

The County Alliance will meet in this city on Friday, October 6th. See notice of dissolution of Webb & Simpson, in another column. A party of so-called Gypsies passed through the city a few days ago. Mr. C. O. Simpson offers some valuable land for sale. See advertisement. Mr. J. Stuart Land, of Columbia, spent a few days in Anderson last week. A treat is in store for those who go to the Opera House to-morrow night. Mr. W. R. Osborne, of Brown, Osborne & Co., has returned from the market. A good farm in Centerville Township is offered for sale. See advertisement. The merchants tell us that goods are cheaper this fall than they have been in years. Mr. J. R. Fant and son, Claude, left Tuesday morning to resume their business in Columbia. Mr. T. E. Howard, of Columbia, is now in charge of the Western Union telegraph office in this city. Mr. Levi N. Geer, who has been spending several months at Lenoira, Ga., has returned to Anderson.

Our young friends, Prof. D. Manton Frierson and J. Benjamin Townsend, have returned to their work in the Presbyterian College at Clinton, S. C., after having spent a most delightful vacation at their homes in Anderson. The former will be in charge of the department of Science and the latter occupies the chairs of English and Chemistry. Messrs. J. A. Smith & Co. are daily receiving their stock of goods, and next week the readers of the INTELLIGENCER will hear from them. Our young friend, Eugene Fant, is clerking there and will be pleased to have his friends call. We return thanks to the firm for samples of their big stock of cigars. If you enjoy a good smoke, call and try them. Last Saturday afternoon John James, alias John Hood, a colored well digger, met with a tragic death. He was in the well engaged in walling it, and while the two men at the windlass were letting down a tub of brick the rope broke and the load fell on the poor negro, crushing his skull and killing him instantly. The verdict of the Jury of inquest was in accordance with the facts stated. Gossett & Brown, the live, energetic shoe dealers, make an important announcement to the readers of the INTELLIGENCER this week, by advising you to note carefully what they say. These gentlemen handle nothing but shoes, and will make it to your interest to call and see their stock and get their prices. They can fit any man, woman or child, and guarantee satisfaction in prices and quality to every purchaser. If you want to visit a genuine little jewelry store, just go into W. R. Hubbard's jewelry store, next door to the Farmers' and Merchants' Bank, and take a view of his immense stock of jewelry, silverware, watches, clocks, etc. He carries everything in the jewelry line, and sells at wonderfully low prices. Read his advertisement in the INTELLIGENCER, then visit his store, and you will be pleased with the sight that greets your eyes. The best money-maker on the farm is the hen. She turns grass into greenbacks, grain into gold, and from the sand and gravel she coins silver. There is nothing else on the place to compare with her. The crops are slow and uncertain. The cattle and horses are heavy consumers, and to get their value we must part with them; but not with the hen. In her small way she is a gold mine on the face of the earth; a mill that grinds that which others overlook or refuse.

Rev. G. P. Weaver filled his pulpit in the Methodist Church last Sunday morning for the first time since his recent illness. He is yet quite weak in his body, and he had to deliver his sermon sitting in a chair. This, however, did not detract anything from his sermon, which was presented in his usual impressive and interesting manner. The INTELLIGENCER joins his many friends in wishing him a speedy restoration to health, and may he long be spared to work in the Master's vineyard. Last Thursday afternoon Mr. S. C. Major met with a very painful accident at the Anderson Ginney. He was in charge of the machinery, and while attempting to arrange a belt the shirk, sleeve of his right arm was caught by a screw, which caused it to revolve rapidly until it struck the flesh, which was terribly lacerated from his elbow to his shoulder, on the under side of his arm. Dr. J. O. Willits dressed the wound, and Mr. Major is getting along very well. It was a narrow escape from a horrible death. Prof. W. E. Brazzale, in a private note to the INTELLIGENCER ordering the address of his paper changed, says: "After a delightful month's vacation near Boston, I return to work at Rutgers College, New Brunswick, N. J., which opens the 20th inst. The attendance promises to be the largest in the history of the College. With our fifty thousand dollar gymnasium nearing completion, the College, more than ever before, will be equipped to do first-class work." The INTELLIGENCER wishes the Professor a pleasant sojourn at Rutgers. Ann Sloan, colored, who has been a cook and nurse at the County Poor House for the past seven years, did not do a great deal of work this week. It is very strange, as the papers are thrown out for Dr. Hill every morning. We cannot account for it. Tuesday, September 20th, is the day set for the grand entertainment at the Opera House. We would have been glad to see the show—I haven't yet learned. Mr. A. A. Bowen, of Storeville, paid his friends a visit here a few days ago. Mr. Arthur, you are a welcome visitor in our midst. Mr. Hartin is teaching a singing at the Zion, which was badly needed in the community. He has a very nice class, and they do not learn very fast. Mr. J. H. Pruitt, of Starr, Miss Corine Long, of Corine, and Miss Nina Pruitt, of Annie, have been visiting Miss Mattie Eschler. We hope they enjoyed their visit, as we are always glad to have them with us. The popular violinist, of Denver, is getting to be a regular visitor here. He visits around right frequently with his violin, which he thinks more of than his hat girl. As his writing is getting somewhat lengthy I will not close, and if the weather continues warm perhaps you will hear from me again soon, but if not, farewell until I see you here. (The above was intended for publication last week, but reached us too late—Editor.)

