A Brilliant Marriage in Atlanta, The Atlenta Journal, of the 10th inst.,

The marriage of Miss Adelia Left-wich and Mr. Thomas Perrin Harrison was solemnized last evening at the Cen-tral Presbyterian Church. Rev. Dr. Leftwich, former pastor of the Church and father of the bride, assisted by Dr. Strickler, the present pastor, perrmed the ceremony. A large audience witnessed the service. The altar was decorated with palms, ferns and flowers, and the scene was both bril-

C.; Professor Frank Spain, of the Technological school; Professor Branch Mathewson, of Atlanta, and Mr. Henry Iuman.

Miss Leftwich was wedded in an ex-cuisite tollet of white sation and point lace. Her veil was caught with orange blos-soms, and she carried a bouquet of lilles of the valley and bride roses. The brides-maids were gowns of white silk trimmed with flutings of pink crepe and carried bride roses After the ceremony the attendants and

relatives of the bride and groom were en-tertained at the residence of the bride's brother, Mr. Thomas J. Leftwich, Here the decorations consisted of pink and white roses and a profusion of maiden

decoration.

Before Christmas I wrote that there had been formed in this vicinity a literary or-ganization. It has been named "The ganization. It has been named "The Mo-Co-Ge Reading Circle." It has for its purpose the encouragement of reading good books, and the study and interchange of views on the books selected to be read. The first selection was "Ben Hur," and the second "The Natural Law in the Spiritual World." These books are now being read by the members of the Circle. The meetings are weekly. Last week the Mo-Co-Ge Reading Circle met at the residence of Dr. A. G. Cook. At this meeting a portion of "Ben Hur" was read by Miss Mamie Pressley and a part of the "Natu-ral Law in the Spiritual World" discussed. The meeting was presided over by Mr. A. B. Riley. Mr. R. I. Stuart will preside at the next meeting, which will be on Wednesday night of this week, at the home of Rev. Mr. Pressley. Miss Maggie Stevenson is Secretary, and Mr. Jesse McAlister is Vice-President. The President is appointed at each meeting, and holds office only one week. A very interesting feature of the last meeting was a very much enjoyed repast spread by Miss Iva Cook. This, added to the intellectual

feast, made the meeting one of rare enoyment.

The same reckless, headlong, thoughtless way is being pursued, with never a thought of the past. We should be thankful that it is as well with us as it is. The school was never better here, than now, so says Prof. Watkins, and he is always considered authority on such matters. But never in our notice have we seen it under as good control as at present. We are not interested—only an observer.

The new house being erected by Mrs. Thomas, with his bright and winesome bride, accompanied by a few friends, drove through the country to his home where the remainder of the evening was spent in festive pleasure. A bon ton spread was elegantly served at the home of the Hon. I. H. McCalla on the following Friday in honor of the happy couple. Mr. Thomas has been a resident of this community for several years, and during this time has made a large number of warm friends who extend hearty congratulations, hoping as the years go by C. Fennel officiating. A large number of friends were present and witnessed the gratulations, hoping as the years go by his marked success and prosperity may continually increase. C. T. B. Squire Fewel Discusses Marriages, Politics, Schools, etc.

Married, on December 24th, 1893, by Rev. C. L. Stewart, at his own residence, Mr. Joe Bryant and Miss Sue Paris; also, by the same, on January 7th, 1894, Mr. Thos. Fortune and Miss Alice Watson, daughter of Mr. W. N. Watson, all of Anderson County; also, on Thursday, the 11th inst., at Welford, Spartanburg County, by Rev. J. Thos. Pate, Mr. R. E. Davenport, of Piedmont, S. C., and Miss Belle Dean, of Welford, S. C. We wish for these newly married people a calm and peaceful as well as a successful voyage over the ocean of married life. So you see, Messrs. Editors, that the financial crisis has been passed over and a better day is now dawning, for the young folks could not be marrying so fast if we

were not coming out from under the financial crash. I can see daylight be ginning to shine over the horizon of trade, and I predict that before we celebrate an-other Christmas this country will be booming in one of the most prosperous eras of her history; that is the United States as a whole—not South Carolina individually-although we will share some of the prosperity, but not to the extent we would have done had we not been so overwhelmed with burdens in our State affairs. High taxes and a lack of confidence in our State Government abroad will keep us down for a while, but I tell will keep us down for a while, but I tell you old proud Carolina won't stay under long. She never did, and she has been in nearly as hopeless a condition before and came out slright. I say nearly, for I don't think we were ever in quite so helpless condition. Taking into consideration the condition, taking into consideration the division in the white people of the State, for we were never so divided before, and for we were never so divided before, and it's all against our own success now if we stay divided. "A house divided against itself cannot stand." A question or two I would like for some "reformer" to answer. One is this: My taxes were 27 per cent. higher this year than last. Now, what I want to know is this: what was done with that extra 27 per cent? I don't hear of any public work being done. I don't think anything was done toward completing the State House, and I don't think they are making any appropriations think they are making any appropriations for the Canal at Columbia. The old "ring" used to appropriate seventy-five thousand dollars a year for the completion of the Capitol at Columbia, and ten thousand or more for the Canal, and our

So I would like for some of the "reform" party to rise and explain matters a little, for if I have to pay for anything I want to know what it is and of what benefit it I see in the newspapers that the "true reform," or the "elect" as you might say, are going to hold another March or July Convention, or whatever time they can agree on. Now, as for myself I don't ever expect to vote in another primary under the same or similar conditions as the last one we had. I will vote straight at the regular election for whoever I please, if I such a mess of caucus and ring rule again, and I am not alone in this by a good deal. I think the old-fashion before-the-war

taxes were not near so high then as now

I am mighty old-fashion in some of my notions, and there are a great many o our old-fashioned customs that havn't been improved on to any very great ex-tent. School teaching for one has not been bettered, the method has been changed but not for the better. When I was a boy—when such men as Hugh Gantt, Robinson Cobb, Saunders Smith, Holbert Armstrong and Reuben Brock taught school, we had to be at the school house by sun up at this time of year and call them. I don't know why they said C's any more than they said A or B for there is but one C in the alphabet, but it was always understood to mean the alpha-bet when we said A B C's. But as I was going on to say, the first day for a child at school was taken up in trying to master the alphabet, and the next and the next, or on until they learned them, but now the first thing they try to learn them is to read. And I know of children who have read. And I know of children who have gone to school a year and have never been taught the A B C's and don't know them.

We had a very quiet Christmas—no drinking or serious accidents in this immediate neighborhood, but the Dispensary can't claim any credit fo it, for it is proverbial with this section—we are used to it.

The Legislature copied some of my road law, but not enough, for, in addition to the \$2 poll tax, they should have given the Road Commissioners power to levy an additional tax on real and personal prop erty to work the roads, but I think the whole thing will be a farce any way.
