TERMS: \$1.00
SIX MONTHS 5.00
ONE YEAR 10.00

The New York World honored the Intelligence with an invitation to be present at the exercises attending the formal opening of the Pulitzer Building, the new home of the World, on Wednesday evening, 10th inst.

Clerk McPherson, of the House of Representatives, has just had reprinted an unofficial list of the members-elect of the next House, showing 88 Republicans, 234 Democrats and 8 Farmer's Alliance. One district, the 23rd New York, is set down as uncertain, and one, the 2nd Rhode Island, is marked vacant.

The vote in the Legislature last Tuesday for a United States Senator was as follows: Irby 57, Hampton 47, Donaldson 46, Small 4. There was no election, and the matter was carried over to Wednesday, when another vote was taken, resulting as follows: Irby 63, Donaldson 46, and Hampton 42. There being no election, another vote will be taken today (Thursday) at 12 o'clock.

INAUGURAL ADDRESS.
We have read the Inaugural Address of Governor B. R. Tillman with a great deal of interest, and find it to be a well prepared, strong paper, full of suggestions and recommendations. It shows thought and research, and for a man not before in politics, a rather striking familiarity with the affairs of the State.

In most of his suggestions and recommendations he not echoes the desire of every brave Carolinian, and especially in all things that look to the betterment of our condition. His recommendations concerning the public schools are pretty good on paper, but in this County we do not think it is needed, and we do not think it would work, where there are so many other local influences.

We now have a law in Section 1008 of the General Statutes which is sufficient for the redistricting of the County, when determined privately by the County Board, who certainly know most, or ought to know most, about the needs of each County.

There can be no doubt that the proper and only right way to treat and deal with the colored race is to give them, in all things, their legal, and just, and equal rights with the whites—no social equality, but equal rights—and let them learn that we are not hostile to them nor their interests. No citizen should allow wrong committed against a colored man, on account of his race and color, and no good citizen will do it. The law was made for the government of the whole people, and the law the whole people should look for redress of all grievances, and all the people should give their hearty support and encouragement to the speedy and sure enforcement of the law. We think the Governor is entirely right in his views on the treatment of the colored race.

While we are not able to endorse all that is contained in the address, it is an able document.

His views on the relations that should exist between the Governor and Representatives are well and clearly expressed.

Further, we agree with Mr. Tillman in his views on reducing expenses and useless offices, and he said nothing that was truer than his remark that niggardliness was not economy. We feel sure that every good citizen wants the most economical government we can get, but he also wants an efficient government. It would be unwise to reduce the pay of public officers so as to endanger the efficient administration of the laws. Sorely niggardliness is not economy in anything, and especially in the pay of public officers. We disagree with Governor Tillman in his views on abolishing the office of County Commissioners, and devolving the duty on the Chairman of the Township Boards. We think this is too experimental in every particular.

It is now the duty of every man to give his hearty aid and encouragement to the administration, to help make it what it should be. Let the people feel interested, and all unite in building up and improving the different interests of the State.

OUR COLUMBIA LETTER.
COLUMBIA, S. C., Dec. 8th, 1890.

MR. EDITOR: The inauguration of Governor Tillman was largely attended, and his address, which lasted for one hour and forty minutes, was listened to with marked attention.

Some critic portions of the address, and some praise it as one of the strongest State papers of the kind ever published in the State, but all agree that it is an able paper and characteristic of its author. Whether the General Assembly will attempt to carry out all of the recommendations contained in the address remains to be seen. Many of these ought to be carried out. Among them, some provision for female education; a better system of tax levies, or something to induce people to return their property at its actual value, or to have it assessed by a board for that purpose; a close scrutiny into the management of the Asylum; the hiring of convicts of the Penitentiary to work on public works, or to private parties, and the investigation of the phosphate beds, and matters pertaining to the phosphate royalty in the State.

The Clemson College, the State University, the Citadel, and the free public schools are all discussed, and these matters will be brought before the Legislature in the shape of different bills, and we will hear the questions discussed *pro* and *con*, and the listening members of the Legislature can pick their ears and be ready to hear the arguments.

The House has passed a Bill abolishing the office of Supervisor of Registration, and devolving the duties of said office on the County Auditor without compensation, and it passes the Senate and is approved by the Governor, our County Auditor will have his hands full in 1892. Poor fellow, I feel sorry for him. I did wish I could save him, but the Bill passed by a majority of two votes, and stands a good chance of becoming a law.

A Bill has been introduced in the House to abolish the office of Jury Commissioner, and to devolve the duties of said office on the Clerk of the Court, and the proposer is that either this Bill or Senator Glenn's Bill will become laws.

