An exchange speaks of a man who, it is said, always pays for his local paper in advance. As a result he has never been sick a day in his life, never had any corns on his toes, or the toothache; his potatoes never rot, his oats never rust, the vessel never kills his chickens, the frost never kills his beans, his babies never cry at night and his wife never scolds.

The date for the lawn party to be given by the young ladies of the Episcopal Church, at Dr. Orr's residence, has been fixed for tomorrow, the 29th, at 4 p. m., until fun has been exhausted. As has been previously mentioned, besides the refreshments the novelty of a doll baby show, the games for boys, and other forms of amusement, will be strong attractions for both young and old.

In the roll of the Anderson Volunteers, published last week, the name of our young friend, James C. Gilmer, was unintentionally omitted. The list we published was copied from the Columbia State, which did not contain his name. "Jake," as our young friend is familiarly known, is the second son of Mr. J. J. Gilmer, Esq., of this city, a brave, gallant young man, who will do the duty of a true soldier, in the camp or on the battlefield.

On account of ill health Hon. L. D. Childs, whom the Prohibition Convention suggested as a suitable candidate for Lieutenant Governor, has declined to enter the campaign, and the Executive Committee has named C. C. Prof. W. F. Moncrieff, superintendent of the Anderson Graded Schools, requests us to correct the statement published in other papers that he had resigned and that circumstances had arisen which compelled him to take that step. The State Board of Medical Examiners met in Columbia on the 18th inst. There were forty five applicants for licenses to practice medicine, four of whom were from Anderson County, namely: Ibsr J. Borriss, Anderson, S. A. Bowen, Corinae, C. L. Guyton, Piercetown, and P. S. Cox, Honea Path. Dr. Borriss ranked third in the class of forty-five. We extend our congratulations to these young gentlemen, all of whom, we predict, will make achievements of their chosen profession.

Our young friend, Jeff D. Maxwell, Jr., has been assigned to duty on the "Newark," under command of Capt. Barker, who recently resigned from the Strategic Board, and who was at one time in command of the "Oregon." The "Newark" is a new protected cruiser and will at once join Sampson's fleet. It has 550 men and 54 officers. Mr. Maxwell left New York Saturday, and reached Portsmouth Sunday, and immediately went to work as electrician on the "Newark."

A Georgia editor thus writes: "The wise farmer planteth corn and raiseth hogs. Verily, he chuckleth with delight at harvest time when he vieweth his bursting cribs and his sleek, fat swine, and his heart is easy while war is ravaging the land. But if the foolish farmer planteth cotton, and when the harvest time cometh on space, his cotton stayerth in his yard, for no one will buy. His wife and children cryeth aloud for bread, but he hath no bread to give them. Verily, verily, he is in a bad fix."

The County Supervisors of Anderson and Greenville Counties met together at the Commercial Hotel on Wednesday to decide on the plans for the new steel bridge that is to take the place of the old one over the Sablin river at this place. We understand it is to be a double track structure some eighteen or twenty feet in width, allowing the passing of teams either way. We also understand that the contract for building it was awarded to parties in Virginia for three-six hundred and some odd dollars.—Redbank Star.

Dennis Evans, a half witted negro living on W. A. Erwin's place, near Mattison's, was gored to death by a bull belonging to Will Smith last Friday. It seems that Evans was passing by where Smith had the animal tethered and began teasing it. This infuriated the beast and, with a rush, it broke loose and ripped the negro up terribly with its horns, which were very sharp. The negro took refuge in a ditch and called for help, but the beast had done its fearful work, and in a few hours the man was dead.—Honea Path Chroni- cle.

James Moore, a youth of about fourteen years of age, died in this city on Sunday morning last, at the residence of his uncle, Prof. J. B. Watkins, after a protracted sickness of several weeks. The deceased was a pupil of the Graded School, and boarded with his uncle, the Superintendent. His home was in Honea Path. He had been in feeble health for several months. In his last and final sickness he was nursed by kind and tender hands. The remains were laid to rest at Mount Pleasant Church. He was a youth of bright promise, popular with his fellow students and loved by all who knew him.—Laurens-ville Herald.

Last Saturday night Andrew Jones, a notorious negro of this city, got into a row with a negro woman on the Court House Square. The police rushed up and, in arresting Jones, the latter resisted, but he was soon on his way to the guard house. His loud mouth soon attracted a crowd of negroes, who followed the officers down to the City Hall, and Jones finally had to be severely clubbed before he was subdued. This seemed to anger the negroes, who began to talk loud and threaten the officers. Jones was 'locked up' and the negroes still lingered around the building. Chief Dillingham ordered them to disperse, but they continued their loud talking. Finally, several of them were arrested and locked up and the others took to their heels.

In giving the proceedings of the State Democratic Convention the Columbia State says: "At this juncture Mr. Ashley asked what had become of his resolution putting all officers in the primary. The president was of the opinion that the report was unfavorable and that it had been adopted. Several members of the Committee stated that it had found an unfavorable report. Mr. Ashley spoke earnestly in behalf of his resolution. The Convention in his County had adopted it and sent it here. He was surprised that the Democratic party had become afraid to allow the people to speak. They wouldn't let the people vote on the liquor question; now they didn't want them to have a say as to their officers. The time was coming when the people were going to speak. He was willing to obey the people. He wanted the roll call on the question. The resolution was voted down."

Mrs. Elizabeth Jane Hubbard, mother of our fellow-townsman, Messrs. J. M. and W. R. Hubbard, died at her home in this city this morning at about 8 o'clock. She had been seriously ill about five weeks, during which she had several severe hemorrhages, and death was caused from exhaustion. The announcement of her death, therefore, was no shock to her relatives and friends. Mrs. Hubbard was the eldest daughter of the late Col. John McFall and the widow of the late R. H. Hubbard. She was born and reared near this city and was in the 74th year of her age. She had long been a consistent member of the Methodist Church. Most true in every sphere of life, from birth to death, she was naturally beloved by all who knew her, and she has gone to reap the rewards promised the faithful on this earth. Two sons and three daughters are left to cherish the memory of a devoted mother, and in their sore bereavement they have the sympathies of their many friends. The funeral services will be conducted at home to-morrow morning, and the remains will be laid to rest in Silver Brook Cemetery.

We clip the following from the Tyler, (Texas) Daily Dispatch: "The Dispatch notes, with much pleasure, that the newspapers and the Democrats of Van Zandt County are bringing a strong pressure to bear on Hon. John M. Dean, of Ben Wheeler, to get him to allow his name to go before the people as a candidate for the lower house of the Legislature. Prof. Dean is a former South Carolinian, but many years ago he came to Texas, and has fought his way upward until now he is one of the most popular and influential Democrats of east Texas. He was for many years a valuable citizen of Smith County, but is now the chairman of the 'Free State' Democratic Executive Committee, and as such has removed that County from the doubtful to the certain Democratic column. He is a bright fellow, brave and true as steel, and one of the best party workers to be found in this section of the State. He is a terror to the pops and all other enemies of democracy and good government. If it is permissible from an outsider, the Dispatch desires to second the nomination of John M. Dean for representative from Van Zandt County. He is a gentleman, a Democrat, always on the side of right and justice, and if elected will prove a valuable and influential member of the Legislature." Mr. Dean is the second son of Mr. R. B. Dean, of this County, and moved to Texas about eight or ten years ago. The Anderson County boys generally make their mark wherever they go.

Robbed the Grave. A startling incident, of which Mr. John Oliver, of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately a friend advised trying 'Electric Bitters,' and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of a sad victim. No one should fail to try them. Only 50 cts. per bottle at Hill-Orr's, Drug Store.
