He was educated at the Charleston College, and afterward took a course of study in the Theological School ai Sumter, and was consequently thoroughly prepared for the great work of the Master, so far as educa-tion is a preparation. His first pastoral charge was at Camden. He was a member of the faculty of the Furman Theological Institution in Fairfield County for several

years, until he was sent out in 1849 by the Baptists of the State to select a location for a similar institution, but on a larger scale. He selected the present site of Furman University, and as soon as the buildings were erected was elected Chairman of the faculty of that institution, and remained

in that position with the change from the Theological Seminary to Furman Univer-sity, until 1881, at which time, on account of his age, he resigned. However, he still remained an instructor in the University. He was several times elected President of the Baptist State Convention of this State. monia. &c Mr. John Lee, who has been visiting near here has returned to Georgia. Some of our neighbors, who have bee olding cotton for better prices, and could have sold for 9 cents just after Christmas sold a few days ago for 75-16. It pays to sell as fast as it is gathered. We say make your own supplies at home and let your cotton be a surplus crop. We know of a certain young man who has been worried with his neighbors' cows running on his laud when it was wet. He concluded he would "tag" the cows and let them do their own talking. But after he had "tagged" them he found out the cows belonged where his best "gir. stayed, and he saddled a mule and wen after them and cut the tags off and told the owner he just "tagged" them for fun, 'you know." Mr. Asbury Edwards is building a neat

and substantial dwelling house on his plantation near here. Let the good work go on. FAIR PLAY. A \$10.00 Stove.

Delays-are Dangerous. The benefits accruing to poor men from carrying life insurance have recently had at least two striking exemplifications in this county in the deaths of Messrs. De-Witt C, Holcomb and S. B. Brownlee.

Each of these two had only paid an annual premium and settlements were promptly premium and settlements were promptly made as soon as the necessary papers were made out. Brownlee and Holcomb were both insured in the Mutual Benefit, of Newark, N. J., which is represented in the Fork by G. N. C. Boleman, and in this city by G. W. Miller. This is one of the strongest and most reliable companies, be-ing in its 46th year of existence and hav-ing 50 millions of assets. It deserves special mention for its promptsettlements, having adjusted Mr. Holcomb's claim within ten days from the time proof was made.

"Delays are Dangerous."-Every on should promptly attend to this important matter and thereby protect their wives and children, in case of death, from the dreadchildren, in case of death, from the dread ful inconvenience of poverty.