The first ripple of the session occurred last Saturday on a motion to immediately

consider the report of the Committee on privileges and elections. After some sharp sparring between some of the members, the consideration of the report was fixed for today, (Monday), at 12 o'clock, p. m. The Anderson delegation voted solidly against the immediate consideration, and for the consideration to day.

The Sumter contest will also come up to-day. This contest is likely to occupy some time, as eminent counsel have been employed, and two reports are before the House. The object of pressing these cases to a final issue, was intimated by one of the advocates for immediate consideration of the Berkeley contested cases, is to have the questions decided before Tuesday, when a U. S. Senator is to be elected, but the House has shown a disposition to hear the cases fully before deciding, and has refused to be hurried into these cases without time for mature consideration.

The more I see of the House and its proceedings, the more firmly I am convinced that it is composed, to a large extent, of conservative men who think and act for themselves.

On Friday last the Senate and House met in Joint Assembly, and re-elected Judges Norton and Frazer for their respective Circuits. There was no opposition made to the election of either of them.

The labor Bills, restricting labor in factories by minors and women to ten hours per day, is exciting some interest, and will provoke some discussion on the floor of the House, when they come up.

The present indications are that a compromise of eleven hours per day will be agreed upon. Members are daily receiving petitions and letters *pro* and *con* in reference to this matter.

A majority of the Anderson delegation are opposed to the Bill, but will vote for the compromise, as it seems that the mill owners and operatives, or those representing the operatives, have agreed upon eleven hours.

COLUMBIA, S. C. Dec. 9th.
We had an eventful day in the House yesterday—yesterday morning over the Sumter contested case, and last night over the Berkeley contested case. The grounds of the contestants in the Sumter case were that there were only three boxes at the State polls, at one of the precincts—that the election was held in the same room as that of the Federal election, and that there was no registration book. The facts showed that one of the managers the night previous to the election had taken from him, or permitted to be taken from him, the registration book and three boxes, one for Governor and Lieut. Governor, one for House of Representatives, and one for county officers. It was not denied that the sitting members had a majority of the votes cast, counting this precinct, but it was contended that the law not having been complied with, the election at that precinct was illegal, and that the votes there were null and void.

The Berkeley case was a much stronger case for the contestants, and the Anderson delegation voted solidly for contestants.

To-day the United States Senator is to be elected, and the indications now are that the name of the winning man will be M. L. Donaldson, of Greenville. He has developed much strength without electioneering for the office. Some predict a dead lock for several days, but I do not. I believe the contest will be decided before this is seen by your readers. The election of United States Senator has to a certain extent interfered with legislation, and it is doubtful whether the Legislature can get through with all the work before it before the holidays.

J. E. B.
Trinity Items.

We are all hale and hearty, except Mr. Wm. J. Vandiver and Mr. L. W. Getney, who are suffering a great deal with lung and throat trouble, but we hope they will soon recover and again enjoy good health.

Miss Corrie Harris is now visiting relatives in Belmont.

Mr. Frank E. Genry is attending the Walker-McElmoye school, which is under the efficient management of Miss Olivia Newton, assisted by Mr. J. R. Newton, who will give lectures on agriculture two or three times a week.

We are glad the meek-sounding weather has come, for we have been wishing for a mass of back-bones and ribs.

Miss Tura Harris is visiting friends and relatives in this section, and we hope she will visit this section often during the winter, so we can have some more nice sorghum stretchings, and enjoy Miss Tura's excellent company.

We are all talking about the Christmas tree of the future. Incontro.

Cedar Grove Items.
Our farmers are about through gathering their crops. Moving, or changing residence, is next in order, and the large woods and fields will be full of rabbit and bird hunters.

Mr. M. A. Mahaffey has moved to Wilkeson.

There are twelve families in hollering distance of each other in this section who are going to change their residence this fall.

Our farmers have sown a good deal of wheat and oats this fall.

Mr. D. Bolt has made eight bales of cotton on ten acres of land this fall. Mr. J. P. Lolis, with one horse, has made fifteen bales of cotton and about two hundred bushels of corn on land that is said to have been worn out before the war. This is good news.

A few nights ago I had the pleasure of going out with the champion "possum hunter" of our section, and we captured a fine one.

Miss R. J. McNeil's school at this place will not open before the first of January.

News items, Mr. Editor, with your humble servant is as scarce as hen teeth. BALDRHEAD.

Corner Items.
Mrs. Emma Wylie, formerly of this State, who is now a resident of Doraville, Ga., is visiting her father, Mr. John Stewart.