Williamston H. Jullings. An original and unique entertainment was given here Saturday night for the benefit of the "World's Fair Synagogue." It was "A World's Fair Synagogue." It consisted of the following interesting and instructive addresses: I. Miss Kathleen Lander, "A Trip to the Fair." II. Miss Bagley, "Comments without Comment." III. Miss Andrea Anderson, "Foreigners at the Fair." IV. Miss Alexander, "Electricity at the Fair." V. Miss Birdie Anderson, "The South side of the American scene and those who enjoy fine acting will miss a treat if they do not see him. These men are well supported by scores of more reputation. We hope to see a full house Thursday night. It will encourage our first-class companies to visit us. Prices, 50 and 75 cents; reserved seats, \$1. Tickets on sale at Brown & Russell's Shoe Store. Another happy home has been deprived of its faithful wife and devoted mother. It is the death of Mrs. Margaret McConnell, wife of Mr. J. H. McConnell, which occurred in this city last Thursday afternoon. Her death was expected by her family and friends for some time, for she had been an invalid for several years, but she bore her sufferings with Christian patience and fortitude, and when the summons of death came she was prepared to meet it. Mrs. McConnell was in the 60th year of her age, and was born and reared in the Midway section. Since her girlhood she had been a faithful member of the Midway Presbyterian Church and was highly esteemed by all who knew her. She was so gentle and kind in her disposition, and ever ready to assist and comfort the afflicted and distressed, that her memory will long linger in the minds of her friends. Last Friday morning her remains were interred in the Midway Churchyard, Rev. Dr. Frierson conducting the funeral services in the presence of a large congregation of relatives and friends. A husband and four children, all of whom are grown, survive her, and in their lamentations they have many sympathizers.

Pendleton Correspondence. Probably no town in the State can boast of having such fine stock as Pendleton. There are about half a dozen good stock farms around here and all filled with blooded stock. Some of the stock is carried to the State Fair held all over the South, and they never come home without taking the prize, not only in blue ribbons, but in money. Pendleton is proud of her stock farms. A new depot here would add much to the looks of Pendleton. This one has been here ever since the road point, but it was never done. The lumber has been carried away, and it may be a long time before a good depot is seen in Pendleton. When work first began on Clonson, a great many people thought it would ruin Pendleton from a standpoint, but such is not the case. The merchants have at last realized that the establishment of the College is a good help to them. It helps them in several ways. Some of the merchants send wagon loads of goods to Fort Hill every day, and then the students come down very often to trade. There is no doubt about Clonson's helping Pendleton. A young lady here, being accused of writing these letters from Pendleton, said: "I couldn't write any better than that if I could be caught by a screw, which caused it to revolve rapidly until it struck the flesh, which was terribly lacerated from his elbow to his shoulder, on the under side of his arm. Dr. J. O. Willits dressed the wound, and Mr. Major is getting along very well. It was a narrow escape from a horrible death. Prof. W. E. Dr. Campbell's wife, Miss Daisy Rice and Dr. Charles Geer have all left for New York city. Dr. Campbell will take another post graduate course in medicine. Dr. Geer goes to take a second course of lectures in the University of Michigan. Miss Rice is to get the benefit of the best instruction in music. Little Will, Dr. Campbell's bright little boy, was also in the party, and we think he will have a pleasant sojourn in the great metropolis, and return next Spring to the delight of their relatives and relatives in Belton and the surrounding country. The new school building has been finished. It is a really large, handsome and comfortable building when finished. If the weather continues good we will be completed by or before the first of November. Mrs. R. E. Walker and little son, Newton, of Brunswick, Ga., are on a visit to her sister Mrs. T. Smith. Mrs. Mary Poore, the mother of our townsmen, Mr. J. W. Poore, has been quite sick, but we are glad to learn that she is now improving rapidly.

Attention, Confederate Veterans. A meeting of Camp Benson, No. 337, United Confederate Veterans will be held at the Court House on Monday, 25th inst. at 11 o'clock a. m. It is earnestly desired that all the members attend the meeting, and we will have on hand a large number of the accompanying delegates to Birmingham and Chicago, at reduced railroad rates. M. P. Tamm, Commander. W. T. McGill, Secretary. Drainage Association. Mr. Enyros: Please announce that there will be a meeting of the Rocky River, Big and Little Beaverdam Drainage Association at Midway School House on Friday evening, 22nd, at 8 o'clock. All landowners on said streams and parties interested are earnestly requested to attend said meeting, as there is such a business of importance to come before the meeting. A. M. GUYRON, Sec.

County Exhibit at Augusta. The Committee on the August Exposition in the County Commissioners' office on Saturday, Sept. 10th, and several of the Townships were represented. There was present, the Chairman of the Executive Committee, called the meeting to order, and after remarks by the Chairman, J. H. Martin, G. A. Bowen and others, the Committee decided to make an exhibit at the August Exposition, and to compile for the same a list of exhibitors from this State. Then the articles make up the County exhibit. The Committee, therefore, hope that all the people will become interested and show what Anderson County can do. B. F. SHAW, CHM'N. W. T. McGill, Sec.
