A new fad that is being zealously observed by the young society belle is that of getting from her "best beau" the tiny anot of ribbon that secures the lining of hit hat. good things that happened during Christ-mas has been told yet. Let me tell you what took place at Pelzer on Sunday after-noon, December 24, 1893. At the home of Capt. R. H. Welborn a room was crowded with eager spectators to witness the mar-riage of two couples under the same cere-mony. Mr. Joseph Bishop and Miss Ella Welborn, and Mr. Eber Allen and Minnie Eurkett, were the contracting parties. The ceremony was performed by Rev. D. Weston Hiott. Immediately after the ceremony a sumptuous supper was discussed with relish. Capt. and Mrs. Welborn made their guests feel quite at home. The young people start out with bright prospects for success and happi-ness. May many years continue to bring them enlarged prosperity and happiness. On December 26, 1893, at the residence f Rev. D. Weston Hiott, in Williamston B. C., Mr. Andrew Poore, of Stantonville. S. C. was married to Miss Eugenia, eldest daughter of J. J. Ragsdale, Esq., of Co lumbia, S. C., Rev. Mr. Hiott officiating.

Thus another couple go out into the world as partners for life with bright prospects for happiness and the earnest prayers of many friends for their success in life. Weston Hiott, the Baptist pastor, tells me that each one of his children were remembered by his Church, and that he himself received a beautiful suit of clothes as a Christmas present from the Church.

MESSRS. EDITORS: The compositions of the primary Grammar class of my School last Monday morning were on the subject, "How we can make our School pleasant." The pupils said:

We can study hard and have good lessons. We can behave well. We can obey the rules and our teacher. We can be kind to one another and to the teacher We can speak kind words and do kind acts. We can overlook the faults of others, remembering that we have faults of our own. We can do our duty in the school-room and be happy at play-time. We can keep the house comfortable, and keep our books put away n'cely. We can keep the floor swept clean. We cannot fight, nor curse, nor get mad at each other or the teacher. We can love our playmates and our teacher. We can do unto others as we would have others do unto us. We can keep quiet in time of books, and not nick-name the boys and girls. After all these had been read I asked the pupils if they were all willing for me to trike out the word can, and put in its place the word will. They all replied yes. So now we will do these things to make our School pleasant. We have also a flower yard started. We

many who stood found, could be heard, on every side, expressions relating to his superior worth and regret at his being taken away. Shady Grove Church must deeply feel his loss, for no one had its welfare more at heart than did he. He joined this Church in the year 1857, and soon after was married to Miss Fannie Acker, who, with three small children, survive him, and must now experience the hardships that necessarily follow widow and orphan-hood. During his life they knew no care, for the patient kindness which he showed in his family, it is said, was never surpassed. He leaves it is said, was never surpassed.
