WEDNESDAY, JUNE 21, 1899.

Townville Items.

We have had good rains in our section, which were needed very much. The most of the farmers got their wheat hauled in before it got wet. The wheat crop is pretty good but not as good as last year. W. N. Bruce and family are visiting Mr. B. Bagwell at Seneca this week. Miss Maggie Speares is visiting her grandmother, Mrs. Eliza Bruce, this week. Rev. J. M. McGuire, of Oakway, preached a fine sermon in the new school house at this place on the 3rd Sunday morning. Text: "If thine eye offend thee pluck it out." Mr. McGuire is a Georgian by birth and education and has come among us well recommended. We think he is one among the best preachers of our upcountry, and every Christian ought to give him all the encouragement that he deserves. Dr. T. M. Bailey was with us the 1st Sunday in June, and we were delighted to see him and glad we had some money to give him. The Missionary Sunday School gave him \$20 and the Townville Church and Sunday School gave him \$15.

Mr. James McCauley has started with his threshing machine and we will soon have some good home-made flour. Every one should take the INTELLIGENCER, as there is so much valuable information in it.

Dr. W. K. Sharpe, of this place, is a model farmer, and we think he has the nicest kept farm in the Fork.

Dr. W. T. Hunt, of this place, lost a horse a few days ago.

Mr. J. A. Gaines is very sick at this writing, and we are afraid it will be a long time before he recovers to full health.

Miss Harriet League has been very sick but we are glad to note she is some better.

Mr. Spearman Dobbins and good wife, of Oakway, were visiting the latter's father, Mr. J. A. Gaines, last Sunday.

Somebody has put out word that the Black Diamond had fell through, but we can't believe it. Now, Mr. Editor, rise and tell us what you know about it. All the citizens that we have talked to in this country say that they are willing to give the right of way through their land to the Black Diamond Railroad Company.

OLD ROSIN DE BOW.

Carver Creek Items.

The rains have descended and vegetation is growing fast. A few more weeks of toil on the farm and we will be laid by.

Rev. J. J. Beck, of Anderson, is in our midst in the interest of his Insurance Company.

Mr. Editor, you should visit us just now, for we are feasting on such good things as beans, Irish potatoes, beats, okra, onions, etc., and also fried chickens and a few blackberry pie. Grapes are very heavy loaded this year.

Miss Varena Shirley, one of our charming belles, who has been very sick for the past month, we are glad to note is convalescing now, and we trust she may soon be well again.

Miss Emma Bigby is ill with fever at this writing. May she have a speedy recovery.

The threshermen have come and gone. The grain crop this year made a fair yield, though nothing to compare to the good one made last year. The majority of our farmers made plenty of wheat to do them.

Crops in this section are better than any we have seen. Upland corn is being laid by by some of our farmers, while cotton is heavy loaded with squares, and we will have blooms in a few days. We tell you, Mr. Editor, as a whole our farmers cannot be excelled. They are second to none when it comes to straight out farming.

It was our happy pleasure on Thursday morning, 15th inst., to aboard Smith's excursion to the city of Atlanta. We reached the city about 7 p. m., and at once our eyes saw grand sights. But on the next day (Friday) we took in the "Gate City of the South," and saw sights and wonders never to be forgotten. Yes, we certainly did enjoy the trip, and hope to live and have the privilege of going again on one of Smith's grand excursions. TYRO.

Pendleton Items.

Since our last writing Capt. J. C. Stribling had the misfortune to lose his barn, fodder and corn by fire, which occurred in the day time. It is an entire loss, as there was no insurance.

Mrs. Gaillard, nee Miss Susie Jenkins, of Charleston, is visiting relatives and friends here at her old home.

The greater portion of Pendleton citizenship attended the commencement at Clemson Wednesday and Thursday.

The commencement of Pendleton Graded School took place the 15th and 16th. The children performed their parts well. On Friday President Hartzog, of Clemson, delivered a very fine lecture on improved methods and higher education.

First Lieut. Commandant B. T. Martin, of Camp Tally Simpson, No. 1006, died at his home, on the Greenville Road, on the 15th inst. He was the youngest brother of our townsman, Mr. W. J. Martin.

Camp Tally Simpson, No. 1006, is requested to meet at the Farmers' Hall on Saturday afternoon, July 1st, on important business.

Mr. A. Prue Norris spent several hours here Monday visiting his aunt, Mrs. W. M. Gibson. He is one of Clemson's boys, and I think he is one that is sorry school is closed.

The Presbyterian congregation has given their pastor, Rev. P. R. Reid, a vacation, and in consequence the Presbyterian Church will be closed for two Sundays. TELL TALK.

Excursion to Charleston, S. C.

While in Atlanta last week I made arrangements with the Railroad Company for a Train to Charleston, to be run about the middle of July. As soon as the details are completed the exact date will be given. All the people who went to the Reunion in May will tell you that the old "City by the Sea" is more attractive than ever. If you want to take this delightful trip now is the time, and if you will notify me of your intention to go I will do all in my power to make the Excursion Train comfortable and pleasant to everybody. Very respectfully,

L. P. SMITH.

Sullivan Hardware Co. have connected with their Bicycle Repair Department a Machinist of many years experience, Mr. Jas. T. Rowland, of Donalds, S. C. If you want your Bicycle repaired by a Bicycle Machinist, who is thoroughly experienced, call on him at the Sullivan Hardware Co.

THE ALLIANCE STORE.

THE GREATEST SALE ON RECORD CONTINUES.

IF we could print what is said by customers about this Sale it would be the best advertisement ever printed over our name. Any advertisement not founded upon merit is valueless. When we set forth our claims in cold type it is because we seek your business, and in reaching out for your business we make ourselves alive to its requirements.
