

Anderson Intelligencer. PUBLISHED EVERY WEDNESDAY. J. F. CLINKSCALES, EDITORS AND O. C. LANGSTON, PROPRIETORS. TERMS: ONE YEAR, \$1 50; SIX MONTHS, 75. WEDNESDAY, OCT. 12, 1898.

Anderson is up in everything else. Some of our people ought to carry off good prizes from the State Fair. They can if they will only try.

The Georgia Democrats have buried the Populists under a majority of 70,000. Good for Georgia. We hope North Carolina will do the same.

Mark Hanna has sounded an alarm. He frankly tells his fellow-Republicans that the next House of Representatives is likely to be Democratic.

Four-cent cotton ought to impel our farmers to give the corn, hog and cotton policy a trial. It is a policy so broad that it includes all necessary food products.

Gen. R. R. Hemphill will be a candidate for re-election as Clerk of the State Senate. He has served in this capacity several terms, and is a most efficient officer. We hope he will be re-elected.

The distressingly low price of cotton will not prove an unmixed evil if it should result in driving the farmers to a large reduction in the cotton acreage, and to a corresponding increase in provision crops.

Official estimations show that the navy will need about \$47,000,000 for the coming fiscal year. As Uncle Sam has the money tucked away in his waistcoat pocket, the amount will doubtless be paid over without murmur.

Although nothing concrete is known, it is the prevailing opinion that the negotiations of the peace commission in Paris are not proceeding with the smoothness that is desirable. The troublesome question, it seems, is the disposition of the Philippines.

The Governor of Mississippi has asked President McKinley for federal aid for yellow fever patients. The appeal asks for provisions for 6,000 people for thirty days, and also for money to pay nurses. The press dispatches state that the epidemic is beyond control and that the whole State is infected.

Some time in December the Cotton Growers' Union will have a general meeting in New Orleans, according to present plans, which will be the most important gathering of cotton growers held in the south for several years. Every State will be represented by delegates, and it is hoped some benefit will be derived from the meeting.

One English and all the Belgian railways have changed their clocks and time-tables so as to make them read from 1 to 24, midnight being 24 o'clock. It will never do to adopt the new system in this country. For what will the poor man say when he slips into the house with his shoes off at 25 minutes past 23, and his wife asks him what time it is?

The United States Senators seem to be figuring rather extensively in the criminal court records of late. It has been only a few weeks since one was on trial in a Delaware court on a criminal charge, now one is indicted in Pennsylvania, and there is promise of indictment and criminal proceeding against one in Ohio. All of these are Republicans.

May 7, 1890, is the time appointed for holding the next annual Convention of Confederate Veterans in Charleston. That was the date selected by the auditorium committee and it has been unanimously approved by the reunion executive committee. This will be the most pleasant season of the year to visit the grand old city, and her citizens have already commenced work to give the Veterans a royal reception.

The Southern cotton grower may find it possible to grow 4-cent cotton when he has learned to diversify his crops so as to raise everything at home, but he will never prosper by following his present course of an all cotton crop under the mistaken idea that low prices are due to some other cause than overproduction. He has only to refer to statistics for the past few years to know that a small cotton crop yields greater aggregate returns than a big one.

Miss Lucy Hill, daughter of the illustrious General A. P. Hill, disclaims any desire to be Winnie Davis' successor as "Daughter of the Confederacy." Miss Hill says she agrees with General John B. Gordon that "the title should die with its original possessor—Winnie Davis." She adds that "no greater honor could be paid President Jefferson Davis' daughter than to bury with her the title she wore so proudly." As for herself, Miss Hill says she is content "as a Confederate soldier's daughter."

The Atlanta Journal announces that a splendid contribution to the Winnie Davis monument fund has been made by a gentleman who wore the blue in the war between the north and south. The amount is \$100 and the contributor is Mr. Harrison T. Chandler, of Cleveland, O., president of the Chandler & Price company, manufacturers of printing presses and printing machinery. Mr. Chandler has written a letter to Mr. W. C. Dodson, of Atlanta, in which he begs the honor of contributing \$100 to the fund and at the same time pays a fine tribute to the noble woman whose name the shaft will commemorate.

