Police do their Duty without respect to Persons.

The Wall Still Covered with Bloody Gore.

THE fight was on South Main Street at the Bazaar and Ten Cent Stores of C. S. Minor & Co. It was an attack of the combined forces of seven other merchants on the famous O.S. Minor. They fought in defence of their prices, which they claimed had been crushed out of all respectability by the said C. S. Minor, and they fought with desperation to restore the former prices, but down they go in the dead of the fight, and their blood on our Store-front only is left to tell a pitiful tale of woe.

Another man believes that we are selling his 40c Oups and Saucers for 30c, and his 85c Plates at 25c. Why should we care ?

A certain millinery man thinks we have knocked him out of more than hundred sales. We don't have to pay a milliner, and he don't believe we pay for our goods. What concern is that of his?

Another man claims that we sell Tobacco at a starvation price. Has he any right to object ?
