Crime seems rampant in all sections of the country if we can judge from the daily press.

This frosty weather is a boon to those sections where yellow fever exists. Cold weather always stops the epidemic.

France and England are shaking their fists at each other, and unless France backs down there will be war between the two nations.

A great political battle is going on in North Carolina. The grand old State is in a terrible condition.

A gain of thirty seats is all that is needed by the Democrats to put the Republicans in the minority in the next Congress.

The gold seekers in the Klondike are returning with much less money than when they left home.

The price of cattle should induce farmers to pay more attention to them. It would not be a difficult matter to double the number now raised.

Col. W. J. Bryan is critically ill in Savannah. He has telegraphed to his wife, who is at her home in Nebraska.

Chicago had a big Peace Jubilee last week, and it was attended by President McKinley and a number of prominent citizens from nearly every State.

The colored brother stands a poor chance for work in the great State of Illinois. The Governor of that Commonwealth would not permit the colored brother to be imported to work in the coal mines.

Col. J. K. Alston, the gallant commander of the First Regiment South Carolina volunteers, died at the home of his brother-in-law, Wm. B. McCaw, Esq., in Yorkville last Friday morning.

It strikes us that a great deal of hypocritical nonsense is indulged in over the fashion of breaking a bottle of wine over a new ship at a launching.

The work of the peace commission is doubtless very intricate and trying. The Spaniards seem to have forgotten the smearing of the licking as they felt it when the protocol was signed.

Every farmer should think seriously of this one point—he can lose no more by experimenting with other crops than by cotton.

The war taxes have yielded quite as much revenue as the conservative estimates predicted. At the rate of receipts since these taxes went into effect they will yield at least \$144,000,000 a year.

means the reduction should be made in tariff taxation. There are many of the necessities of life heavily taxed now which should be free of duty.

Townville Items. Our friend, Capt. H. R. Vandiver, who has been feeble so long, we are glad to note is able to be out.

Mr. W. T. Hunt, of near this place, had the misfortune to lose a tenant house by fire one day last week. He lost 350 bushels of oats and all the household goods.

Don't forget Children's Day at the Baptist Church on the 1st Sunday in November. Rev. W. P. Holland, of Williamsburg, S. C., will preach in the Baptist Church of this place on the 5th Sunday in October at 11 o'clock.

Miss Annie Campbell, of near this place, is spending awhile with her cousin, Miss Mattie Bruce, at Seneca, S. C.

Mrs. B. Bagwell's daughters, Lena and Vera, of Seneca, are visiting relatives near this place.

Flat Rock Items. We have a good Sabbath School at this place and we hope it will continue so, but it altogether depends on the interest that is taken in the School.

Prof. John Milford, of Neva, S. C., will sing at the Baptist Church the second Sunday morning in November. Dr. S. A. Bowen and wife spent last Saturday night and Sunday with Mr. William Hembree and family at Salem.

Prospect Items. We were visited last Sunday morning by Mr. Jack Frost, who put a great change on the cotton fields and potato patches.

The people of this community have been very busy for the past few weeks picking cotton and gathering corn. The people have decided at last to build a new Church at Prospect. The amount of money has been raised, and the work will begin in a few days.

We elected Rev. W. B. Hawkins our pastor for the coming year. Mr. Oscar Brown, who taught school at Prospect through the summer season, will begin again the first Monday in November and continue through the winter months.

I seem to have had a rather large acquaintance with liars and I find that they divide themselves naturally into four classes, says David Christie Murray, the writer. There is the cruel and scandalous liar, who makes mischief in your home, or among your friends, and who is one of the greatest curses of social life.

Another great discovery has been made, and that too, by a lady in this country. Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent.

UNCLE ZEKE WORKING HIS WAY TO THE CIRCUS!

Hello, Zeke! Jest workin' my way on to de big Circus, Boss. Oh, hit's 'er hummer, I dun heerd 'em tell. An' de price dey am mouty low.

200 yard Spool Cotton, for hand or machine, about the best thing made, 2 1/2c per Spool. King Cleaning Soap 2 1/2c per Bar—a good thing.

These hot values burn our hands, so we drop them like this. Competition will tell you 'tain't so, and try to hold you, but it's no use.

For nearly ten years we have been the particular bright and shining star around which a number of ineffective competitors have twinkled from time to time.

The Alliance Store!

PONDER AND WONDER

How our prices are kept down and our fast-increasing trade kept up. The solution will be found below, which represents a small part of the vast amount of Bargains always found in our Store.

We offer better Goods for the same money, or the same Goods for less money, than elsewhere. It will pay you to hold our Goods and prices for comparison.

- Dress Goods. Our Dress Goods Stocks have been known to our customers as good value given; they have ever been known to competing merchants as Stocks whose prices it was almost impossible to equal.

- Millinery. Visit our Show Rooms. Everything there appears to you in new Fall attire—bright, brisk and rosy. You cannot help being impressed by the magnitude of the exhibit or amazed at the very low prices we ask for our Headgear.

- Carpets and Rugs. When you think of buying Carpets, what is your first thought? To get it as cheap as possible, is it not? Next you want durability and beauty coupled together.

- Clothing. The advance of the price of wool has not yet affected our price of Clothing; furthermore we guarantee the fit, the workmanship and the durability.

- Jackets, Capes, Suits and Waists. There is not another Stock of Ladies' Cloaks and Suits in this section that can even compare with the variety we show.

- Blankets. "All Wool" in the Blanket trade covers a multitude of sins—cotton and shoddy sins. We tell you what our Blankets are. When we say "all wool" you may depend upon it, for it partly wool or all cotton, we are equally as frank about it.

- Shoes. Our Shoes have gone through the fiery furnace of competition, and as for style, wear and price we are still on top of the heap.

MAIL ORDER DEPARTMENT. Samples cheerfully mailed upon application. Mail orders receive promptest and best attention. Butterick Patterns always on sale.

JULIUS H. WEIL & CO. Yours truly,
