Here is a list of the officers to be voted for at the approaching primary election: Governor, Lieutenant-Governor, Secretary of State, Comptroller-General, State Treasurer, Adjutant and Inspector General, State Superintendent of Education, Attorney General, Railroad Commissioner, Congressman, 3rd District, Senator, five members House Representatives, Judge of Probate, County Superintendent of Education, Treasurer and Auditor.

The Young Men's Business League was made a permanent organization last Friday afternoon, about two hundred members being enrolled. A constitution and by laws were adopted, and the following Board of Directors elected: J. L. Tribble, W. R. Osborne, H. C. Townsend, D. A. Leshmiter, W. R. Hubbard, T. J. Mauldin, N. B. Sullivan, M. A. Dan and C. F. Jones. This Board will elect a President, Vice President and a Secretary and Treasurer.

The rules of the Democratic party of this State provide that no man may vote unless his name is on the roll of the club to which he should belong at least five days before the primary election. Men who have moved from one precinct to another, who have come into the County, or who have come of age since the last election will lose their votes unless they are enrolled. It will be well for every voter to avoid accidents by making sure his name is on the list.

Let the voters remember that they must vote for five members of the Legislature who are candidates. The object of that was to prevent plundering. A ticket may be written with ink or pencil, or printed. In the primary no special size paper is required. One may vote for one office alone and leave out all the others and his vote will be counted. For instance, if one desired to vote for five candidates for the Legislature and leave all the others off, the managers would count the vote.

Constable Cooley on yesterday captured another distillery two miles beyond Friendship on the banks of Saluda, and brought it to town for County or Tribble's inspection. It has been only a few weeks since a similar prize was brought here from the same neighborhood, and there still may be more to come. The fellows who have been running these distilleries are sick and tired, and doubtless the authorities will have a hard job of it when they try to find them. There are other places besides upper parts of Greenville and Spartanburg Counties where the "illicit traffic" thrives.—Honey Path Chronicle.

The State Teachers' Institute, which convenes in Columbia on the 29th inst., and continues for two weeks, will be one of the most notable gatherings of pedagogues seen in this State in many years, and every teacher in this County, who can possibly do so, should attend. Mr. E. T. Gillard, the clever proprietor of the Grand Central Hotel in Columbia, has made a very low rate for the entertainment of those who attend the Institute. He knows how to treat his guests, and we advise all who attend the Institute to make their home at the Grand Central. He will take pleasure in reserving rooms for all who will write him in advance of the convening of the Institute.

In a private letter to a gentleman of this city Mr. B. H. Bolt, formerly of Anderson, but now a citizen of Oberlin, Ind., says: "I have read with deep interest the letter by our friend, J. L. Tribble, Esq., on the Black Diamond Railroad, and I think no man in Anderson could feel greater disappointment than I if that city fails to get the road. If Anderson sleeps through this opportunity she loses by the name an enterprising town—at least it seems so to me. This is probably the last great important line in that section for years and what will cost a few thousand now will bring great returns in future. I don't know how you view the case, but if you are in favor of it do your best, and future generations will call you blessed."

Robbed the Grave.

A startling incident of which Mr. John Oliver, of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying 'Electric Bitters,' and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim. No one should fall to try them. Only 50 cts. per bottle at Hill-Orr Co's. Drug Store."
