## Squire Fowell's Letter.

When we see and hear what our critics in friends write and say about us, it brings to mind these lines of Burns:

"O, had some lines of Burns come to me,  
I'd read them to my neighbors as I see."  
And so it would be, if we could only see ourselves as our neighbors see us.

And so it would be, if we could only see ourselves as our neighbors see us, we might leave undone a great many things that we do, and do some other things that we do not, and on the other side of the question, if our critics could see us as we do, it might be that they would not criticize us so.

Mr. "Pedro" (I don't know whether he is Don Pedro, Emperor of the Rio del Norte) is a great admirer of being called a "great adviser." So he is. I am proud of my big name my friends give me, and I am proud of the "pedro" in my name, and that is all correct, for I have been and will continue to be a "pedro" in the eyes of my friends.

All license fees are in the discretion of the Mayor and his Cabinet.

Rev. S. L. Wilson, of Abbeville County, preached in the Presbyterian Church last Sunday morning, and an evening and a sermon were both interesting and instructive. Matthews, of Greenwood, received 103, and which was subsequently increased to 115. Mr. Matthews will therefore be called.

The fire spread to the fire alarm sounded and the firemen responded promptly, but before they reached the house the fire had been extinguished. The damage was slight.

On Tuesday evening, 9th inst., at 8 o'clock, a very pretty wedding occurred in the Baptist Church, at Belton, S. C. The bride was Miss Stella Mitchell, daughter of Mr. Ernest Geer, Rev. Dr. Charles Manly performed the ceremony. The attendants were Messrs. Peore and Mr. Benjamin Geer, Miss Rosa Peore and Dr. Bowen, Miss Mollie Geer and Mr. Walter Cox. After the ceremony the bride and groom were entertained at a reception at the home of the groom, where a reception was tendered the happy couple. The bride is one of Belton's most promising young ladies, and a favorite wherever she is known. Mr. Geer is a popular and worthy young man, and is fortunate in his selection of a wife. May happiness and prosperity attend the couple throughout life.

To-morrow night Governor Bob Taylor will deliver his lecture, "Visions and Dreams," in the Opera House. He is everywhere in unanimous in his praise of this, his latest effort, and competent critics consider it the best of all his public addresses. Did you ever hear Governor Taylor deliver one of his lectures? The audience seems to be transfixed by the eloquent passages, and the word "brilliant" is on every tongue. The pathos which flows so evenly from the mouth of Governor Taylor, and when he closes his eyes the audience seems to be led to leave the theater, for the gifted speaker has transported his hearers to some other world so completely in his power of language and interest. Tickets are now on sale at Russell & Brezelle's.

Mrs. Mary Williams, a native of Pickens County, but who has been living in this city some time, died last Sunday, aged about 70 years. On Monday her remains were interred in Silver Brook cemetery, after a funeral service in the Methodist Church, conducted by Rev. G. P. Watson, assisted by Rev. S. A. Abbott. During the early summer, Mrs. Williams was sick with fever, but she had recovered and was able to walk about the house, and gradually weakened until death claimed her as its victim. She had long been an exemplar of the Christian life, and her death is a loss to the community. Her husband, Mr. S. A. Abbott, is a member of the Methodist Church, and she was a consistent member of the Baptist Church, which existed for twenty-five years in this city. She was a daughter of the late Manning Vandiver, who removed from this County to Fayette, Ala., before the war. She was a devoted mother, and her family's affections, who deeply mourn the loss of one who was so loving, kind and tender, and always ready to speak a kind, encouraging word to those around her. She had a large circle of friends and relatives, all of whom will long cherish her memory. This loving wife and devoted mother leaves an aged husband and five surviving children, but in the consolation of knowing that she is now at rest with her loved ones, and that she has left behind her a good name, and that she has left behind her a good name, and that she has left behind her a good name.

## A Dream of the Ages?

The recent and sudden growth of the Jewish population in Palestine is hailed in many quarters as the beginning of the realization of the dream of centuries.

The movement undoubtedly assumed surprising strength.

It is estimated that in the past seven years over 1,000,000 Jews have entered Palestine from other countries, and the number is increasing at a rapid rate yearly. The idea of a reconquest of Palestine and the re-establishment of a Jewish Kingdom in Jerusalem has been held to by the race through long centuries of proscriptions, and like other prophecies, it tends to its own fulfillment. The social and political ferment to which the race has been subjected has doubtless fixed it only more firmly in their belief, and spurred the hope into action at the first opportunity.

Sentiment is a powerful factor in life, yet it is not probable that the movement now in progress is going to result in the settlement of the bulk of the Jewish race on the soil of their forefathers. The hundred thousand Jews may multiply to a million by immigration, and Jewish wealth and enterprise may break down the barriers raised by a jealous and despotic Government, overcome the difficulties set by nature, and make Palestine a strong Jewish community. But there are something over 7,000,000 Jews in the world. There are nearly 100,000,000 in the United States. In most of the civilized lands they hold wealth and power, and in many they are assimilated into the general population. The Jews from the comfort they enjoy in America and England, for instance, to take their place in the regeneration of Palestine. The Jew who is despised and mobbed and robbed in Russia and Austria, and other lands where prejudice rules, may long get back to the home of his fathers, and will go there when the means are provided. But it is not to be expected that the Jews will join the colonization scheme from America and Western Europe will form more than a small body of enthusiasts.

The Kinship of Christians.

NEW HAVEN, Oct. 14.—Prof. W. C. Robinson of Yale University, in a paper read before the Convention of the Connecticut State Synod, to-night in the United Church of Christ (Congregational) Church, discussed the "mutual relations of the Roman Catholic and Protestant churches." The professor's argument was altogether on the same lines as his paper read before the Universalist convention at Saratoga a few weeks ago. He contended that the Roman Catholic standpoint. Justice Baldwin, in replying, dwelt briefly upon the point on which the churches differed from the time of Henry VIII to the present day. In closing Justice Baldwin said: "Our differences are as nothing compared to the points on which we agree and it will be the fault of the American Protestant if he does not welcome and solicit the support of Catholic churches on every question of ethics and morality."