Mr. Charlie Talbot, of Troy, S. C., comes this week to go to the Methodistville Academy.

Mr. and Mrs. John L. McLin, of Pendleton, came down last week to see their friends and relatives.

Mrs. Mary Presley, of Deep West, is visiting her daughter, Miss Ellen Presley.

Mr. W. J. McGill, who has just sold his plantation and farming implements, will go to Georgia in a few days.

Several of our citizens are now changing their places of abode.

There will be a few weddings in the Corner before the year is ended.

Four or five men are building a school house on the public road near Good Hope Church.

Miss Mamie Warren, of Pendleton, began her school last week in the school house erected this summer in the western part of this Township. This is the first school ever taught on this side, and it should be well patronized, or else it may lie in its infancy.

Miss Meta and Lena Brownie, two charming young ladies of Auteville, are visiting relatives in this section.

C. F. Jones & Co. are offering their elegant stock of clothing at reduced rates in order to reduce their stock before Christmas.

For the next two weeks you can get a bargain in a suit of clothes at C. F. Jones & Co.

—The New York Fibre Association has commenced work on the plant of their new paper pulp mill, at Huntville, Ala. The paper will be made from cotton seed hulls.

Riddled With Shot.

GREENVILLE, S. C., December 3.—Riddled with bullets and left in the woods to die a lingering death, was the fate that Judge Lynch decreed to Henry Johnson, alias Henry Wisely, colored, four miles from Central, in Pickens County, this morning before daylight.

On Monday the quiet little town of Central was excited by a brutal outrage perpetrated upon Mrs. Thomas Walters, wife of a white farmer, living four miles from Central. The outrage was one of the most horrible ever known. While busy at work in her home, Mrs. Walters, who is a handsome woman twenty years old, was frightened by a gun being placed at her head by an unknown negro, and the command, "Don't move, or I'll kill you." Throwing a rope over her head, the negro led her from the house like a cow into the woods some distance away. She kept up a continual scream, but her husband was a mile away working, in a sawmill, and the nearest neighbor lived a long ways off. The negro pulled the terrified woman over the bushes and through brambles until he reached a secluded spot, where he proceeded to accomplish his hellish designs, keeping her by force for some time. He threatened to kill her if she begged piteously, and the villain went away and left her.

As soon as she could she hurried to a neighbor's house, and told them the terrible story. The entire section of country became aroused, and parties searched everywhere. Johnson was captured yesterday afternoon at Richland trestle, on the Air-Line road, and last night was taken before Mrs. Walters, who at once recognized him. Fifty determined men had gathered, and notwithstanding Johnson's piteous appeals to the woman whom he had outraged to prevent the mob from killing him, he was silently marched away, and a few minutes afterward Mrs. Walters had the satisfaction of hearing in the stillness of the morning hours fifty or a hundred shots ring out, and she knew that revenge had been obtained.

A reporter visited the scene of the lynching. No one acknowledged to knowing anything of the disposition made of Johnson, but search revealed the spot where he had been tied to a tree, and in the woods the brute was found lying. The mob had evidently left him for dead, but he had recovered sufficiently to crawl further into the woods. He lay in a pool of wetting blood, and occasionally an agonized moan escaped his lips.

The body was terribly mangled. The left eye was shot out, and a load of shot had entered his left ear. All over the body bullet wounds were visible. No one dared offer assistance, and the negro was dying when the reporter left. No sentimental placard was placed on the body, but it lay there as an impressive lesson, that the women of the country will be protected. Mrs. Walters still shows signs of the terrible treatment received. Her eyes are red and swollen, and blue marks show on her neck. Public sentiment justified the horrible death meted out. Johnson has probably been guilty of similar crimes, as he told Mrs. Walters that she was not the first white woman he had outraged. He recently served two years in the State penitentiary for an attempted assault on a colored girl.

GREENVILLE, December 4.—The body of Henry Johnson, colored, who was riddled with bullets near Central before daylight yesterday morning for assaulting Mrs. Thomas Walters, was cremated some time last night, and the coroner of Pickens County found nothing of it to-day but a small portion of one foot, which was charred by fire. Johnson recovered consciousness Wednesday, and, it is said, begged for water. Report is that he died yesterday afternoon, and that several hours after his body was covered with brush and logs. A lighted match was applied by unknown persons, and was blown from the burning wood leaped high into the air and could be seen from the roadside.

WARNING.

HEREBY warn the public not to hire or harbor my son, Tally Sloan, colored, who is under arrest and has left me without cause. Persons disregarding this notice will be prosecuted.

J. S. SLOAN.

Dec 11, 1890