The Oregon and the Iowa have started on their long journey from New York to Manila. It will take them about sixty days to reach the Philippine capital. If the Nicaraguan Canal were open they could make the trip in half the time. Here, then, we have an object lesson, calling for the construction of the canal. It is not only a commercial necessity but at the same time it is of great naval strategy value. It is more than likely that Congress will, at its next session, settle upon some definite plan, relative to the Nicaraguan canal.

BLACK DIAMOND ENTERTAINERS. Mayor Hood Appoints a Committee of Anderson's Business Men to Entertain the English Expert and His Party.

Whereas, the city of Anderson has felt a deep interest from the beginning in the building of the "Black Diamond" railroad, upon the plan and route outlined by Col. Albert E. Boone, of Zanesville, Ohio; and whereas, Sir Thomas S. Tancred, the eminent engineer and expert of London, England, accompanied by Hon. T. C. Dickinson, financier, of Washington, D. C., is now engaged in the personal examination of the route, profiles, franchises, etc., of said railway system in the interest of English capitalists, and in the near future will visit this end of the proposed system of roads, accompanied by ex-railroad commissioner of Ohio, Hon. Wm. Kirkby, general manager, and W. B. Crenshaw, Esq., of Cincinnati, Ky., supervising engineer. Therefore be it

Resolved, by the city council of Anderson, S. C., that the hospitality and freedom of the city be, and the same are hereby extended to Sir Thomas S. Tancred, Hon. T. C. Dickinson, and party, during their stay among us.

Resolved, further that the Mayor, as chairman of a committee to be selected by him, is hereby authorized and requested to make all arrangements that may be necessary to entertain our said guests upon their arrival and stay among us.

Resolved further that a copy of these resolutions be forwarded to Sir Thomas S. Tancred, Hon. T. C. Dickinson and party; the official signature of the Mayor attested by the clerk of the council, under the seal of the city of Anderson.

In compliance with above resolutions, the Mayor has named the following gentlemen as the committee of entertainment: J. L. Tribble, R. E. Ligon, W. F. Cox, F. G. Brown, G. W. Evans, J. M. Smith, C. S. Sullivan, P. K. McCully, J. D. Maxwell, R. S. Ligon, M. L. Bonham, Geo. E. Prince, C. C. Langston, J. M. Sullivan, M. M. Mattison, W. R. Hubbard, S. M. Orr, J. A. Brock, J. S. Fowler, D. H. Russell, R. S. Hill, M. S. Dicken, J. J. Fretwell, H. C. Townsend, B. F. Whitner, G. F. Tolly, Jno. C. Watkins, C. F. Jones, J. L. Glenn, F. T. Wilhite, O. R. Roberts, J. W. Quattlebaum, E. F. Cochran, J. C. Harris, W. C. Whitner, J. E. Brazeeale, T. F. Hill, J. L. McGee. Mayor Hood will call the committee together in time to make provision for the entertainment of the invited guests, who may surely expect a pleasant reception from the city through this committee.

Court Proceedings. Court convened Monday morning with the Hon. Judge J. C. Klugh, of Abbeville, presiding, and with Solicitor Ansel and the other Court officials promptly in attendance. The charge of his Honor to the Grand Jury was brief, because, as he stated, they had been elaborately charged by the Court in the morning, but his remarks were well chosen, terse and fully covered the general duties and obligations of this department of the Court.

The following cases have been disposed of: State vs. Ben Gillespie, for selling whisky. Plead guilty and sentenced for three months or \$100. There being extenuating circumstances as to Gad Henderson and Jones Edwards, they were sentenced to pay a fine of one dollar each and be confined in County Jail one hour. State vs. Ben Williams and George Duck; assault with intent to kill. Ben Williams plead guilty, and was given five years in the penitentiary. George Duck was not apprehended and the case, as to him, was continued. This was the case of the attempted assassination of Mr. Brown Wilson at his home in Belton at night. State vs. George Gambrell; murder. The evidence offered by the State showed clearly justifiable homicide and the jury was instructed to write a verdict of not guilty. As we go to press the Court is engaged on the case of State vs. J. A. Johnson, indictment, murder.

Seventh Corps Under Orders to Move to Cuba.

