, the crop could be eased off at what it is actually worth.

We say, therefore, that this is an important matter and should therefore engage the attention of the officers of the Alliance in the South.