WASHINGTON, Oct. 7.—Major General Fitzhugh Lee received an order from the war department to-day directing him to move his command from Jacksonville, Fla., to Savannah, Ga., and get in readiness to embark for Havana by the last of this month. Gen. Lee left tonight for Savannah to make preliminary arrangements to carry his orders into effect.

Statistics of Ohio show among other things an unsatisfactory condition of marital affairs. During the past year more than 7,000 applications for divorce were filed in the State.

Eloped With Daughter. St. Louis, Oct. 6.—A special to the Republic from Pine Bluffs, Ark., says: In Sabine county yesterday Joe McKinney, a young farmer, accompanied his brother and a friend eloped with the daughter of Chas. Taylor, another farmer. The wedding party took a wagon and started for Redfield. When within five miles of there, Taylor overtook the party and opened fire with a gun, firing both barrels into the wagon without effect. McKinney returned the fire with a revolver, killing Taylor. The body was left in the road while the party drove on to Redfield, where the elopers were married. After the ceremony the four surrendered themselves to the police. McKinney rented a farm from Taylor.

Since the first of last January more than \$24,000,000 have been given by wealthy citizens of the United States for the use and benefit of the public. These big donations have been generally divided as follows: Colleges \$7,000,000; libraries, museums, etc., \$1,500,000. Of the gifts making up this grand total three have exceeded \$1,000,000 each, two \$500,000; four \$300,000; ten \$200,000, and twenty \$100,000 each.

Beats the Klondike. Mr. A. C. Thomas, of Marysville, Tex., has found a more valuable discovery than has yet been made in the Klondike. For years he suffered untold agony from consumption, accompanied by hemorrhages, and was absolutely cured by Dr. King's New Discovery for Consumption, Coughs and Colds. He declares that gold is of little value in comparison with this marvelous cure, would have it, even if it cost a hundred dollars a bottle. Asthma, Bronchitis and all throat and lung affections are positively cured by Dr. King's New Discovery for Consumption. Trial bottles free at Hill-Orr Drug Co. Regular size 50 cts. and \$1.00. Guaranteed to cure or price refunded.

SCOTT'S! HOW THE WINDS DO BLOW! AND THIS TIME IT BLOWS IN MINOR'S FAVOR.

For thirteen long weeks that daring, tenacious C. S. Minor, at the Ten Cent Store, has been sniffing the sweet, sugar-laden breezes which blow from the North and the West. That he caught the scent is quite evident, for he has been on full trail for two weeks past, and now the game is bayed. But listen! the game is treed, it's bagged. The big swindling game of Moody & Brewster, of Atlanta, Ga., is about wound up. Mr. J. T. Moody, characterized by the Prosecuting Attorney as the brightest sharper with whom a Southern Court has recently dealt, gets six months in jail and a fine of one thousand dollars for attempting to beat his creditors out of two hundred thousand dollars. As is often the case, the thieves fell out among themselves, and the Courts and lawyers got charge of the whole lay-out. Then what happened? Why, thousands and thousands of dollars' worth of strictly first-class Staple Merchandise was sold at auction on August 15. These goods were bought for Moody & Brewster by the best posted and closest buyers that money could employ. They bought the largest quantities that could be had, with all but unlimited capital and credit. And yet, gentlemen, these goods, bought ever so cheap, sold at this auction sale at from 5c on the dollar to 50c on the dollar. Now, how is it that out of all this section of wide-awake merchants only one representative was found? and that one was C. S. Minor. Gentlemen, this was a Spot Cash Sale, and none but Spot Cash buyers had any show in the pie. Ah! Minor had the cash, and Minor used it. Yes, we are to-day the happy owners of—

HUNDREDS OF DOLLARS' WORTH Of Bright, Fresh Stock at a cost of only 5c to 50c on the dollar of what our would-be competitors are paying for the same thing in New York, and they pay the freight. Look out, competitors! Look out, close buyers! Look out, bright, sharp merchants everywhere. Our entire force is now at work like beavers getting these goods ready for you. Never in the history of old Anderson has such values been brought within her walls. If you buy without getting a pull at these figures, then you have shot with your eyes shut and missed the target. Our traveling Salesmen are now on their regular trips visiting the trade. Don't place your order until they call. Yours always truly, C. S. MINOR AND THE 10c STORE. Underbuy—Undersell! Spot Cash does the work!
